FOREWORD

The Kentucky Constitution requires each house of the General Assembly to keep a journal as a public accounting of daily legislative activity. It is the official record of action by the General Assembly.

The *Kentucky Revised Statutes* require the Legislative Research Commission to compare, edit, correct, and publish the journals of each chamber. This is the *House Journal* for the Regular Session of 1994.

The texts of simple and concurrent resolutions appear on first reading or adoption. Appendices contain a table of actions on bills and resolutions, a list of elected representatives, the budget memorandum, roll call votes, and a subject index.

Mrs. Jean Wallace and Mrs. Wilda Bond prepared the *House Journal* for the Regular Session of 1994. The edited copy and appendices in this volume reflect the cooperative efforts of the LRC Staff.

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the following Rules are adopted to govern the 1994 Regular Session of the House of Representatives:

Rule 1. **Hours of Meeting.** The House shall meet at times set by the Committee on Committees.

Rule 2. **Quorum.** A majority of the members elected to the House shall constitute a quorum. If a quorum is not present at the time fixed for a meeting of the House, five members may adjourn or recess from day to day or from time to time and fifteen members may order a call of the House and send for absent members.

Rule 3. **Call of the House.** Upon a call of the House, the Clerk shall call the roll. Absentees are then only noted, but no excuses shall be made until the full roll is called. The Clerk shall then call the absentees again. Excuses will be heard at this time. The doors of the House Chamber shall then be closed and the absentees not excused by the House may be sent for and arrested by the Sergeant-at-Arms and the House shall determine upon what conditions they shall be discharged from arrest. Members who voluntarily appear shall be immediately admitted to the floor of the House and names returned upon the Journal as present unless the House otherwise directs. Excuses for leaves of absence must receive a consent approval of 2/3 of the members elected.

ORDER OF BUSINESS

Rule 4. **Order of Business.** The order of business shall be as follows:

1. Invocation.
2. Roll Call.
3. Reading and Approval of the Journal.
4. Introduction and Reading of New Bills and Resolutions Introduced by Title and Sponsor.
5. Report of Reference of Bills to Committees.
6. Report of Committees.
7. First Reading of Bills.
8. Second Reading of Bills.
9. Orders of the Day.
10. Motions, Petitions and Communications.
11. Announcements.
12. Adjournment.

No more than thirty minutes shall be allotted to Motions, Petitions and Communications.

Rule 5. **Unfinished Business.** Unfinished business which was being considered upon adjournment shall have precedence in the class of business to which it properly belongs upon the next succeeding legislative day.

MOTIONS

Rule 6. **Reading of Motions.** When a motion has been made and seconded, it shall be stated by the Speaker, or, being in written form, it shall be read by the Clerk before debate, amendment or motion concerning it shall be in order.

Rule 7. **Withdrawal of Motions.** Every oral motion after it has been stated by the Speaker, and every written motion, bill, resolution or other paper, after it has been read by the Clerk, shall be the property and in the possession of the House and shall not be withdrawn without consent of the House. Every written motion, report or measure may be committed or recommitted at the pleasure of the House.

Rule 8. **Order of Questions.** All questions, whether in Committee of the Whole or in the House, when not privileged questions, shall be propounded in the order in which they were moved, except that in filling blanks the smallest sum and the most remote date shall be put first.

Rule 9. **Precedence of Motions.** When a question is under consideration, no motion shall be in order except:

1. To call the House when there is no quorum present.
2. To fix the time to which the House shall adjourn.
3. .To adjourn.
4. To take recess.
5. To lay on the table.
6. For the previous question.

7. To limit or extend limits of debate.
8. To postpone to a fixed time.
9. To lay on the Clerk's desk.
10. To refer or commit.
11. To amend.
12. To postpone indefinitely.

The above several motions shall have precedence in the order in which they are arranged and the first seven of them shall not be debatable.

A second motion to adjourn, to take a recess, to lay on the table, for the previous question, to limit or extend limits of debate, to postpone to a time certain, to lay on the Clerk's desk, to refer or commit or to postpone indefinitely shall not be in order on the same day, upon the same question, and at the same status unless other business intervenes; provided, however, that amendments may be made to the time to which it is proposed to adjourn, to take a recess or to postpone to a fixed time.

Rule 10. Motion to Adjourn. A motion to adjourn, to take a recess, or a motion to adjourn to a time certain, shall always be in order, except when a member is speaking, while a vote is being taken or when the Committee on Committees is reporting; subject, however, to the limitations set out in Rule 9. A motion to adjourn or a motion to adjourn to a time certain shall be taken by roll call vote.

Rule 11. Motion to Table. The adoption of the motion to table, under these rules, defeats the subject matter under consideration. The reconsideration of the motion to table shall require approval of a majority of the members elected.

Rule 12. Previous Question. When the previous question has been ordered, a vote shall be taken immediately upon the pending measure and such pending amendments as are in order. The effect of the previous question shall be to put an end to all debate; to prevent the offering of additional amendments and to bring the House to an immediate vote upon the measure and amendments aforesaid. The previous question may be ordered by a majority of the members elected. On the call of the roll, no member shall be allowed to speak more than three minutes to explain his vote and shall not speak at all if the question is not a debatable question. After the previous question has been ordered, and before the vote upon the main question, the opponents of the measure shall have ten minutes, and proponents of the measure shall have ten minutes.

Rule 13. Motion to Set the Limits on Debate. A motion to set a time limit for debate on a measure, in excess of that permitted under Rule 12, shall be in order unless the previous question shall have been ordered on the measure. The time limit set for debate under this rule shall be allotted by the Speaker evenly between the opponents of the measure and the proponents of the measure. Adoption of a motion under this rule does not prevent the offering of additional amendments.

Rule 14. Motion to Reconsider. A motion to reconsider a vote shall not be in order unless made by a member who voted upon the prevailing side of the question; nor shall such motion be in order unless made within two legislative days in which the House is in session next after the date the vote was taken; however, the motion to reconsider when coupled with the additional motion to lay that motion upon the table may be made by any member.

Rule 15. Motion to Lay on Clerk's Desk. The effect of the adoption of a motion to lay on the Clerk's desk under these rules is to place in charge of the Clerk the pending question and everything adhering to it. A motion laid on the Clerk's desk may be taken from the desk and proceeded with at any time in the same order as when laid on the Clerk's desk.

Rule 16. Motion to Strike Out Enacting Clause. A motion to amend by striking out the enacting words of a bill or resolution shall have precedence over a motion to amend; and, if adopted, shall have the same effect as though the bill or resolution were regularly voted upon and rejected.

Rule 17. Motion to Separate Part of a Measure. A motion to commit, recommit, or postpone a part of a measure so as to separate that part of the measure from the remainder shall not be in order.

Rule 18. Postponement of Measure. When a measure shall have been postponed indefinitely it shall not be in order again during the session.

Rule 19. Reading of Pending Papers. Any pending bill, resolution, motion or report shall be read by the Clerk upon the demand of any member, but it shall not again be read on the same day unless so ordered by the House.

Rule 20. Nominations. In all elections a previous nomination shall be made.

No excuse for leave of absence shall be heard from the floor.

Rule 22. Decorum of Members. No member shall designate another member by name.

Rule 23. Call to Order. If any member, in speech or otherwise, transgress the rules of order or decorum, he shall immediately be called to order by the chair and shall take his seat. The Clerk shall reduce the objectionable words to writing and read them to the House. After hearing a short explanation from the member called to order, or upon the withdrawal of the objectionable language, the Speaker may permit the member to proceed, or may compel silence upon him until the matter is disposed of. The ruling of the chair shall be subject to an appeal to the House. A member offending the House shall be liable to censure.

Rule 24. **Debate.** No member may speak more than once to the same subject until all members desiring to be heard have spoken, but nothing in this rule shall do away with the previous question if then in effect, nor permit debate on an undebatable motion.

No member shall speak more than thirty minutes in the aggregate on any question or measure, at the end of which period, or any portion thereof, the floor shall be returned to the Speaker.

Rule 25. **Members Shall Vote at Seats.** A member shall vote only when at his seat or visibly approaching it.

OFFICERS AND EMPLOYEES

If two or more members arise from their respective seats and address the chair, the Speaker shall determine who was first and recognize him.

Any decision made by the Speaker shall be subject to appeal to the House. Every such appeal shall be in writing and signed by at least two members. During the pendency of an appeal to the House from a decision of the chair, the Speaker shall vacate the chair and call the Speaker Pro Tempore to preside. When the Speaker Pro Tempore is presiding on an appeal to the House from a decision of the Chair, no motion or business shall be in order except the motion on appeal from the decision of the Chair, and that motion shall not be debatable.

Rule 28. **Speaker Pro Tempore.** The House shall elect a Speaker Pro Tempore. The Speaker Pro Tempore shall perform the duties of the Speaker when the Speaker is absent from the House or when empowered by the Speaker to perform the duties of the chair.

The House may correct errors in the Journal the day the Journal containing errors is presented to the House. No record which is in the hands of the Commission staff and is required by law to be entered upon the Journal of the House shall be copied by any person until same shall have been entered upon the Journal and said Journal shall have been approved.

Half an hour before the time fixed for the meeting of the House each day, the Commission staff shall be present at the Clerk's desk with the Journal of the preceding session for inspection of any member of the House.

The Journal for each day, as soon as it has been approved by the House, shall be delivered by the Commission staff to the public printer. The Commission staff shall proofread and index the Journal upon return from the printer and make necessary typographical corrections.

Rule 31. **Custody of Papers.** The Legislative Research Commission shall have custody of all records, minutes, reports, and documents pertaining to legislation, and shall not allow them to be taken from its possession without the leave of the House, unless to be delivered to the chairman of a committee to which they have been referred. The Legislative Research Commission shall cause to be enclosed on bills and papers brief notes of proceedings had thereon by the House and preserve the same in convenient files for reference.

Rule 32. **Accounts of Expenditures.** The Legislative Research Commission shall keep the accounts for pay and mileage of members, officers and attaches, and for printing and other contingent expenses of the House and Senate.

Rule 33. Printing of House Papers. One hour before convening of the House each day the Sergeant-at-Arms shall announce in a loud, distinct voice: "All persons not entitled to the floor of the House under the rules thereof will now vacate the House Chamber." He shall then compel all persons who are not entitled to remain therein to leave the House Chambers and shall prohibit their entry until one hour after the House has adjourned.

All meetings of the Rules Committee shall be open to members of the House and to members of the Capitol Press Corps only. No electronic devices of any nature including cameras and recording devices shall be allowed in the committee room or to be used therein by any person while the Rules Committee is in session. No bill may be kept in Rules Committee for longer than five legislative days. Within that time, each bill must be reported to the floor or referred back to a standing committee.

The Majority Floor Leader shall while the Rules Committee is in session call bills and resolutions and shall call the same for consideration by the Rules Committee. A bill or resolution may be placed for consideration in the first order of business at the next regular Rules Committee meeting by a majority of the membership voting for such consideration.

Each member shall be given an opportunity upon request to appear before the Rules Committee when a bill of which he is a sponsor or co-sponsor is under consideration including the subsequent vote thereon. No measure shall be posted in the Orders of the Day for final passage except by order of the Rules Committee unless otherwise ordered posted for the next succeeding legislative day by a majority of the members voting. The Rules Committee shall arrange the Orders of the Day so that all measures shall appear thereon for the consideration of the House, but the Rules Committee may not place in the Orders of the Day any bill or other measure in the possession of a standing or special committee of the House. The Rules Committee, prior to each day's session, shall post a notice in a regular place in the House Chamber listing the bills to be considered that day in the Orders of the Day. Should the House not complete any day's Orders of the Day, the bills and resolutions remaining unconsidered shall go to the top of the Orders of the Day on the next day that Orders of the Day are considered.

The Speaker of the House shall act as Chairman of the Rules Committee. The Majority Floor Leader of the House shall act for the Rules Committee in calling from the Orders of the Day any bills or resolutions in the order he deems proper and shall be recognized by the Speaker for said purpose during all times that the Rules Committee is in charge of posting the Orders of the Day. The Speaker Pro Tempore shall act as chairman in the absence of the Speaker.

Rule 42. Liaison Subcommittees: The Committee on Appropriations and Revenue shall be divided into the following six standing subcommittees of seven members each:

1. Subcommittee on Economic Development and Energy, Natural Resources, and Environmental Protection;
2. Subcommittee on Education;
3. Subcommittee on General Government, Finance, and Public Protection;
4. Subcommittee on Human Resources;
5. Subcommittee on Justice and Judiciary;
6. Subcommittee on Transportation.

On four of the subcommittees, as designated by the Committee on Committees, four members shall be members of the Committee on Appropriations and Revenue designated by the chairman of such committee, and three members shall be appointed by the Committee on Committees from the membership of one or more of the remaining standing committees of the House. On the remaining two subcommittees, either three or four members shall be appointed by the Committee on Committees from the membership of one or more of the remaining standing committees of the House, and the remaining members shall be members of the Committee on Appropriations and Revenue designated by the chairman of such committee. A member of the Committee on Appropriations and Revenue may, however, serve on no more than one standing subcommittee. The chairman of each standing subcommittee shall be appointed by the chairman of the Committee on Appropriations and Revenue from the membership of such committee on the particular standing subcommittee.

The liaison subcommittee members of a standing subcommittee shall have full voting authority in all matters before a standing subcommittee.

The Committee on Committees may assign the chairman of a standing committee as an ex officio non-voting member of a standing subcommittee.

Rule 42A. Budget Review. The standing budget review subcommittees shall notify the membership of the standing substantive committees whose jurisdictional area will be affected by their action of any meetings or hearings and the members of the standing committees may participate as non-voting members.

When the budget review subcommittees have concluded their hearings and formulated their recommendations they shall communicate their recommendations to the affected standing committee or committees who may thereafter file a written response to the recommendations, which response shall be transmitted to the full Committee on Appropriations and Revenue with the subcommittee recommendations.

When the full Committee on Appropriations and Revenue has reported the final budget bill or bills to the floor, it shall notify the affected standing committees of the content of the budget relating to their areas of jurisdiction.

Any budget bill reported out of the Committee on Appropriations and Revenue shall be accompanied by a detailed explanation of modifications of the original budget. The Rules Committee shall not post for passage any budget bill less than five days after the bill has been finally reported out of committee.

Rule 43. Enrollment Committee. The Committee on Committees shall appoint an Enrollment Committee of not more than seven members. The Enrollment Committee shall be responsible for the engrossment and enrollment of bills and resolutions under the Rules of this House.

Rule 44. Committee on Conference. When a House bill has been amended in the Senate and the House refuses to concur in said amendment, or when a Senate bill has been amended in the House and the Senate refuses to concur in said amendment and when neither will recede from such action, the Committee on Committees shall appoint a Committee on Conference to meet a like committee from the Senate. The Committee on Conference shall confer with the Senate Committee and report back to the House within a reasonable time, in the same manner as reports are made for House bills. The conference report shall make no recommendation other than agreement upon or rejection of the matter or matters in controversy, and shall be voted upon, and, if adopted the bill shall immediately be put upon its final passage.

Should a committee on conference report its inability to submit a report, or if either house refuses to adopt its report, each house may appoint a committee on free conference, consisting of three or more members. A committee on free conference shall propose no new appropriation or any appropriation above the level originally designed by either chamber. The free conference report shall be voted on, and if adopted, the bill shall immediately be put upon its final passage.

Except for report of disagreement, the question of consideration of the report of a conference committee or a free conference committee shall not be in order on the same legislative day as distribution of copies of the report together with a staff analysis of the report to the members of the House.

Rule 45. Meetings of Committees. No committee except the Committee on Committees, the Committee on Enrollment and a Committee on Conference between the House and the Senate shall sit while the House is in session, unless by consent of the House. The Committee on Committees and Committee on Enrollment may report at any time except during roll call or while a vote is being taken.

The Committee on Committees, in conference with committee chairmen, shall schedule a definite time and place for the regular weekly meetings of each committee, such schedule to be posted in the House Chamber and published in the Legislative Record. A committee shall meet at the regular weekly scheduled time and place so long as business is pending before the committee. Nothing herein shall prevent the Chairman or a majority of any committee from calling a special meeting in addition to those regularly scheduled.

The Chairman shall keep a record of the attendance of members at meetings, which record shall be filed with the Clerk.

The Director of the Legislative Research Commission, under the direction of the Committee on Committees, shall assign a secretary to each committee and provide any professional, clerical or other employees required by any committee.

The Committee on Committees shall meet on call of the Speaker or on call of a majority of the members of the Committee on Committees.

Rule 46. Committee Reports. No bill or resolution shall be considered by the House except on report of committee. Upon the call of standing committees, the Clerk or the Chairman or ranking member of the committee may report the bill in the following manner:

"With the expression of opinion that the same should pass," or

"With the expression of opinion that the same should pass, with the committee amendment attached thereto," or

"With the expression of opinion that the same should pass, with the committee substitute attached thereto," or

"With the expression of opinion that the same should not pass."

Rule 47. Majority and Minority Reports. It shall require a majority of the committee membership to report a bill. The chairman shall keep a record of the vote of each member on the disposition of each bill, and shall report the total vote on each side to the House. The chairman may sign reports on behalf of a majority of the committee members. His signature shall attest to the action of a majority, but shall not be construed as his personal approval or disapproval of the bill.

A committee report may be accompanied by a minority report, signed by those members who have dissented from the committee's report, and it shall be in order to move the adoption of the minority report as a substitute for the committee's report when the committee offers its report. It shall require a majority of the members elected to adopt the minority report. The committee's report shall always be read before the minority report is read.

Rule 48. **Failure to Report.** Whenever a committee fails or refuses to report within a reasonable time a bill submitted to it, any member may by filing with the Clerk a written request signed by twenty-five or more members, call the same up for consideration on the next succeeding legislative day after the filing of said request. If a majority of the members elected to the House concur therein, the bill shall be considered as though it had been regularly reported.

Rule 49. **Procedure in Committee.** The rules of procedure in the House shall be observed in committee insofar as the same are applicable. The committee chairman, or the committee by majority vote in a regularly called meeting, shall post at least three calendar days prior to their consideration the bills and resolutions to be considered by the committee at its next meeting provided that no bill or resolution shall be posted by the chairman or the committee by a majority vote unless and until a request for posting form has been filed with the committee chairman or secretary and approved as containing satisfactory information by the committee chairman. No measure shall be considered except those posted. A list of the measures to be considered shall be filed with the Clerk at least three calendar days prior to the meeting. In the case of prefiled bills receiving a favorable expression from the interim joint committee to which they were assigned, posting by the chairman or the committee shall occur during the first week of the session, and such bills shall be considered by the appropriate committee during the first three weeks of the session. No posting request shall be required for such prefiled bills. This rule does not apply to bills with a fiscal impact of more than $20,000.

BILLS AND RESOLUTIONS

Rule 50. **Form of Bills.** All bills introduced shall be printed on the computerized bill preparation system of the Legislative Research Commission, and none otherwise prepared shall be accepted for introduction. Bills shall be offered as one original and three distinctly legible copies. Identical bills for introduction in the other chamber may be exact reproductions of original bill provided one copy is authenticated by the Director of the Legislative Research Commission as the original to be introduced in the other chamber. The original shall be the official bill, and shall be retained by the Legislative Research Commission staff for the use of the House until engrossed and sent to the Senate. A replacement original of a bill, generated pursuant to these Rules, shall thereafter be considered the original and official bill. One copy shall be used by committees; one copy shall be for the use of the press and shall be given to a person designated by the Press Club; and one copy shall be retained by the Legislative Research Commission for its work file. Each copy shall be backed with a protective cover, as provided for this purpose by the Legislative Research Commission. The title of the bill, or a portion thereof, and the signature of the member introducing the bill shall be placed on each cover.

In all bills, as introduced and as printed, any new matter contained therein shall be underscored; and when an amendment proposes the omission or elimination of matter in an existing law, such omission or elimination shall be indicated on the bill by placing the material proposed to be eliminated in brackets, and by striking through the words to be omitted or eliminated with a single line so as not to render such words illegible. In any bill seeking to repeal existing sections of the Kentucky Revised Statutes said sections sought to be repealed shall be identified by way of inclusion of the headnotes applied to each such section as it appears in the Kentucky Revised Statutes. The Legislative Research Commission staff shall see that all bills introduced have been prepared through the computerized bill preparation system of the Legislative Research Commission.

Rule 51. **Introduction of Bills.** Bills and resolutions may be introduced by filing them with the Bill Introduction Clerk in her office at any time the same is open. Bills and resolutions introduced by filing them with the Bill Introduction Clerk after the House has concluded Item 4, in Rule 4, Order of Business, shall be considered as having been introduced the next succeeding legislative day. The Bill Introduction Clerk shall number bills in the order received and transmit a copy immediately after introduction on the House floor to the Committee on Committees for reference to committee. No bill or resolution having the force of law shall be introduced after the thirty-eighth legislative day of the session. The last two legislative days preceding the veto recess shall be reserved by the House exclusively for the business of concurring in amended House bills.

Rule 52. **Fiscal** ***Statement*** ~~[Note Required]~~. ***A sponsor of a bill which, if enacted, would affect the revenues or expenditures of state government generally, may at any time by request cause the staff of the Legislative Research Commission to analyze and prepare a fiscal statement for the measure. The staff of the Legislative Research Commission shall analyze and prepare a fiscal statement for any bill which, if enacted, would fiscally affect local governments through the imposition of a local mandate; or fiscally affect state or local corrections services in a significant manner, including any bill which would modify or create a criminal penalty or otherwise affect the population of a correctional system or facility. The chairman of the committee to which a bill has been referred may require that a fiscal statement be attached to the bill prior to posting. The chairman or a majority of the committee to which a bill has been referred may require that a fiscal statement be attached to the bill prior to final committee action. No measure for which the preparation of a fiscal statement has been requested or is required pursuant to this rule shall be placed in the Orders of the Day until the fiscal statement is attached. Members may require, by majority vote, that a fiscal statement be prepared for any bill on the Orders of the Day not otherwise requiring preparation of a fiscal statement. In such instance, the fiscal statement shall be attached to the bill prior to final consideration on the floor of the House. Any member proposing an amendment from the floor***

which relates to fiscal matters herein described shall cause a fiscal statement to be prepared and attached to the amendment. Until the time the fiscal statement is prepared and attached to the amendment, action on the bill to be amended along with the proposed amendment shall be passed over in the Orders of the Day but retained in the Orders of the Day. The requirement for a fiscal statement may be waived by a vote of a majority of the members elected to the House [~~A sponsor of a measure may at any time prior to the filing of a request for posting form require a fiscal analysis to be made by the Legislative Research Commission upon the same and a fiscal note attached thereto.~~

The chairman upon such determination shall cause a fiscal analysis to be made by the Legislative Research Commission and a fiscal note attached prior to posting the measure for consideration.~~

~~After posting the measure, a majority of the committee may determine that a fiscal analysis is required on any measure not already carrying a fiscal note and shall direct the same to be accomplished and fiscal note attached with all dispatch. A committee may consider any measure on the date for which it is posted even if it is determined by the committee on that date that a fiscal analysis is required, however, no final action shall be taken by the committee upon said measure until a fiscal note is presented to the committee and attached to the measure.~~

~~Any member proposing to amend from the floor a bill or resolution which carries a fiscal note or if the proposed amendment itself carries a fiscal implication, the member proposing the amendment shall cause a fiscal analysis of the amendment to be made and a fiscal note attached to the proposed amendment at the time of introduction. In the event an amendment is introduced without a fiscal note, any member may raise the question of fiscal implication to the amendment by a motion and by majority vote require a fiscal analysis to be made and a fiscal note attached to the amendment. If a fiscal analysis and note is required by the membership, action on the bill or resolution to be amended along with the proposed amendment shall be passed over in the Orders of the Day but retained in the Orders of the Day. A fiscal note required by the membership shall be filed and attached to the amendment prior to the convening of the session of the next legislative day. In the event it is impossible to complete the analysis and prepare a fiscal note before the convening of the session on the next legislative day, the Director of the Legislative Research Commission shall so advise the membership by letter and state a time in which the same can be completed and filed with the House.~~

~~If the Director of the Legislative Research Commission certifies that the fiscal note cannot be completed within the prescribed time, the amendment shall not be in order unless the members, by majority vote, determine either: (1) act on the amendment and the bill or resolution without the benefit of the fiscal note, or to (2) pass over the bill or resolution in the Orders of the Day and allow it to be retained in the Orders of the Day until the fiscal note is filed.~~

~~**Rule 52A. ~~Any member proposing to amend from the floor a bill which contains a local mandate or if the proposed amendment itself contains a local mandate, shall cause a fiscal analysis of the amendment to be made and a local mandate impact statement attached to the proposed amendment. Until such time as the local mandate impact statement is prepared and attached to the amendment, action on the bill to be amended along with the proposed amendment shall be passed over in the Orders of the Day but retained in the Orders of the Day.~~

~~**Rule 52B. Corrections Impact Statement.**~~ ~~Any bill which relates to any aspect of state or local corrections or any service provided thereby, including any bill which creates or modifies any criminal penalty, shall be analyzed by the staff of the Legislative Research Commission for its fiscal and corrections population impact upon state and local governments and shall have a fiscal and population impact statement attached prior to final consideration. The requirement for the corrections impact statement may be waived by a vote of two-thirds (2/3) of all members of the House~~].

Rule 53. Proposed Administrative Regulations. (1) Before committee consideration of any bill originating in the House, which contains the authority for any agency, board or political subdivision of state government to promulgate regulations, the bill shall have attached a copy of a statement of legislative intent for the bill, including a summary of guidelines to be followed in preparing regulations pursuant to the bill.

Every committee shall have the exclusive right to determine whether the summary submitted meets the requirements of this rule. The committee may waive the provisions of this rule by majority vote, and shall acknowledge on its committee report the receipt of and consideration of the matters submitted with the bill pursuant to this rule.

The purpose of the requirements of this rule is to inform the House of the general scope of the regulations authorized by the bill and to provide a permanent record of legislative intent; and pursuant thereto, when any bill subject to the provisions of this rule becomes law the Director of the Legislative Research Commission shall cause to be filed with the Administrative Regulation Review Subcommittee of the Legislative Research Commission the summary of the regulations submitted with the bill to be used by the Administrative Regulation Review Subcommittee when reviewing regulations promulgated pursuant to the bill. The Administrative Regulation Review Subcommittee shall use the material submitted with the bill to determine legislative intent.

Nothing contained in this rule shall preclude the promulgation of regulations differing from those filed or summarized and submitted with the bill.

(2) This amendment of the Rules of the House of Representatives shall apply only to bills introduced after February 5, 1980.

Rule 54. Rejected Administrative Regulations. When an administrative regulation has been referred by the Clerk to a standing committee of the House, the committee shall review the regulation and take such action as it deems appropriate. If the committee recommends rejection it must set forth in its report the reasons for its rejection which shall be for either of the following reasons, or both: (1) The administrative regulation does not conform to statutory authority. (2) It does not carry out legislative intent.

Unless the House and Senate committees both recommend rejection of the regulation in their committee reports and the committee reports are thereafter adopted by at least two-fifths of the members elected to each house, and a majority of the members voting, the regulation shall become effective.

When a House committee report recommending rejection has been adopted by the House as set forth above, the House Clerk shall so notify the Clerk of the Senate.

If both the Senate and the House have approved committee reports recommending rejection of a regulation, a report to that effect shall be signed by both clerks and sent to the promulgating agency and the regulations compiler. A copy of this report shall be on file in the office of the Clerk of the Senate and in the office of the Clerk of the House.

Proposed regulations that have been properly laid before the General Assembly shall become effective upon sine die adjournment of the General Assembly unless the General Assembly in regular session shall disapprove the proposed regulation.

Rule 55. Reference of Bills. The Committee on Committees shall refer all bills to the proper standing committee not later than the second day in which the House is in session after the date of introduction. When a House bill has been amended in the Senate and has been returned to the House for concurrence in the amendment, it may be referred to a committee in the same manner as original bills are referred. Bills originating in and passed by the Senate when reported to the House shall be referred to the Committee on Committees and shall take the same course as other bills.

Rule 56. Printing of Bills. Upon receipt of a bill, the Legislative Research Commission shall examine the form of the bill to ensure that it is free from errors of form or typography and has been assigned the proper KRS section or chapter numbers. If a formal change is necessary the Commission shall request the sponsor of the bill to sign a form approving the specified changes. If a bill is found to be correct, or corrections have been approved, the Commission shall authorize its printing.

The Legislative Research Commission shall have printed at least two hundred copies of each bill or resolution carrying the force and effect of law introduced in the House and of each bill or resolution carrying the force and effect of law acted on by the Senate and reported to the House. Bills shall be printed in the order in which they are introduced and shall be distributed to members immediately upon receipt from the printer.

Rule 57. Readings of Bills. If a bill be reported with the expression of opinion that it should not pass a vote may then be taken on whether it shall be read at length and be placed on the Calendar, if a majority of the members elected to the House shall concur therein. When reported favorably by the committee, the bill shall then be given its first reading at length and shall be placed by the Commission staff upon the Calendar to be kept by the staff, and shall then be entitled to its second reading the next succeeding legislative day.

Every bill shall be read at length on three different legislative days; but the second and third readings thereof at length may be dispensed with by a majority of all the members elected to the House and the bill read by its title.

Rule 58. Calendar; Consent Calendar. (1) In order to reduce the time required for final passage of bills posted in the Orders of the Day, a consent procedure for the consideration of uncontested bills shall be established and designated as follows:

(a) The Commission staff shall keep a Regular Calendar and a Consent Calendar for each legislative day showing the bills receiving their second reading.

(b) The Commission staff shall also keep a Regular Orders and a Consent Orders showing bills posted for final passage by the Rules Committee.

(2) Bills reported by a Standing Committee with a regular "should pass" or "should pass with committee amendment/substitute attached" recommendation shall be shown in the Regular Calendar on the day on which they are entitled to a second reading.

(3) A Standing Committee may at the time of favorably reporting any House or Senate Bill, recommend that it be

placed in the Consent Calendar provided:

(a) The primary sponsor has so requested when it is a House Bill, and

(b) The bill receives a "should pass" or "should pass with committee amendment/substitute attached" recommendation from such committee by a unanimous vote of the members present.

Any House or Senate Bill thus reported shall be first placed in the Consent Calendar on the day on which it is entitled to a second reading and shall continue to be shown in said Calendar until taken therefrom by the Rules Committee and posted in the Consent Orders. Bills receiving a second reading should be so designated to distinguish them from bills which have already received their second reading.

(4) A certificate shall be attached to each bill recommended for the Consent Calendar showing the request of the sponsor of any House Bill, and the unanimous recommendation of the members present signed by the Chairman.

(5) After a sufficient number of bills have accumulated in the Consent Calendar, the Rules Committee may post any or all of said bills to the Consent Orders for a day certain. On that day certain the Consent Orders shall be called before the Regular Orders.

(6) Upon the call of the Consent Orders each bill in said Orders shall be given a third reading by title only. The Speaker shall then allow a reasonable time for questions from the floor and any explanation necessary by the sponsor or committee chairman. Consent Order bills may not be amended from the floor.

(7) The Commission staff shall attach a roll call to each bill in the Consent Calendar and any member may at any time prior to passage of the Consent Orders record with the Commission staff his "nay" or "pass" vote on any bill within the Consent Calendar or Consent Orders.

(8) Upon the call for the question on the Consent Orders, the Speaker shall instruct the Commission staff to announce the "nay" and "pass" votes previously filed on each bill in the Consent Orders. All other members present in the chamber on the day and at the time the Consent Orders are called shall be considered as having voted "aye" and the roll call attached to each bill shall so reflect as the final vote.

(9) Upon the written petition of any five members objecting to the placement or retention of any bill in the Consent Calendar or Consent Orders, such bill shall cease to be so considered and shall be placed in the Regular Calendar or Regular Orders as provided in these rules.

Rule 59. Orders of the Day. When a bill has had its second reading it shall be placed in the Orders of the Day, or be recommitted, and when next reached in the House it shall be ready for recommitment, or to be read a third time and placed upon its passage, and the Speaker shall so announce to the House.

A bill may be recommitted or amended in accordance with these rules at any time before its passage. Bills shall be placed in the Orders of the Day in the order in which they have been given their second reading, and shall be taken therefrom in accordance with Rule 41. When a House bill is in the Orders of the Day, it shall be in order on motion of the author to substitute for it an identical Senate bill which is in the Calendar of the House.

No bill shall be taken from the Orders of the Day unless it shall have been printed and previously distributed to members.

Rule 60. Final Passage. When a House bill has been amended in the Senate and the House has concurred in the amendment, the bill as amended shall immediately be placed upon its passage.

Rule 61. Amendments to Bills. All amendments offered shall be on sheets with a proper heading printed in black, furnished by the Commission staff, and shall bear the signature of the members offering the same. All amendments shall give the proper page and line of the printed bill. Three copies of each amendment shall be introduced. No amendment shall be in order that is not germane to the matter under consideration and unless it shall have been printed and previously distributed by the Clerk to members at least one legislative day prior to consideration of the bill or resolution and unless it complies with Rule 52 relative to fiscal analysis; and the Speaker, when the question is raised, shall rule as to the admissibility of the proposed amendment, subject to appeal to the House.

Any amendment to a House bill under consideration containing the substantial text of the language of another bill shall require for its consideration the affirmative vote of a majority of the members of the House. The commission staff shall cause such amendments to be identified when the bill proposed to be amended thereby is posted on the Orders of the Day. When a question is raised as to the identity of the proposed amendment containing the substantial text of another bill the Speaker shall rule thereon, subject to appeal to the House.

Rule 62. Engrossment of Bills. Every House bill and joint resolution, together with the amendments thereto, which has been passed by the House and not subject to further amendment or motion, shall be engrossed by the Commission staff. The Clerk shall endorse thereon the day of passage or adoption. The bill shall be delivered to the Senate in open session by the Clerk or someone designated by him, and Senate concurrence asked therein. A like procedure shall be observed toward Senate bills.

When engrossing a bill, the Commission staff may incorporate amendments by means of typing or by generating a replacement original of the bill through computerized process.

Rule 63. Enrollment of Bills. All House bills and resolutions which have passed both the Senate and the House shall be delivered by the Commission staff to the Enrolling Clerk, taking a receipt therefor, in the order in which passed. The Commission staff shall keep the number and title of all bills and joint and concurrent resolutions carrying the force and effect of law, passed by the House of Representatives and the Senate in a suitable record book attesting the fact and date of passage.

In the event a bill which originates in the House is amended by the Senate and the House concurs in the amendments proposed and adopted by the Senate, the Commission staff shall engross said amendments in the original copy of the bill by typing or may generate a replacement original copy of the House bill through computerized process, before delivering the bill to the Enrolling Clerk of the House.

In cases of extreme emergency and during the last three days prior to sine die adjournment, where no correct printed copy can be produced, the Enrolling Clerk may enroll such bill or resolution by typing the same.

The original bill or resolution or replacement therefor, if applicable, and an enrolled copy shall be delivered to the Committee on Enrollment. The Enrolling Clerk shall certify that each are in the exact form as finally passed prior to such delivery. The Committee on Enrollment and the Enrolling Clerk shall jointly compare the original bill with the enrolled copy, and if the enrollment is ascertained to be correctly done, the Committee shall report the same to the House. If any bill or resolution is found not correctly enrolled, it shall be returned to the Enrolling Clerk to be properly enrolled and delivered to the Committee on Enrollment as is first provided herein.

Rule 64. Signing of Bills. The Enrolling Clerk of the House shall deliver the original and enrolled copies of House bills and resolutions signed by the Speaker to the Chairman of the Enrollment Committee of the Senate for presentation to the President of the Senate for his signature. When signed by the President of the Senate, the enrolled bill or resolution and the original copy thereof shall be returned by the Enrolling Clerk to the Clerk of the House who shall present the enrolled bill or resolution to the Governor for his approval and take his receipt for same.

Rule 65. Resolutions. Resolutions having the force and effect of law shall be treated and considered as bills in all respects under these rules. However, simple resolutions expressing the will of the House and all resolutions recommending a study by an interim committee may be considered for adoption after receiving a recommendation from a standing committee and being posted for passage by the Rules Committee. All resolutions recommending a study by an interim committee shall include an approximate cost of the proposed study. All resolutions recommending or requiring a study, or which recommend or create a task force or special committee of the Legislative Research Commission shall be concurrent or joint resolutions.

Rule 66. Legislative Citations. For the purpose of extending the commendations, condolences or congratulations of the General Assembly to a particular person, or to recognize a particular event or occasion, there may be issued a "Legislative Citation." Citations may not be used for procedural matters, matters of a controversial or partisan political nature, nor in place of resolutions memorializing the U.S. Congress, but only when appropriate to express the feeling of the House or of the General Assembly with reference to a person or event.

Each such citation shall be prepared in single copy on an artistically designed form, suitable for framing, shall bear the signature of the sponsor and the name of the person or event cited, and upon adoption shall be spread at length upon the Journal. Citations shall be considered in the order of business "Motions, Petitions and Communications," and without objection shall be adopted en bloc after reading individually by title. Citations shall be offered for consideration through presentation to the Clerk.

A resolution shall not be accepted for introduction if offered in lieu of a legislative citation.

VOTING

Rule 67. Roll Call. Any member, with a second, may demand a roll call on any matter pending before the House. The names of members shall be arranged alphabetically when taking a yea and nay vote.

Any time these rules require a roll-call vote, or a yea and a nay vote of the members, such vote may be taken by either a voice roll call or the electrical voting system, as ordered by the Speaker.

The Speaker, before each roll-call vote is taken, shall instruct the Clerk to sound the warning chimes installed in that part of the Capitol assigned to the use of the House.

During a roll call any one member, with a second, may request and be afforded a delay of two minutes prior to the closing of the roll. Only one such motion shall be observed during any one roll call.

Rule 68. Electrical Voting System. When the House is ready to vote upon any question requiring a roll call, and the vote is to be taken by the electrical roll call system, the Speaker shall announce:

"The question is on the passage of (designating the matter to be voted upon). All in favor of such question shall vote 'yea,' and all opposed shall vote 'nay.' The House roll is now open for voting."

The Speaker shall recognize any member who rises for the purpose of explaining his vote. No member shall be allowed to speak more than three minutes to explain his vote, and shall not speak at all if the question is not a debatable question.

When sufficient time has been allowed the members to vote and to explain their vote, the Speaker shall announce: "Have all voted?" "Does anyone desire to change his vote?" And after sufficient pause shall lock the roll call system and instruct the Clerk to record the vote. It shall be the responsibility of each member to determine the accuracy of his individual vote as registered opposite his name on the electrical roll call board and advise the Speaker of any desired change before the roll call system is locked.

The Clerk shall immediately start the recording equipment, and when completely recorded, shall present the result to the

Speaker who shall announce same to the House. The Clerk shall enter upon the Journal the result in the manner provided by the rules of the House.

At the same time the vote is recorded by the electric recording equipment an original and five duplicate roll call sheets shall be made showing the vote, two of which duplicates shall be for use of the press, and one copy shall be furnished to the Legislative Research Commission.

Rule 69. Voting for Others Prohibited. No member shall vote for another member, nor shall any person not a member cast a vote for a member. WHEREAS, many news media reporters and editors refer regularly to "drunk driving" in stories relating to violations of KRS Chapter 189A; and

WHEREAS, "drunk driving" is not the proper term to utilize and is misleading, causing one to think only of violations involving alcoholic beverages; and

WHEREAS, the proper term is "operating a motor vehicle while under the influence," and "influence" includes not only the influence of alcoholic beverages but also includes "any other substance which may impair one's driving ability;" and

WHEREAS, other substances which may impair one's driving ability can include drugs, controlled substances, glue sniffing, and prescription medications; and

WHEREAS, the law prohibits the use of these other substances singly, in combination with each other, or in combination with alcoholic beverages if the result is an impairment in driving ability; and

WHEREAS, this inaccurate reporting causes drivers, the general public, and the courts to minimize the importance of driving under the influence of these other substances which may impair one's driving ability.

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the news media, in reporting on cases of a violation of KRS Chapter 189A relating to "driving under the influence" are urged to report the offense properly and identify when possible, the other substance which is alleged to have impaired one's driving ability, either singly, in combination with another substance, or in combination with alcohol, as well as cases involving alcoholic beverages.

SECTION 8. A NEW SECTION OF KRS CHAPTER 75 IS CREATED TO READ AS FOLLOWS:

Nothing is this Act shall be construed to conflict with or supersede the authority of the Natural Resources and the Environmental Protection Cabinet, pursuant to the provisions of KRS Chapter 149, over management of forestry areas, and KRS Chapter 224, over management of hazardous wastes, nor the authority of the Division of Disaster and Emergency Services, pursuant to KRS Chapter 39, over response to disasters and emergencies.

Any qualifying department which fails to participate satisfactorily in the Kentucky fire incident reporting system as described in KRS 304.13-380 shall forfeit annually five hundred dollars ($500) of its allotment. The commission shall recommend to the commissioner of the Department of Housing, Buildings and Construction the promulgation of administrative regulations in accordance with the provisions of KRS Chapter 13A to define satisfactory participation in the Kentucky fire incident reporting system. Administrative regulations for determining qualifications shall be based on the number of both paid firefighters and volunteer firemen within a volunteer fire department, the amount of equipment, housing facilities available, and such other matters or standards as will best effect the purposes of the volunteer fire department aid law. A qualifying department shall include at least twelve (12) firefighters, a chief, and at least one (1) operational fire apparatus or one (1) on order. Fifty percent (50%) of the firefighters shall have completed at least one half (1/2) of one hundred fifty (150) training hours toward certification within the first six (6) months of the first year of the department's application for certification, and there shall be a plan to complete the one hundred fifty (150) training hours within the second year. These personnel, equipment, and training requirements shall not be made more stringent by the promulgation of administrative regulations. No allotment shall exceed the total value of the funds, equipment, lands, and buildings made available to the local fire units from any source whatever for the year in which the allotment is made. A portion of the funds provided for above may be used to purchase group or blanket health insurance and shall be used to workers' compensation insurance, and the remaining funds shall be distributed as set forth in this section.

(3) There shall be allotted two hundred thousand dollars ($200,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund that shall be allocated each fiscal year of the biennium to the firefighters training center fund, which is hereby created and established, for the purposes of constructing new or upgrading existing training centers for firefighters. If any moneys in the training center fund remain uncommitted, unobligated, or unexpended at the close of the first fiscal year of the biennium, then such moneys shall be carried forward to the second fiscal year of the biennium, and shall be reallocated to and for the use of the training center fund, in addition to the second fiscal year's allocation of two hundred thousand dollars ($200,000). Prior to funding any project pursuant to this subsection, a proposed project shall be approved by the Commission on Fire Protection Personnel Standards and Education as provided in subsection (4) of this section and shall comply with state laws applicable to capital construction projects.

(4) Applications for funding low-interest loans and firefighters training centers shall be submitted to the Commission on Fire Protection Personnel Standards and Education for their recommendation, approval, disapproval, or modification. The commission shall review applications periodically, and shall, subject to funds available, recommend which applications shall be funded and at what levels, together with any terms and conditions the commission deems necessary.

(5) Any department or entity eligible for and receiving funding pursuant to this section shall have a minimum of fifty percent (50%) of its personnel certified as recognized by the Commission on Fire Protection Personnel Standards and Education.

(6) Upon the written request of any department, the Commission on Fire Protection Personnel Standards and Education shall make available a certified training program in a county of which such department is located.

(7) The amount of reimbursement for any given year for costs incurred by the department for administering these funds, including, but not limited to the expenses and costs of commission operations, shall be determined by the commission and shall not exceed five percent (5%) of the total amount of moneys accruing to the Firefighters Foundation Program fund which are allotted for the purposes specified in this section during any fiscal year.

(8) The commission shall withhold from the general distribution of funds under subsection (2) of this section an amount which it deems sufficient to reimburse volunteer fire departments for equipment lost or damaged beyond repair due to hazardous material incidents.

(9) Moneys withheld pursuant to subsection (8) of this section shall be distributed only under the following terms and conditions:

- (a) A volunteer fire department has lost or damaged beyond repair items of personal protective clothing or equipment due to that equipment having been lost or damaged as a result of an incident in which a hazardous material (as defined in any state or federal statute or regulation) was the causative agent of the loss;
- (b) The volunteer fire department has made application in writing to the commission for reimbursement in a manner approved by the commission and the loss and the circumstances thereof have been verified by the commission;
- (c) The loss of or damage to the equipment has not been reimbursed by the person responsible for the hazardous materials incident or by any other person;
- (d) The commission has determined that the volunteer fire department does not have the fiscal resources to replace the equipment;

(e) The commission has determined that the equipment sought to be replaced is immediately necessary to protect the lives of the volunteer firefighters of the fire department;

(f) The fire department has agreed in writing to subrogate all claims for and rights to reimbursement for the lost or damaged equipment to the Commonwealth to the extent that the Commonwealth provides reimbursement to the department; and

(g) The department has shown to the satisfaction of the commission that it has made reasonable attempts to secure reimbursement for its losses from the person responsible for the hazardous materials incident and has been unsuccessful in the effort.

(10) ***If***[~~In the event that~~] a volunteer fire department has met all of the requirements of subsection (9) of this section***,*** the commission may authorize a reimbursement of equipment losses not exceeding ten thousand dollars ($10,000) or the actual amount of the loss, whichever is less.

(11) Moneys which have been withheld during any fiscal year which remain unexpended at the end of the fiscal year shall be distributed in the normal manner required by subsection (2) of this section during the following fiscal year.

(12) No volunteer fire department may receive funding for equipment losses more than once during any fiscal year.

(13) The commission shall make reasonable efforts to secure reimbursement from the responsible party for any moneys awarded to a fire department pursuant to this section.

(14) There shall be allotted each year of the 1992-93 biennium one million dollars ($1,000,000), and each year of the 1994-95, 1996-97, 1998-99, and 2000-01 bienniums one million dollars ($1,000,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund for the purpose of creating a revolving low-interest loan fund, which shall thereafter be self-sufficient and derive its operating revenues from principal and interest payments. The commission, in accordance with the procedures in subsection (4) of this section, may make low-interest loans, and the interest thereon shall not exceed three percent (3%) annually or the amount needed to sustain operating expenses of the loan fund, whichever is less, to volunteer fire departments for the purposes of major equipment purchases and facility construction. Loans shall be made to departments which achieve the training standards necessary to qualify for volunteer fire department aid allotted pursuant to subsection (2) of this section, and which do not have other sources of funds at rates which are favorable given their financial resources. The proceeds of loan payments shall be returned to the loan fund for the purpose of providing future loans. If a department does not make scheduled loan payments, the commission may withhold any grants payable to the department pursuant to subsection (2) of this section until the department is current on its payments. Money in the low-interest loan fund shall be used only for the purposes specified in this subsection. Any funds remaining in the fund at the end of a fiscal year shall be carried forward to the next fiscal year for the purposes of the fund.

Section 19. KRS 528.010 is amended to read as follows:

The following definitions apply in this chapter unless the context otherwise requires:

(1) "Advancing gambling activity" -- A person "advances gambling activity" when, acting other than as a player, he engages in conduct that materially aids any form of gambling activity. The conduct shall include, but is not limited to, conduct directed toward the establishment of the particular game, contest, scheme, device, or activity involved; toward the acquisition or maintenance of premises, paraphernalia, equipment, or apparatus therefor; toward the solicitation or inducement of persons to participate therein; toward the actual conduct of the playing phases thereof; toward the arrangement of any of its financial or recording phases or toward any other phase of its operation. A person who gambles at a social game of chance on equal terms with other participants does not otherwise advance gambling activity by performing acts, without remuneration or fee, directed toward the arrangement or facilitation of the game as inviting persons to play, permitting the use of premises therefor and supplying equipment used therein.

(2) "Bookmaking" means advancing gambling activity by unlawfully accepting bets upon the outcome of future contingent events from members of the public as a business.

(3) ***(a)*** "Gambling" means staking or risking something of value upon the outcome of a contest, game, gaming scheme, or gaming device which is based upon an element of chance, in accord with an agreement or understanding that someone will receive something of value in the event of a certain outcome. A contest or game in which eligibility to participate is determined by chance and the ultimate winner is determined by skill shall not be considered to be gambling.

(b) Gambling shall not mean charitable gaming which is licensed and regulated under the provisions of KRS Chapter 238.

(4) "Gambling device" means:

(a) Any so-called slot machine or any other machine or mechanical device an essential part of which is a drum or reel with insignia thereon, and which when operated may deliver, as a result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property; or

(b) Any other machine or any mechanical or other device, including but not limited to roulette wheels, gambling tables and similar devices, designed and manufactured primarily for use in connection with gambling and which when operated may deliver, as the result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property;

(c) But, the following shall not be considered gambling devices within this definition:

1. Devices dispensing or selling combination or French pools on licensed, regular racetracks during races on said tracks.

2. Electro-mechanical pinball machines specially designed, constructed, set up, and kept to be played for amusement only. Any pinball machine shall be made to receive and react only to the deposit of coins during the course of a game. The ultimate and only award given directly or indirectly to any player for the attainment of a winning score or combination on any pinball machine shall be the right to play one (1) or more additional games immediately on the same device at no further cost. The maximum number of free games that can be won, registered, or accumulated at one (1) time in operation of any pinball machine shall not exceed thirty (30) free games. Any pinball machine shall be made to discharge accumulated free games only by reactivating the playing mechanism once for each game released. Any pinball machine shall be made and kept with no meter or system to preserve a record of free games played, awarded, or discharged. Nonetheless, a pinball machine shall be a gambling device if a person gives or promises to give money, tokens, merchandise, premiums, or property of any kind for scores, combinations, or free games obtained in playing the pinball machine in which the person has an interest as owner, operator, keeper, or otherwise.

3. Devices used in the conduct of charitable gaming.

(5) "Lottery and gift enterprise" means:

(a) A gambling scheme in which:

1. The players pay or agree to pay something of value for chances, represented and differentiated by numbers or by combinations of numbers or by some other media, one (1) or more of which are to be designated the winning ones; and

2. The ultimate winner is to be determined by a drawing or by some other method based upon the element of chance; and

3. The holders of the winning chances are to receive something of value.

(b) A gift enterprise or referral sales plan which meets the elements of a lottery listed in paragraph (a) of this subsection is to be considered a lottery under this chapter.

(6) "Mutuel" or "the numbers games" means a form of lottery in which the winning chances or plays are not determined upon the basis of a drawing or other act on the part of persons conducting or connected with the scheme, but upon the basis of the outcome or outcomes of a future contingent event or events otherwise unrelated to the particular scheme.

(7) "Player" means a person who engages in any form of gambling solely as a contestant or bettor, without receiving or becoming entitled to receive any profit therefrom other than personal gambling winnings, and without otherwise rendering any material assistance to the establishment, conduct, or operation of the particular gambling activity. A person who engages in "bookmaking" as defined in subsection (2) of this section is not a "player." The status of a "player" shall be a defense to any prosecution under this chapter.

(8) "Profiting from gambling activity" -- A person "profits from gambling activity" when, other than as a player, he accepts or receives or agrees to accept or receive money or other property pursuant to an agreement or understanding with any person whereby he participates or is to participate in the proceeds of gambling activity.

(9) "Something of value" means any money or property, any token, object, or article exchangeable for money or property, or any form of credit or promise directly or indirectly contemplating transfer of money or property or of any interest therein, or involving extension of a service, entertainment, or a privilege of playing at a game or scheme without charge.

(10) "Charitable gaming" means games of chance ***conducted by charitable organizations licensed and regulated under the provisions of KRS Chapter 238***[~~, including bingo, operated by charitable or religious organizations or institutions, or fraternal societies, or associations, operating under the lodge system, the net earnings of which are devoted exclusively to religious, scientific, literary, educational, or fraternal purposes. In order to assume a charitable gaming status, the charitable or religious organization or institution, or fraternal society and the gaming activity conducted thereby shall conform to the requirements of KRS 528.130 and 528.140~~].

Section 20. The following KRS sections are repealed:

528.130 Charitable gaming.

528.140 Registration of organization conducting charitable gaming required.

528.150 Effect of failure to comply with KRS 528.010, 528.130, and 528.140 -- Fraud in registration -- Suspension or revocation of registration.

Section 21. For fiscal year 1993-94, the sum of $500,000 is appropriated from the general fund to the Justice Cabinet for deposit in the Charitable Gaming Regulatory Account to be expended for the administration and enforcement of Sections 1 to 16 of this Act. At the end of fiscal year 1994-95, the Justice Cabinet shall repay the appropriation from the unexpended and unencumbered account balance in the charitable gaming regulatory account. If this amount is not sufficient to repay the appropriation in full, the remaining amount owed shall be paid from the account balance at the end of the 1995-96 fiscal year. Repayment shall be deposited in the general fund surplus account.

Section 22. Whereas there is a need to expeditiously enact a comprehensive and effective mechanism to regulate charitable gaming in a manner which will insure the honesty and integrity of the activity, an emergency is declared to exist and this Act shall become effective upon its passage and approval by the Governor.

The Committee Substitute to **HB 206** is as follows:

Any effort or attempt to disguise any other type of compensation shall be considered an unauthorized diversion of funds and shall be actionable under subsection (4) of Section 16 of this Act.

(5) No licensed charitable organization shall contract with, or otherwise utilize the services of, any management company or consultant in managing or conducting charitable gaming.

(6) Only one (1) subordinate organization of a licensed charitable organization may, with written approval of the parent organization, conduct charitable gaming under authority of the license of the primary organization. The subordinate organization shall, however, comply with provisions of KRS Chapter 238 and the primary organization shall be held accountable for the conduct and compliance of the subordinate organization.

(7) A licensed charitable organization shall not purchase charitable gaming supplies and equipment from any person not licensed as a distributor in the Commonwealth of Kentucky.

SECTION 10. A NEW SECTION OF KRS CHAPTER 238 IS CREATED TO READ AS FOLLOWS:

Only one (1) approved subordinate organization may conduct bingo for one (1) additional day per week for a period not to exceed five (5) consecutive hours. Not more than one (1) licensed charitable organization shall conduct bingo on the same twenty-four (24) hour period, at the same location, and at the same time. No licensed charitable organization shall award prizes for bingo which exceed five thousand dollars ($5,000) cash value per twenty-four (24) hour period, including the value of door prizes. No person under the age of eighteen (18) shall be permitted to play bingo. A charitable organization exempted under Section 8 of this Act may permit persons under age eighteen (18) to play bingo if they are accompanied by a parent or legal guardian and if only noncash prizes are awarded.

(2) No prize for an individual charity game ticket shall exceed five hundred ninety-nine dollars ($599) in value not including the value of cumulative or carryover prizes awarded in games using seal cards. Cumulative or carryover prizes in games utilizing seal cards shall not exceed two thousand four hundred dollars ($2,400). raffle tickets shall be sold for the price or prices stated on the ticket, and no person shall be required to purchase more than one (1) ticket or to pay for anything other than a ticket to enter a raffle. Raffle tickets shall have a unique identifier for the ticket holder. Winners shall be drawn at random at a date, time, and place announced in advance or printed on the ticket. All prizes for a raffle shall be identified in advance of the drawing and all prizes identified shall be awarded.

Types of events which would fall into this category include casino nights, Las Vegas nights, and Monte Carlo nights. A limited license issued under this section shall not exceed twenty-four (24) hours in duration if the projected gross receipts from casino-type games are more than fifty percent (50%) of all projected gaming receipts, and shall not exceed seventy-two (72) hours if the projected gross receipts from casino-type games are less than fifty percent (50%) of all projected gaming receipts. A licensed charitable organization shall not be eligible for more than two (2) licenses per year. No person under eighteen (18) years of age shall be allowed to play or conduct any casino-type game. The division may by administrative regulation adopt alternative reporting requirements for charitable gaming of limited scope or duration, if these requirements are sufficient to ensure accountability for all moneys handled.

(2) Accurate records and books shall be maintained by each licensed charitable organization for a period of three (3) years. Division staff shall have access to these records at reasonable times. All licensed charitable organizations shall be required to submit reports to the division at least quarterly. These reports shall include, but shall not be limited to, the following information:

- *(a) All gross receipts received from charitable gaming for the reporting period, classified by type of gaming activity;*
- *(b) The amounts or values of all prizes paid out during the reporting period;*

(4) A licensed charitable organization shall not be permitted to expend amounts in excess of prevailing market rates for the following expenses:

- *(a) Charitable gaming supplies and equipment;*
- *(b) Rent;*

- *(d) Advise a licensed charitable organization on the expenditure of net receipts.*

(4) A licensed charitable gaming facility shall execute a lease agreement with each licensed charitable organization that desires to conduct charitable gaming at the facility. The lease shall specifically state the amount of rent to be charged and the goods and services to be provided, including concessions, if applicable. The amount of rent charged shall be reasonable and shall be based on prevailing market values in the general locality for the goods and services to be provided. Rent shall not be based in whole or in part, on a percentage of gross receipts or net proceeds derived from the conduct of charitable gaming or by reference to the number of people in attendance. The division by administrative regulation may establish standards for the determination of prevailing market values. A copy of each signed lease agreement shall be filed with the division. The provisions of this subsection shall apply to any lease agreement for a facility where charitable gaming is to be conducted, whether or not it is with a licensed charitable gaming facility.

(5) A licensed charitable gaming facility shall report at least quarterly to the division and shall provide any information concerning its operation that the division may require.

division may deny a license, suspend or revoke a license, issue a cease and desist order, place a license holder on probation, issue a letter of reprimand, or levy a fine. An administrative fine shall not exceed one thousand dollars ($1,000) for each offense. The division shall by administrative regulation classify types of offenses and the recommended administrative action. The type of action to be taken shall be based on the nature, severity, and frequency of the offense. Administrative action authorized in this section shall be in addition to any criminal penalties provided in this chapter or under other provisions of law.

(4) The division may reinstate a license which has been revoked at any time after two (2) years from the date of revocation. A license may be reinstated only upon a finding that the violations for which the license was revoked have been corrected.

A hearing shall be held no less than ten (10) days and no more than thirty (30) days from the date the request for appeal is received. The division shall assign a hearing officer and notify the license holder in writing of the date, time, and place of the hearing. The license holder shall also be advised that he has the right to appear with or without counsel to present evidence in his behalf and to rebut evidence presented against him. The division may by administrative regulation prescribe procedures by which a hearing is to be conducted. A copy of any procedural regulations shall be sent to the license holder as part of the notification of hearing.

(3) Within twenty (20) days after the conclusion of a hearing, the hearing officer shall prepare and present to the secretary of justice through the division director a recommended order based on findings of fact and conclusions of law. Within thirty (30) days of receipt of the recommended order, the secretary of justice shall affirm, reject, or modify, in whole or in part, the recommended order and shall issue a final order. A summary suspension may be stayed only by injunction of a court of competent jurisdiction.

(5) A final order may be appealed to Franklin Circuit Court within thirty (30) days of its receipt. An appeal shall be based upon the record and new evidence may be admitted only when the evidence was not known or could not reasonably have been known at the time of the hearing and the evidence has a material bearing on the outcome of the case.

SECTION 15. A NEW SECTION OF KRS CHAPTER 238 IS CREATED TO READ AS FOLLOWS:

(1) A fee is imposed on charitable gaming in the amount of one-half of one percent (0.5%) of gross receipts derived from all charitable gaming conducted by charitable organizations required to be licensed in the Commonwealth of Kentucky. Each licensed charitable organization shall remit to the division all moneys due on a quarterly basis.

(2) The charitable gaming regulatory account is hereby created as a revolving account within the agency revenue fund and under the control of the Justice Cabinet. All revenues generated from the fee levied in subsection (1) of this section, from license fees, and from administrative fines imposed by the division, shall be deposited in this account. Moneys in this account shall be expended by the division only in the administration and enforcement of provisions of this chapter. No later than July of each odd-numbered year, the division shall assess the amount of funds raised by all fees levied in this chapter and shall make recommendations to the Legislative Research Commission concerning legislative amendments to adjust fee rates as indicated by the assessment.

[~~In no event shall~~] The operation of a pari-mutuel system for betting, where authorized by law, ***or the conduct of charitable gaming by a charitable organization licensed and regulated under the provision of KRS Chapter 238, shall not*** constitute grounds for the revocation or suspension of any license issued under KRS Chapter 243.

Section 18. KRS 525.090 is amended to read as follows:

(1) A person is guilty of loitering when he:

(a) Loiters or remains in a public place for the purpose of gambling with cards, dice or other gambling paraphernalia, except that the provisions of this section shall not apply if the person is participating in ***licensed charitable gaming*** [~~activity~~] defined by ***Section 2 of this Act*** [~~KRS 528.010(10)~~]; or

(b) Loiters or remains in a public place for the purpose of unlawfully using a controlled substance; or

(c) Loiters or remains in or about a school, college or university building or grounds, not having any reason or relationship involving custody of or responsibility for a pupil or student or any other specific legitimate reason for being there and not having written permission from anyone authorized to grant the same; or

(d) Loiters or remains in any transportation facility, unless specifically authorized to do so, for the purpose of soliciting or engaging in any business, trade or commercial transactions involving the sale of merchandise or services.

(2) Loitering is a violation.

Section 19. KRS 528.010 is amended to read as follows:

The following definitions apply in this chapter unless the context otherwise requires:

(1) "Advancing gambling activity" -- A person "advances gambling activity" when, acting other than as a player, he engages in conduct that materially aids any form of gambling activity. The conduct shall include, but is not limited to, conduct directed toward the establishment of the particular game, contest, scheme, device, or activity involved; toward the acquisition or maintenance of premises, paraphernalia, equipment, or apparatus therefor; toward the solicitation or inducement of persons to participate therein; toward the actual conduct of the playing phases thereof; toward the arrangement of any of its financial or recording phases or toward any other phase of its operation. A person who gambles at a social game of chance on equal terms with other participants does not otherwise advance gambling activity by performing acts, without remuneration or fee, directed toward the arrangement or facilitation of the game as inviting persons to play, permitting the use of premises therefor and supplying equipment used therein.

(2) "Bookmaking" means advancing gambling activity by unlawfully accepting bets upon the outcome of future contingent events from members of the public as a business.

(3) ***(a)*** "Gambling" means staking or risking something of value upon the outcome of a contest, game, gaming scheme, or gaming device which is based upon an element of chance, in accord with an agreement or understanding that someone will receive something of value in the event of a certain outcome. A contest or game in which eligibility to participate is determined by chance and the ultimate winner is determined by skill shall not be considered to be gambling.

(b) Gambling shall not mean charitable gaming which is licensed and regulated under the provisions of KRS Chapter 238.

(4) "Gambling device" means:

(a) Any so-called slot machine or any other machine or mechanical device an essential part of which is a drum or reel with insignia thereon, and which when operated may deliver, as a result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property; or

(b) Any other machine or any mechanical or other device, including but not limited to roulette wheels, gambling tables and similar devices, designed and manufactured primarily for use in connection with gambling and which when operated may deliver, as the result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property;

(c) But, the following shall not be considered gambling devices within this definition:

1. Devices dispensing or selling combination or French pools on licensed, regular racetracks during races on said tracks.

2. Electro-mechanical pinball machines specially designed, constructed, set up, and kept to be played for amusement only. Any pinball machine shall be made to receive and react only to the deposit of coins during the course of a game. The ultimate and only award given directly or indirectly to any player for the attainment of a winning score or combination on any pinball machine shall be the right to play one (1) or more additional games immediately on the same device at no further cost. The maximum number of free games that can be won, registered, or accumulated at one (1) time in operation of any pinball machine shall not exceed thirty (30) free games. Any pinball machine shall be made to discharge accumulated free games only by reactivating the playing mechanism once for each game released. Any pinball machine shall be made and kept with no meter or system to preserve a record of free games played, awarded, or discharged. Nonetheless, a pinball machine shall be a gambling device if a person gives or promises to give money, tokens, merchandise, premiums, or property of any kind for scores, combinations, or free games obtained in playing the pinball machine in which the person has an interest as owner, operator, keeper, or otherwise.

3. Devices used in the conduct of charitable gaming.

(5) "Lottery and gift enterprise" means:

(a) A gambling scheme in which:

1. The players pay or agree to pay something of value for chances, represented and differentiated by numbers or by combinations of numbers or by some other media, one (1) or more of which are to be designated the winning ones; and

2. The ultimate winner is to be determined by a drawing or by some other method based upon the element of chance; and

3. The holders of the winning chances are to receive something of value.

(b) A gift enterprise or referral sales plan which meets the elements of a lottery listed in paragraph (a) of this subsection is to be considered a lottery under this chapter.

(6) "Mutuel" or "the numbers games" means a form of lottery in which the winning chances or plays are not determined upon the basis of a drawing or other act on the part of persons conducting or connected with the scheme, but upon the basis of the outcome or outcomes of a future contingent event or events otherwise unrelated to the particular scheme.

(7) "Player" means a person who engages in any form of gambling solely as a contestant or bettor, without receiving or becoming entitled to receive any profit therefrom other than personal gambling winnings, and without otherwise rendering any material assistance to the establishment, conduct, or operation of the particular gambling activity. A person who engages in "bookmaking" as defined in subsection (2) of this section is not a "player." The status of a "player" shall be a defense to any prosecution under this chapter.

(8) "Profiting from gambling activity" -- A person "profits from gambling activity" when, other than as a player, he accepts or receives or agrees to accept or receive money or other property pursuant to an agreement or understanding with any person whereby he participates or is to participate in the proceeds of gambling activity.

(9) "Something of value" means any money or property, any token, object, or article exchangeable for money or property, or any form of credit or promise directly or indirectly contemplating transfer of money or property or of any interest therein, or involving extension of a service, entertainment, or a privilege of playing at a game or scheme without charge.

(10) "Charitable gaming" means games of chance ***conducted by charitable organizations licensed and regulated under the provisions of KRS Chapter 238***[~~, including bingo, operated by charitable or religious organizations or institutions, or fraternal societies, or associations, operating under the lodge system, the net earnings of which are devoted exclusively to religious, scientific, literary, educational, or fraternal purposes. In order to assume a charitable gaming status, the charitable or religious organization or institution, or fraternal society and the gaming activity conducted thereby shall conform to the requirements of KRS 528.130 and 528.140~~].

Section 20. The following KRS sections are repealed:

528.130	Charitable gaming.
528.140	Registration of organization conducting charitable gaming required.
528.150	Effect of failure to comply with KRS 528.010, 528.130, and 528.140 -- Fraud in registration -- Suspension or

revocation of registration.

Section 21. For fiscal year 1993-94, the sum of $500,000 is appropriated from the general fund to the Justice Cabinet for deposit in the Charitable Gaming Regulatory Account to be expended for the administration and enforcement of Sections 1 to 16 of this Act. At the end of fiscal year 1994-95, the Justice Cabinet shall repay the appropriation from the unexpended and unencumbered account balance in the charitable gaming regulatory account. If this amount is not sufficient to repay the appropriation in full, the remaining amount owed shall be paid from the account balance at the end of the 1995-96 fiscal year. Repayment shall be deposited in the general fund surplus account.

Section 22. Whereas there is a need to expeditiously enact a comprehensive and effective mechanism to regulate charitable gaming in a manner which will insure the honesty and integrity of the activity, an emergency is declared to exist and this Act shall become effective upon its passage and approval by the Governor.

HB 65, AN ACT relating to school-based decision making.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 160.345 is amended to read as follows:

(1) The term "teacher" for the purpose of this section means any person for whom certification is required as a basis of employment in the public schools of the state with the exception of principals, assistant principals, and head teachers.

(2) By January 1, 1991, each local board of education shall adopt a policy for implementing school-based decision making in the district which shall include, but not be limited to, a description of how the district's policies, including those developed pursuant to KRS 160.340, have been amended to allow the professional staff members of a school to be involved in the decision making process as they work to meet educational goals established in KRS 158.645 and 158.6451. The policy shall also address and comply with the following:

(a) Each participating school shall form a school council which shall be composed of two (2) parents, three (3) teachers, and the principal or administrator. The membership of the council may be increased, but it may only be increased proportionately. The parent representatives on the council shall not be employees of the district or employees' relatives, nor shall they be a local board member or his spouse. None of the members shall have a conflict of interest pursuant to KRS Chapter 45A, except the salary paid to district employees. By July 1, 1993, the State Board for Elementary and Secondary Education shall submit recommendations to the Legislative Research Commission relating to policies and procedures to insure minority representation on school councils.

(b) The teacher representatives shall be elected for one (1) year terms by a majority of the teachers. The parent representatives shall be selected for one (1) year terms. The parent members shall be elected by the ***parents of students enrolled in the school in an election conducted by*** ~~[parent members of]~~ the parent teacher organization of the school or, if none exists, the largest organization of parents formed for this purpose. The principal or head teacher shall be the chair of the school council.

(c) The school council shall have the responsibility to set school policy consistent with district board policy which shall provide an environment to enhance the students' achievement and help the school meet the goals established by KRS 158.645 and 158.6451. The principal or head teacher shall be the primary administrator and the instructional leader of the school, and with the assistance of the total school staff shall administer the policies established by the school council and the local board.

(d) All certified staff at a school may be participants in the school-based decision making. The staff may divide into committees according to their areas of interest, such as, but not limited to, grouped grade levels, subject areas, and special programs. Each committee shall elect by a majority of the committee a chair, who shall serve for a term of one (1) year. The committee shall submit its recommendations to the school council for consideration.

(e) The school council and each of its committees shall determine the frequency of and agenda for their meetings. Matters relating to formation of school councils that are not provided for by this section shall be addressed by local board policy.

(f) The meetings of the school council shall be open to the public and all interested persons may attend. However, the exceptions to open meetings provided in KRS 61.810 shall apply.

(g) After receiving notification of the funds available for the school from the local board, the school council shall determine, within the parameters of the total available funds, the number of persons to be employed in each job classification at the school. The council may make personnel decisions on vacancies occurring after the school council is formed but shall not have the authority to recommend transfers or dismissals.

(h) The school council shall determine which textbooks, instructional materials, and student support services shall be provided in the school. Subject to available resources, the local board shall allocate an appropriation to each school that is adequate to meet the school's needs related to instructional materials and school-based student support services, as determined by the school council.

(i) From a list of applicants submitted by the local superintendent, the principal at the participating school shall select personnel to fill vacancies, after consultation with the school council. Requests for transfer shall conform to any employer-employee bargained contract which is in effect. If the vacancy to be filled is the position of principal, the school council shall select the new principal from among those persons recommended by the local superintendent. Personnel decisions made at the school level under the authority of this subsection shall be binding on the superintendent who completes the hiring process. The superintendent shall provide additional applicants upon request when qualified applicants are available.

(j) The school council shall adopt a policy to be implemented by the principal in the following additional areas:

1. Determination of curriculum, including needs assessment and curriculum development;
2. Assignment of all instructional and noninstructional staff time;
3. Assignment of students to classes and programs within the school;

7. Selection and implementation of discipline and classroom management techniques, including responsibilities of the student, parent, teacher, counselor, and principal;
8. Selection of extracurricular programs and determination of policies relating to student participation based on academic qualifications and attendance requirements, program evaluation, and supervision; and
9. Procedures, consistent with local school board policy, for determining alignment with state standards, technology utilization, and program appraisal.

(3) The policy adopted by the local board to implement school-based decision making shall also address the following:

(4) In addition to the authority granted to the school council in this section, the local board may grant to the school council any other authority permitted by law. The board shall make available liability insurance coverage for the protection of all members of the school council from liability arising in the course of pursuing their duties as members of the council.

(5) After July 13, 1990, any school in which two-thirds (2/3) of the faculty vote to implement school-based decision making shall do so. By June 30, 1991, each local board shall submit to the chief state school officer the name of at least one (1) school which shall implement school-based decision making the following school year. The board shall select a school in which two-thirds (2/3) of the faculty vote to implement school-based decision making. If no school in the district votes to implement school-based decision making, the local board shall designate one (1) school of its choice. All schools shall implement school-based decision making by July 1, 1996, in accordance with this section and with the policy adopted by the local board pursuant to this section. Upon a favorable vote of a majority of the faculty at the school, a school performing above its threshold level requirement as determined by the Department of Education pursuant to KRS 158.6455 may apply to the State Board for Elementary and Secondary Education for exemption from the requirement to implement school-based decision making, and the state board shall grant the exemption. Notwithstanding the provisions of this section, a local school district shall not be required to implement school-based decision making if the local school district contains only one (1) school.

(6) The Department of Education shall provide professional development activities to assist schools in implementing school-based decision making.

(7) A school that chooses to have school-based decision making but would like to be exempt from the administrative structure set forth by this section may develop a model for implementing school-based decision making including, but not limited to, a description of the membership, organization, duties, and responsibilities of a school council. The school shall submit the model through the local board of education to the chief state school officer and the State Board for Elementary and Secondary Education, which shall have final authority for approval. The application for approval of the model shall show evidence that it has been developed by representatives of the parents, students, certified personnel, and the administrators of the school and that two-thirds (2/3) of the faculty have agreed to the model.

(8) The State Board for Elementary and Secondary Education, upon recommendation of the chief state school officer, shall

adopt by administrative regulation a formula by which school district funds shall be allocated to each school council.

(9) (a) No board member, superintendent of schools, or district employee shall intentionally engage in a pattern of practice which is detrimental to the successful implementation of or circumvents the intent of school-based decision making to allow the professional staff members of a school and parents to be involved in the decision making process in working toward meeting the educational goals established in KRS 158.645 and 158.6451 or to make decisions in areas of policy assigned to a school council pursuant to paragraph (j) of subsection (2) of this section.

(b) An affected party who believes a violation of this subsection has occurred may file a written complaint with the Office of Education Accountability. The office shall investigate the complaint and resolve the conflict, if possible, or forward the matter to the State Board for Elementary and Secondary Education.

(c) The State Board for Elementary and Secondary Education shall establish by administrative regulation a hearing process for complaints referred by the Office of Education Accountability.

(d) If the State Board determines a violation has occurred, the party shall be subject to reprimand. A second violation of this subsection may be grounds for removing a superintendent or school board member from office or grounds for dismissal of an employee for misconduct in office or willful neglect of duty.

Interest earned on funds received by local units of government shall be considered available for use by the local unit of government in the priority expenditure categories.

(5) The Department of Local Government shall be responsible for the promulgation of rules and regulations necessary to implement the grants programs authorized by this section.

(6) The Department of Local Government shall assure that a public hearing is held on the expenditure of funds received under KRS 42.450 to 42.495. Advertisement of the public hearing shall be published at least once but may be published two (2) or more times, provided that one (1) publication occurs not less than seven (7) days nor more than twenty-one (21) days before the scheduled date of the public hearing. The department shall submit an annual report to the Governor indicating how the grants were used and an evaluation of the program's effectiveness in improving the economy of the units of government receiving assistance.

(7) On or before August 15, 1980, and each year thereafter, the Transportation Cabinet shall publish and furnish to the Department of Local Government a directory, including supporting maps and other documents, designating the official state coal road system in coal impact and coal producing counties which shall include all public highways, roads, and streets over which quantities of coal, sufficient to significantly affect the condition and state of repair of such highways, roads, and streets, have been transported in the immediately preceding fiscal year. (b) Industrial development projects if the secretary of the Cabinet for Economic Development finds that the project is necessary for the creation of an environment for new industry in order to obtain an agreement from an industrial firm to develop manufacturing, processing, assembling, or other facilities approved by the secretary of the

Cabinet for Economic Development.

(c) Debt service on bonds issued under the provisions of KRS 65.270 or KRS 103.200 to 103.285 for industrial development projects, as defined in subsection (2)(a) and (b) of this section, or for facilities approved by the secretary of the Cabinet for Economic Development under the provisions of subsection (3) of this section.

Value-added facilities shall include data processing, telecommunication, and distribution facilities, but shall not include retail facilities or coal mining, coal processing, or coal transportation facilities. The secretary may also approve privately-owned facilities for transient lodging and recreation where the secretary finds that the cost of the recreation component of the facility is equal to, or greater than, the cost of the lodging component of the facility. Application for the grant shall be made by the legislative bodies of one (1) or more counties with accounts in the local government economic development fund.

(6) With the exception of grants awarded to service debt on bonds, as provided for in subsection (2)(c) of this section, grants awarded from funds provided for in KRS 42.4592(1) (a) and (b) shall not exceed the total balance of the accounts of the applicant counties at the time of the award of the grant.

(8) Approval of grant applications shall be by the secretary of the Cabinet for Economic Development. Award of grants shall be by the Kentucky Development Finance Authority.

(9) Criteria for approval of applications and the award of grants shall be based upon the following:

(8) It is the intent of the General Assembly that an information resources management commission be created to develop and implement plans for the effective and efficient use of information technology across all branches of state government;

(9) The exercise by an information resources management commission of the powers and authority conferred by this Act shall be deemed and held to be the performance of essential governmental functions ~~[It is the intent of the General Assembly that an information systems commission be created to develop and implement plans for the effective~~

HB 64, AN ACT relating to open records of public agencies.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 61 IS CREATED TO READ AS FOLLOWS:

The General Assembly finds an essential relationship between the intent of this chapter and that of KRS 171.410 to 171.740, dealing with the management of public records, and of KRS 61.940 to 61.957, dealing with the coordination of strategic planning for computerized information systems in state government; and that to ensure the efficient administration of government and to provide accountability of government activities, public agencies are required to manage and maintain

their records according to the requirements of these statutes. The General Assembly further recognizes that while all government agency records are public records for the purpose of their management, not all these records are required to be open to public access, as defined in this chapter, some being exempt under KRS 61.878.

Section 2. KRS 61.870 is amended to read as follows:

As used in KRS 61.872 to 61.884, unless the context requires otherwise:

(e) Every state or local court or judicial agency;

(f) Every state or local government agency, including the policy-making board of an institution of education, created by or pursuant to state or local statute, executive order, ordinance, resolution, or other legislative act;

(i) Any entity where the majority of its governing body is appointed by a public agency as defined in paragraph (a), (b), (c), (d), (e), (f), (g), (h), (j), or (k) of this subsection; by a member or employee of such a public agency; or by any combination thereof***;***[~~.~~]

(j) Any board, commission, committee, subcommittee, ad hoc committee, advisory committee, council, or agency, except for a committee of a hospital medical staff, established, created, and controlled by a public agency as defined in paragraph (a), (b), (c), (d), (e), (f), (g), (h), (i), or (k) of this subsection; and

(k) Any interagency body of two (2) or more public agencies where each public agency is defined in paragraph (a), (b), (c), (d), (e), (f), (g), (h), (i), or (j) of this subsection;

(2) "Public record" means all books, papers, maps, photographs, cards, tapes, discs, diskettes, recordings***, software,*** or other ***documentation*** [~~documentary materials~~] regardless of physical form or characteristics, which are prepared, owned, used, in the possession of or retained by a public agency. "Public record" shall not include any records owned or maintained by or for a body referred to in subsection (1)(h) of this section that are not related to functions, activities, programs, or operations funded by state or local authority;

(3) ***(a) "Software" means the program code which makes a computer system function, but does not include that portion of the program code which contains specific addresses of files, passwords, access codes, user identifications, or any other mechanism for controlling the security or restricting access to public records in the public agency's computer system.***

(b) "Software" consists of the operating system, application programs, procedures, routines, and subroutines such as translators and utility programs, but does not include that material which is prohibited from disclosure or copying by a license agreement between a public agency and an outside entity which supplied the material to the agency;

(4) (a) "Commercial purpose" means the direct or indirect use of any part of a public record or records, in any form, for sale, resale, solicitation, rent, or lease of a service, or any use by which the user expects a profit either through commission, salary, or fee.

(b) "Commercial purpose" shall not include:

1. Publication or related use of a public record by a newspaper or periodical; or

2. Use of a public record by a radio or television station in its news or other informational programs;

(5) "Official custodian" means the chief administrative officer or any other officer or employee of a public agency who is responsible for the maintenance, care and keeping of public records, regardless of whether such records are in his actual personal custody and control; [~~and~~]

(6)[~~(4)~~] "Custodian" means the official custodian or any authorized person having personal custody and control of public records***;***[~~.~~]

(7) "Media" means the physical material in or on which records may be stored or represented, and which may include, but is not limited to paper, microform, disks, diskettes, optical disks, magnetic tapes, and cards; and

(8) "Mechanical processing" means any operation or other procedure which is transacted on a machine, and which may include, but is not limited to a copier, computer, recorder or tape processor, or other automated device.

Section 3. KRS 61.872 is amended to read as follows:

(1) All public records shall be open for inspection by any person, except as otherwise provided by KRS 61.870 to 61.884, and suitable facilities shall be made available by each public agency for the exercise of this right. No person shall remove original copies of public records from the offices of any public agency without the written permission of the official custodian of the record.

(2) Any person shall have the right to inspect public records. The official custodian may require written application, signed by the applicant and with his name printed legibly on the application, describing the records to be inspected. The application shall be hand delivered, mailed, or sent via facsimile to the public agency.

(3) A person may inspect the public records:

(a) During the regular office hours of the public agency; or

(b) By receiving copies of the public records from the public agency through the mail. The public agency shall mail copies of the public records to a person whose residence or principal place of business is outside the county in which the public records are located after he precisely describes the public records which are readily available within the public agency. ***If the person requesting the public records requests that copies of the records be mailed, the official custodian shall mail the copies upon receipt of all fees and the cost of mailing.***

(4) If the person to whom the application is directed does not have custody or control of the public record requested, ***that*** [~~such~~] person shall [~~so~~] notify the applicant and shall furnish the name and location of the ***official*** custodian of the ***agency's*** public ***records*** [~~record, if such facts are known to him~~].

(5) If the public record is in active use, in storage or not otherwise available, the official custodian shall immediately [~~so~~] notify the applicant and shall designate a place, time and date, for inspection of the public records, not to exceed three (3) days from receipt of the application, unless a detailed explanation of the cause is given for further delay and the place, time and earliest date on which the public record will be available for inspection.

(6) If the application places an unreasonable burden in producing public records or if the custodian has reason to believe that repeated requests are intended to disrupt other essential functions of the public agency, the official custodian may refuse to permit inspection of the public records or mail copies thereof. However, refusal under this section shall be sustained by clear and convincing evidence.

Section 4. KRS 61.874 is amended to read as follows:

(1) Upon inspection, the applicant shall have the right to make abstracts of the public records and memoranda thereof, and to obtain copies of all [~~written~~] public records ***not exempted by the terms of KRS 61.878***. When copies are requested, the custodian may require a written request and advance payment of the prescribed fee, including postage where appropriate. If the applicant desires copies of public records other than written records, the custodian of the records shall ***duplicate the records or*** permit the applicant to duplicate the records; however, the custodian ***shall*** [~~may~~] ensure that such duplication will not damage or alter the ***original*** records.

(2) ***(a) Nonexempt public records used for noncommercial purposes shall be available for copying in either standard electronic or standard hard copy format, as designated by the party requesting the records, where the agency currently maintains the records in electronic format. Nonexempt public records used for noncommercial purposes shall be copied in standard hard copy format where agencies currently maintain records in hard copy format. Agencies are not required to convert hard copy format records to electronic formats.***

(b) The minimum standard format in paper form shall be defined as not less than 8 1/2 inches x 11 inches in at least one (1) color on white paper, or for electronic format, in a flat file electronic American Standard Code for Information Interchange (ASCII) format. If the public agency maintains electronic public records in a format other than ASCII, and this format conforms to the requestor's requirements, the public record may be provided in this alternate electronic format for standard fees as specified by the public agency. Any request for a public record in a form other than the forms described in this section shall be considered a nonstandardized request.

(3) The public agency may prescribe a reasonable fee for making copies of ***nonexempt*** public records ***requested for use for noncommercial purposes*** which shall not exceed the actual cost ***of reproduction, including the costs of the media and any mechanical processing cost incurred by the public agency, but*** not including the cost of staff required. ***If a public agency is asked to produce a record in a nonstandardized format, or to tailor the format to meet the request of an individual or a group, the public agency may recover staff costs as well as any actual costs incurred.***

(4) (a) If copies of nonexempt public records are requested for commercial purposes, the public agency may establish a reasonable fee based on the principle of sharing the costs incurred by the agency in creating and maintaining those public records which are to be used for commercial purposes.

(b) The public agency from which copies of nonexempt public records are requested for a commercial purpose may require a certified statement from the requestor stating the commercial purpose for which they shall be used, and may require the requestor to enter into a contract with the agency. The contract shall permit use of the public records for the stated commercial purpose for a specified fee.

(c) The fee provided for in subsection (a) of this section shall be based on the:

1. Cost to the public agency of media, mechanical processing, and staff required to produce a copy of the public record or records; and

2. Cost to the public agency of the creation, purchase, or other acquisition of the public records.

(5) It shall be unlawful for a person to obtain a copy of any part of a public record for a:

(a) Commercial purpose, without stating the commercial purpose, if a certified statement from the requestor was required by the public agency pursuant to subsection (4)(a) of this section; or

(b) Commercial purpose, if the person uses or knowingly allows the use of the public record for a different commercial purpose; or

(c) Noncommercial purpose, if the person uses or knowingly allows the use of the public record for a commercial purpose. A newspaper, periodical, radio or television station shall not be held to have used or knowingly allowed the use of the public record for a commercial purpose merely because of its publication or broadcast, unless it has also given its express permission for that commercial use.

(6) Online access to public records in electronic form, as provided under this section, may be provided and made available at the discretion of the public agency. If a party wishes to access public records by electronic means and the public agency agrees to provide online access, a public agency may require that the party enter into a contract, license, or other agreement with the agency, and may charge fees for these agreements. Fees shall not exceed:

(a) The cost of physical connection to the system and reasonable cost of computer time access charges; and

(b) If the records are requested for a commercial purpose, a reasonable fee based on the factors set forth in KRS 61.874(4).

Section 5. KRS 61.880 is amended to read as follows:

(1) If a person enforces KRS 61.870 to 61.884 pursuant to this section, he shall begin enforcement under this subsection before proceeding to enforcement under subsection (2) of this section. Each public agency, upon any request for records made under KRS 61.870 to 61.884, shall determine within three (3) days, excepting Saturdays, Sundays, and legal holidays, after the receipt of any such request whether to comply with the request and shall notify in writing the person making the request, within the three (3) day period, of its decision. An agency response denying, in whole or in part, inspection of any record shall include a statement of the specific exception authorizing the withholding of the record and a brief explanation of how the exception applies to the record withheld. The response shall be issued by the official custodian or under his authority, and it shall constitute final agency action.

(2) ***(a)*** If a complaining party wishes the Attorney General to review a public agency's denial of a request to inspect a public record, the complaining party shall forward to the Attorney General a copy of the written request and a copy of the written response denying inspection. If the public agency refuses to provide a written response, a complaining party shall provide a copy of the written request. The Attorney General shall review the request and denial and issue within ***twenty (20)*** [~~ten (10)~~] days, excepting Saturdays, Sundays and legal holidays, a written decision stating whether the agency violated provisions of KRS 61.870 to 61.884.

(b) In unusual circumstances, the Attorney General may extend the twenty (20) day time limit by sending written notice to the complaining party and a copy to the denying agency, setting forth the reasons for the extension, and the day on which a decision is expected to be issued, which shall not exceed an additional thirty (30) work days, excepting Saturdays, Sundays, and legal holidays. As used in this section, "unusual circumstances" means, but only to the extent reasonably necessary to the proper resolution of an appeal:

1. The need to obtain additional documentation from the agency or a copy of the records involved;

2. The need to conduct extensive research on issues of first impression; or

3. An unmanageable increase in the number of appeals received by the Attorney General.

(c) On the day that the Attorney General renders his decision, he shall mail a copy to the agency and a copy to the person who requested the record in question. The burden of proof in sustaining the action shall rest with the agency, and the Attorney General may request additional documentation from the agency for substantiation. The Attorney General may also request a copy of the records involved but they shall not be disclosed.

(3) Each agency shall notify the Attorney General of any actions filed against that agency in Circuit Court regarding the enforcement of KRS 61.870 to 61.884. ***The Attorney General shall not, however, be named as a party in any Circuit Court actions regarding the enforcement of KRS 61.870 to 61.884, nor shall he have any duty to defend his decision in Circuit Court or any subsequent proceedings.***

(4) ***If*** [~~In the event~~] a person feels the intent of KRS 61.870 to 61.884 is being subverted by an agency short of denial of inspection, including but not limited to the imposition of excessive fees or the misdirection of the applicant, the person may complain in writing to the Attorney General, and the complaint shall be subject to the same adjudicatory process as if the record had been denied.

(5) (a) A party shall have thirty (30) days from the day that the Attorney General renders his decision to appeal the decision. An appeal within the thirty (30) day time limit shall be treated as if it were an action brought under

KRS 61.882.

(b) If an appeal is not filed within the thirty (30) day time limit, the Attorney General's decision shall have the force and effect of law and shall be enforceable in the Circuit Court of the county where the public agency has its principal place of business or the Circuit Court of the county where the public record is maintained.

SECTION 6. A NEW SECTION OF KRS CHAPTER 61 IS CREATED TO READ AS FOLLOWS:

A person who violates any provision of KRS 61.874 shall be liable to the public agency from which the public records were obtained for damages in the amount of:

(1) Three (3) times the amount that would have been charged for the public record if the actual commercial purpose for which it was obtained or used had been stated;

(2) Costs and reasonable attorneys' fees; and

(3) Any other penalty established by law.

Section 7. KRS 133.047 is amended to read as follows:

(1) Notwithstanding the provisions of KRS 61.870 to 61.884, when the Revenue Cabinet has completed action on the assessment of property in any county and has certified the assessment to the county clerk of that county, as provided for in KRS 133.180, the property tax roll or a copy of the property tax roll, shall be retained in the office of the property valuation administrator for maintenance as an open public record for five (5) years. The property tax roll shall be available for public inspection during the regular working hours of the office of the property valuation administrator as provided for in KRS 132.410(2).

(2) Any person inspecting a property tax roll shall do so in a manner not unduly interfering with the proper operation of the custodian's office.

(3) Personal property tax returns, accompanying documents, and assessment records, with the exception of the certified personal property tax roll, shall be considered confidential under the provisions of KRS 131.190.

(4) Real property tax returns and accompanying documents submitted by a taxpayer shall be considered confidential under the provisions of KRS 131.190. Other real property records in the office of the property valuation administrator shall be subject to the provisions of KRS 61.870 to KRS 61.884. However, notwithstanding the provisions of KRS 61.874 [~~to 61.975~~] the Revenue Cabinet shall develop and provide to each property valuation administrator a reasonable fee schedule to be used in compensating for the cost of personnel time expended in providing information and assistance to persons seeking information to be used for commercial or business purposes. Any person seeking information on his own property, or any other person, including the press, seeking information directly related to property tax assessment, appeals, equalization, requests for refunds, or similar matters shall not be subject to fees for personnel time.

(5) The Revenue Cabinet shall provide advice, guidelines, and assistance to each property valuation administrator in implementing the provisions of KRS ***61.870 to 61.884*** [~~61.965 to 61.975~~].

"Section 6. KRS 164.020 is amended to read as follows:

The Council on Higher Education in Kentucky shall:

(1) Engage in analyses and research to determine the overall needs of higher education in the Commonwealth.

(2) Develop and transmit to the Governor comprehensive plans for public higher education which meet the needs of the Commonwealth. The plans so developed shall conform to the respective functions and duties of the state universities, the community colleges, and the University of Kentucky, as provided by statute. The council shall for all purposes of federal legislation relating to planning be considered the "single state agency" as that term may be used in federal legislation. When federal legislation requires additional representation on any "single state agency," the Council on Higher Education shall establish advisory groups necessary to satisfy federal legislative or regulatory guidelines.

(3) Determine tuition and approve the minimum qualifications for admission to the public institutions of higher education. In determining the tuition for non-Kentucky residents, the council shall consider the fees required of Kentucky students by institutions in adjoining states, the resident fees charged by other states, the total actual per student cost of training in the institutions for which the fees are being determined, and the ratios of Kentucky students to non-Kentucky students comprising the enrollments of the respective institutions, and other factors the council may in its sole discretion deem pertinent.

(4) Consider the requirements and review the budget requests, which shall be prepared in the manner and submitted by the institutions to the council by dates prescribed by the council, of the institutions of public higher education as to their appropriate level of support considering the functions of the institutions and their respective needs. The council, in cooperation with the university presidents, shall devise, establish, and periodically review and revise formulas for use in making recommendations to provide to the Governor and the legislature for use in making appropriations for the institutions of higher learning. The formulas shall provide for adequate and equitable allocation of funds among the several universities considering their respective needs and statutory, institutional, and geographic missions. In the development, revision, and refinement of formulas, committees composed of members of the council staff and a representative of each of the state universities shall conduct hearings on each campus in a manner to give all principal segments of each institution the opportunity to participate in the development of the formulas. The studies shall include, but not be limited to:

(a) A review of formulas used by other states to calculate needs and appropriate funds for institutions of higher education;

(b) A complete review of selected comparable institutions with reference to both the state appropriations and tuition charges; and

(c) A review of institutional activities and programs that can be calculated for use in the development of the formulas.

There shall be included in the final report the institutional responses to the studies and their recommendations and the recommendations of the advisory conference of presidents. Nothing in this chapter shall prevent or prohibit the Governor, the Legislature, the Council on Higher Education, or the governing board of any institution of higher education from requesting or recommending deviations from any applicable formula or formulas prescribed by the Council on Higher Education and advancing reasons and arguments in support of them. The individual institutions' budget requests, including tuition and registration fee schedules for all categories of students, along with council recommendations shall be submitted to the Governor through the Finance and Administration Cabinet not later than November 15 of each odd-numbered year. The council shall submit a separate budgetary recommendation for the University of Kentucky community college system.

(5) Review and approve all capital construction projects the cost of which exceeds ***four***~~[two]~~ hundred thousand dollars ***($400,000)***~~[($200,000)]~~ approved by the governing boards of the state-supported institutions of higher education prior to the institutions' submission of the projects to the Finance and Administration Cabinet or the State Property and Buildings Commission.

(6) Require reports from the executive officer of each institution it deems necessary for the effectual performance of its duties.

(7) Publish annually a report of the educational and financial affairs of the institutions and disseminate other information relating to higher education.

(8) Define and approve the offering of all higher education associate, baccalaureate, graduate, and professional degree or certificate programs in the state-supported higher education institutions; review proposals and make recommendations to the Governor regarding the establishment of new state-supported community colleges and new four (4) year colleges. The Council on Higher Education shall postpone the approval of any new program at a state institution of higher learning, unless the institution has met its equal educational opportunity goals, as established by the council. In accordance with administrative regulations promulgated by the council, those institutions not meeting the goals shall be able to obtain a temporary waiver, if the institution has made substantial progress toward meeting its equal educational opportunity goals. Provided, nothing in this section, KRS 164.011, 164.125, and 164.290 to 164.295 shall be construed to grant the Council on Higher Education authority to disestablish or eliminate any college of law which became a part of the state system of higher education through merger with a state college.

(9) Approve the teacher education programs in the public institutions.

(10) Elect a chairperson annually from the voting membership and appoint an executive director and staff needed and fix their compensation without limitation of the provisions of KRS Chapter 18A and KRS 64.640, subject to the approval of the commissioner of personnel and the secretary of the Finance and Administration Cabinet. No relative of a Council on Higher Education member shall be employed by the agency.

(11) Constitute the representative agency of the Commonwealth in all matters of higher education of a general and statewide nature which are not otherwise delegated to one (1) or more institutions of higher learning. The responsibility may be exercised through appropriate contractual relationships with individuals or agencies located within or without the Commonwealth. The authority includes, but is not limited to, contractual arrangements for programs of research, specialized training, and cultural enrichment.

(12) Develop procedures for the approval of a designated receiver to provide for the maintenance of student records of the public institutions of higher education and the colleges as defined in KRS 164.945, and institutions operating pursuant to KRS 165A.310 which offer collegiate level courses for academic credit, which cease to operate after July 15, 1980. Procedures shall include assurances that, upon proper request, subject to federal and state laws and regulations, copies of student records shall be made available within a reasonable length of time for a minimum fee.

(13) Monitor and report on compliance with KRS 164.351. The report shall be transmitted to the director of the Legislative Research Commission for distribution to the Health and Welfare Committee.

(14) Develop in cooperation with each state institution of higher education a comprehensive orientation program to be carried out by the respective institution for newly-appointed governing board trustees and regents. The orientation program shall include, but not be limited to, the presentation of information concerning the respective institution's mission, budget, plans, policies, strengths, and weaknesses."

(2) If the owner of a motor vehicle is other than an individual, the month in which the owning entity came into being shall be used for purposes of this section. If a motor vehicle is jointly owned, the owners shall indicate to the county clerk the birth month of one (1) of them to be used for purposes of this section. ***In addition, if a motor vehicle is jointly owned by a husband and wife, the ownership shall exist as a joint tenantship with right of survivorship, unless the registration expressly states to the contrary and gives an alternative specific status. Upon the death of one of the spouses, the jointly owned vehicle shall transfer to the surviving spouse free from payment of any state-required transferral fees.***

(3) The certificate of registration and license plate issued for a motor vehicle first registered, renewed, or titled in this state on or after January 1, 1983, shall be valid, unless canceled by the cabinet in accordance with KRS Chapter 186 or this chapter, upon payment of the required fee, for a period beginning on the first day of the month of the year in which registration is applied for, and expiring on the last day of the next birth month of the owner following the month during which registration is applied for, provided however that, upon the owner's request, and after payment of the proper prorated fee, an owner may obtain a certificate of registration and license plate valid through the last day of his second birth month following the month and year in which he applied for a certificate of registration. Any transaction relating to registration or registration renewal which would cause an unexpired Kentucky motor vehicle license plate to be surrendered shall have that unexpired fee prorated or credited against any additional fee required by a subsequent registration.

(4) After a motor vehicle has been initially placed in the system of year-round registration, the owner shall renew the registration annually during the owner's birth month, by making application to the county clerk and paying the fee required for twelve (12) consecutive months of registration, which shall take effect on the first day of the month succeeding the owner's birth month and shall expire on the last day of the owner's next birth month. Any registration renewal by mail shall require payment of an additional one dollar ($1) fee which shall be received by the county clerk. (6) Any owner who fails to renew the registration of a motor vehicle during the month in which the previous registration expired, shall, if he applies for renewal of the registration in some later month, pay the same fees that would have been required if the registration had been renewed in the month which the previous registration expired.

(7) Fees which must be prorated in carrying out the intent of this section shall be prorated on the basis of twelfths of the annual registration fee. Any vehicle which is registered at any time during a month, shall pay the fee required for that whole month plus any additional months of registration purchased consistent with the intent of the section.

GOVERNOR BRERETON C. JONES

STATE OF THE COMMONWEALTH

AND BUDGET ADDRESS COMBINED

January 24, 1994

Introduction

Lieutenant Governor Patton, President of the Senate Rose, Speaker Clarke, distinguished members of the General Assembly, Mr. Chief Justice Stephens, members of the Supreme Court, honored guests, ladies and gentlemen: Sunday night a week ago, a record snowfall blanketed our state. From Boyd County to Ballard County, the Commonwealth was covered with cold and sleet and snow. Like many of you, we have spent most of our waking hours in the last week making sure that our families and our neighbors were warm and safe. As I reflected on that snow and the incredible difficulties it brought to many families, I was struck once again with a sense of community -- a sense of how connected we all really are -- how much we need each other. That snowstorm reminded me again that all of us are one community, bound together, with common needs.

As thousands of Kentuckians from National Guardsmen to state troopers, from transportation employees to volunteers in trucks and jeeps worked tirelessly to unblock our highways and see that food, fuel, and provisions were able to reach our neighbors, it became clear to me that our job here tonight in this great chamber is very similar. Our job is to move Kentucky ahead, to keep Kentucky moving, to open up, if you will, highways of learning and economic opportunity that have too long remained frozen and blocked for too many of our citizens.

We must be one united community. However, this community of Kentuckians can only be built on a foundation made of equal parts of opportunity and responsibility. The politics of the past will not work anymore!

Rhetoric and good intentions alone will not solve our problems or create the future that our people deserve. We must band together as a team. We must use our united strengths to overcome our individual weaknesses. You and I must stand united for all of Kentucky!

The need to work together has never been greater than it is now that the mistakes of a few individuals have cast a shadow over all of us in public life. In years to come, however, the mistakes of a few will be but a footnote to the four years we will have spent working together. Our efforts will be remembered as years of progress and reform in lean and trying times!

Look at what we have already accomplished together:

We have reduced the maximum campaign contribution from $4,000 to $500 and dramatically reduced the amount of money that will be spent in future elections. We have saved millions of dollars and greatly reduced public stress by eliminating one year of elections out of every four and have given the people the opportunity to have eight years of continuity in the executive branch if a governor is doing a good job.

We have changed the way state contracts are awarded to architects and engineers. We award bond transactions and contracts based on merit--not politics. Through legislation we have changed the focus from politics to qualifications.

We have changed the way trustees are chosen for our universities and have made it nearly impossible to get a bad board.

We have changed our approach to economic development and have created over twice as many new jobs in the last two years as were created in the preceding two years. We have appointed more African -- Americans and women to boards, commissions, judgeships, and cabinet posts than any administration in history.

We have changed the operations of the state racing commissions by combining them into one commission and saving the taxpayers over $400,000. The record shows that we have had eight consecutive years of pari-mutuel increases for thoroughbreds and have increased live racing dates for standardbreds by 62% and their purses by 80%. Absolutely no other state in America has done as much for the standardbred industry.

We have changed the way lobbyists, legislators, and members of the Executive Branch of government interact with each other and the general public because of strong ethics legislation that you passed.

In tight budget times, you and I have kept education reform alive by funding our reform efforts.

We have received a waiver from the federal government that will allow us to obtain health care coverage for an additional 201,000 Kentuckians without any increase in taxes.

We have built more roads and laid more blacktop in the first two years of this administration than the first two years of any administration in history. And we did it with fewer employees in Transportation than they have had in the last two decades.

We established a Quality and Efficiency Commission that has identified innumerable ways to save the taxpayers dollars. This is in addition to the more than 1,400 permanent, full-time jobs we have eliminated through attrition.

Today we have a state government that is leaner, smarter, more efficient, more progressive, and less political than anytime in modern history.

You and I and a host of talented, dedicated people, working together, have made this possible. We have accomplished much these last two years, and we can do even more in the next two!

So where do we go from here? Let me suggest a road map and outline our proposed budget for the coming biennium.

Health Care

Let me begin by saying that there is no greater impediment to our ability to manage our budget than our lack of control of health care costs. If we do not control runaway health care costs, we will not have the necessary money for other needs. This fact still exists and very few would dispute it.

I am confident that we will pass meaningful health care reform in this session of the legislature .

Some say that it would be unfair for a qualified board to have the power to keep our citizens from being charged unreasonable health insurance premiums. I totally disagree! If our health care reform bill does not protect all Kentuckians from unreasonable charges, then we will have failed. I ask you to stand with me on this point!

A centerpiece to the health care financing issue and to the state budget is, of course, the retention of the provider tax. We must collect this amount of money, have it more than tripled in Washington, and give it to providers to pay for the health care of thousands of Kentuckians.

Medicaid Waiver Expansions

We announced last month that the federal government granted Kentucky's request to expand Medicaid coverage to all Kentuckians below the poverty line effective July 1, 1994. More than 201,000 Kentuckians will stand to benefit from this initiative. This program will allow the working poor to have access to health care services in a cost-efficient manner that saves lives and money. Actions have been taken and will continue over the upcoming biennium that will crack down on fraud and abuse and change the way the program is managed. Aggressive managed care and preventive services also will be made part of the Medicaid program to contain costs and assure quality services.

Education

Along with health care, one of our top priorities in this budget continues to be our commitment to education reform and the children of Kentucky. We must be leaders rather than followers, winners rather than losers, in our educational reform efforts.

The proposed recommendation in this budget, when coupled with the General Fund appropriation approved in the 1992 Session, will result in an increase of total General Fund appropriations to the Department of Education during our administration of nearly $300 million.

General Fund support for the SEEK and Tier I program has increased by $150 million during this administration. Perhaps most important, both the 1992 budget and the proposed budget recommend full funding of the Tier I component of SEEK. General Funds appropriated for Tier I have increased from $25 million in fiscal year 1992 to $78.2 million in fiscal year 1994, a three-fold increase. If the proposed budget is adopted, Tier I appropriations will increase another 18 percent during the 1994-96 biennium .

There is no way to build a good school without paying special attention -- and that means money -- to the most important part of our educational system -- the teachers. Teaching today is a very high stress occupation. Teachers in many instances must teach children who are ill prepared to learn who come from broken homes with difficult economic circumstances. Teachers today are not allowed to exert proper discipline in the class, are not given sufficient support, and encouragement to excel. We must do better! The proposed Budget includes a substantial increase in state support for professional development and training from the current $10 million to $14.5 million by the end of the 1994-96 biennium. Additionally, I ask every school board across this state to make teacher pay raises a top priority in every local district!

Recognizing the importance of meaningful training for both practicing and prospective teachers, we appointed a Task Force on Teacher Preparation that issued its report last month. Among its recommendations are the development -- by the Educational Professional Standards Board -- of results expected of teachers, administrators, and other certified school personnel. These results are modeled after the already approved "new teacher outcomes." These outcomes will establish various levels of proficiency for new and experienced teachers alike.

To this end, our budget includes funding for transformation of the current certification system to an outcomes based model and the development of expectations and standards that are realistic, equitable, and in the end hold our teachers accountable.

One of the most important programs is the Family Resource and Youth Service Centers. This program was born from the real life notion that in order for our children to have an opportunity to learn, they cannot be inhibited by social, health, and other problems they bring to school with them. The proposed budget includes a $ 10 million increase in General Fund support in fiscal year 1995 and a $20 million increase in fiscal year 1996 to complete this program. This will provide for a total of 673 centers by the end of the new biennium compared to the current number of 373. If the proposed funding is approved, all currently eligible schools, approximately 1,100 statewide, will be served by a Center.

No discussion regarding educational reform is complete without the state's commitment to the funding of public libraries. In the 1992 Session, we were able to provide our libraries with the 53 cents per capita funding formula for the first time since that standard was adopted in 1986. Because libraries are essential for independent, individual learning over a lifetime, I am proposing that the state aid base grant to public libraries be doubled in this budget. It has been over 40 years since this base grant formula has received budgetary attention. Ignorance is slavery and knowledge is freedom. Our public libraries are essential to our democratic way of life. We must ensure that they flourish.

Higher Education

To compete in the 21st century, our universities, as well as all of state government, likewise must be held accountable. Today, we are too often satisfied with too much duplication and too much mediocrity. There is too much hand wringing and too little forceful leadership; too much blaming, finger pointing, and too little positive action. Part of the problem, of course, is that we have eight public universities and fourteen community colleges in a state with fewer than four million people. There is no central governing body, no one body or person to be held accountable to see that efficient and effective uses of our higher education resources exist.

That is why I created a Commission earlier this year with each college president being a member to devise a plan to put our $700 million annual investment in higher education to better use.

I had hoped the presidents as members of that Committee, with university board chairmen and administration and legislative representatives, would make significant progress toward eliminating duplication in our higher education system and creating a system that emphasizes excellence. They jointly eliminated over 200 programs, but I believe they can do more! The Commission made major progress in devising a plan for financially rewarding universities in the future for measurable results and progress toward agreed upon goals in the area of instruction, public service, and research. While this concept of funding based on results and progress towards goals of excellence will take years to fully implement, it will eliminate inefficiency and wastefulness and provide proper incentives for excellence.

For the new biennium, the higher education budget will provide a two percent net operating increase in the first year and a three percent increase in fiscal year 1996, with all of the second year funding to be earned solely through the new performance based process. If additional money is needed, further reductions of duplication can be achieved by the university presidents.

Few areas in higher education are as critical as engineering. In recognition of this, the proposed budget fully funds the Council on Higher Education's budget request for the engineering education enhancement program.

Engineering education also will be enhanced in the Paducah area. One million dollars ($1,000,000) over the biennium is being added to the University of Kentucky budget for course offerings or other programming in the field of engineering at Paducah Community College. The University of Kentucky will be required to identify $1,000,000 to be spread equally between the two fiscal years, from its internal sources, to match these additional state funds and enhance engineering offerings. Moreover, should local governments in the Paducah area or private fundraising be able to raise up to $2,000,000 per year beyond these amounts for engineering enhancement, I am recommending that these local funds also be matched with up to $2,000,000 each year from the General Fund surplus account, on a contingent basis. This will provide a potential of up to $10,000,000 for the new biennium in new, targeted funding available for the Paducah and Purchase areas for engineering enhancement.

At the University of Kentucky in Lexington, the budget will provide for construction of a new Mechanical Engineering Facility to meet a critical need. Already some $2 million in private funds have been raised, with $4 million as a goal.

Although not currently listed in the proposed budget, we must help the University of Louisville build the badly needed Health Research Facility. In addition to the authorization to spend up to $9 million in private or university funds, if the University of Louisville will commit to raise an additional $5 million in private or university funds, I will propose that the capital budget be amended to allow the expenditure of an additional $ 14 million in state funds .

Additionally, I propose amending the budget to authorize Northern Kentucky University in this biennium to spend as much as $2 million in private or university funds to begin the design of the Sciences Classroom Building, a teaching facility at Northern.

The Community College system will receive a three percent increase in funding each year of the biennium.

Too often in recent years, our higher education administrators have postponed tough management decisions by increasing tuition charges to our students. That is wrong. Our proposed budget will prohibit any further tuition increases in the next biennium at our universities.

Workforce Development

According to the 1990 U.S. Census, the Commonwealth of Kentucky ranks 49th in the number of adults who have completed high school. Among Kentucky's adult population, 36 percent do not possess a high school diploma and, of those, 18 percent did not complete the eighth grade. This intolerable level of illiteracy and lack of preparation for the workforce must stop. Seventy-five percent of our labor force for the year 2010 is already on the job. If our businesses are to achieve and maintain success in a global economy, a workforce of skilled, well educated adults must be created .

Thus, our budget recommendation includes a commitment to the State of Kentucky Investment in Lifelong Learning (called our SKILL) Initiative and increases the total Workforce Development budget by 21 %.

State Workers

Our budget also recognizes and rewards one of our greatest resources -- our state workers .

Most state workers are honest, hardworking people who work for considerably less than their counterparts in the private sector. Instead of constantly bashing these people, we need to join with them as partners, encourage them to economize the expenditures of state money, and challenge them to accomplish even more for all Kentuckians. The Coalition of State Employees represented by Jack Sharp, Sarah Hurst and Marvin Terry did a fabulous job with the Governor's Quality and Efficiency Commission and greatly impressed the other members from the private sector.

Because of the great strides we have made towards a leaner, more efficient government, I am very proud that I can announce that our budget gives state employees a 5% raise in each year of the biennium. I want to mention two categories of dedicated state employees to whom we have given special adjustments in pay. We are raising the entry level salary of correction officers at our prisons and patient aids at state mental retardation facilities by an additional 15%. We have been grossly unfair to these people for far too long.

Human Resources

For Kentucky to compete in the next century, we must demand accountability and a timely and meaningful transition from welfare to the workplace. To provide the health and human services we need, we must reinvent welfare and the government that delivers the programs. We must cut the budgets for central administration and related services within the Cabinet for Human Resources.

Many of you in this chamber and countless Kentuckians across this state have shared my concern that too much money is wasted in programs and in a bureaucracy too often administered by technocrats that is too large, too unaccountable, and too wasteful. We have already made significant changes in this area and we are prepared to make many more.

CHR's original mission was to provide for the health and human service needs of all Kentuckians. Over the past decade, the CHR workforce, however, has grown by 22 percent. This is because when policymakers asked them to assume new responsibilities, they did not require the agency to evaluate the need to continue to provide existing services. As a consequence, CHR simply added more personnel, rather than retraining and redeploying workers. Over the past twenty years, CHR has evolved into a large, multi-layered bureaucracy that frustrates not only the citizens it was created to serve, but the dedicated public servants that struggle to work within it.

Our budget recommends a complete redesign of the entire CHR organizational structure to create a leaner, more productive agency that delivers higher value to Kentucky taxpayers. This will be accomplished through attrition.

Our budget recommends more than $600,000 in each year of the 1994-96 biennium for community services for the mentally ill. These funds will provide a full range of support services including medicines which prevent rehospitalization. New dollars have also been included to provide individual and group therapy for mentally ill and mentally retarded nursing home residents and to expand community-based services to emotionally disturbed children through the Kentucky Impact Program.

Three million dollars ($3,000,000) over the new biennium is recommended for the Supported Living Program, which provides a full array of services to help integrate persons with disabilities into the community.

More than $6 million in the upcoming biennium will be used to keep mentally ill persons undergoing incompetency hearings out of our jails.

Welfare Reform

Many Kentuckians agree that the current system of public assistance -- welfare -- has failed both the people it was intended to serve and the taxpayers who support it. Although Aid to Families with Dependent Children provides for the basic subsistence needs of its beneficiaries and attempts to move recipients into the workforce through the JOBS program, too few parents are successful in making the transition to work. This is unacceptable. Job training is not coordinated and comprehensive; transitional support services are limited; child support payments are sporadic or non-existent; goals are loosely defined and poorly communicated; and sanctions for recipients who refuse to participate in the JOBS program are weak and ineffective.

I strongly believe that it is government's responsibility to help those citizens who are unable to help themselves. However, it is not government's responsibility to help those who are unwilling to help themselves.

If we are to be serious about welfare reform we must develop a program that provides adequate AFDC benefits, childcare, transportation, housing, health care, and education. In return, we must require participation and employment.

I believe that with the proper federal waiver we can create such a program with the welfare legislation we now have. I want to work with Representative Tom Burch, Senator Benny Ray Bailey, and all others who are genuinely interested in this subject. At the present time, we are not being fair to the welfare recipient and we are also not being fair to the Kentucky taxpayer.

Parks

Two years ago I proposed that we revitalize the Kentucky state park system and once again make it the nation's finest. I recommended, and you approved, the issuance of $100 million in state revenue bonds to maintain, renovate, and upgrade our parks system. You endorsed that package of timely improvements, and admonished those of us who were to compile the list of individual projects for your final consideration, to stress basic infrastructure over new construction; roofs and renovations over frills and extras; the existing parks system over additions to that system. I am proud to say that Tourism Secretary Luallen has met your charge with a list of some 71 projects, made public some six weeks ago.

You have seen "the list." It is lengthy and well-considered. It will not have on it all of the park projects you and I might want. I hoped to go farther and to establish some new lodges, but the funds and the priorities simply would not permit this. Thus, with the $100 million investment, we will focus on the basics. However, I will ask the Privatization Commission to explore the feasibility of privatization options for needs not contained on the "list."

This investment to reclaim our parks will be a great economic boost to our entire commonwealth as our bid specifications will require the use of Kentucky products and materials and the payment of the prevailing wage.

Coal Severance

Our coal producing region must increase its efforts to diversify its economic base. We cannot wait until the coal runs out -- the foundation for a diversified economy must be completed now. That's why, as a candidate for Governor, I advocated the return of more coal severance tax dollars to eastern Kentucky as well as to the coal counties in western Kentucky. We increased this amount by 6% in our first budget and increase it by an additional 7% in this budget.

Roads

There is another promise that must be kept that does much for the economies of rural and urban areas throughout the state. The Economic Development Road Bond program you first authorized in the 1990 Session for $600 million of new bond authority, on eight major road systems statewide, must be continued. This budget proposes that the next phase of road construction move forward on schedule with $150 million of bonds to be sold in fiscal year 1995. I realize this is a significant investment. We must understand, however, that there remain many unmet road and bridge needs.

Another program of statewide importance, with strong economic development and environmental implications, is the Kentucky Infrastructure Authority wastewater treatment program. Our budget will include $ 15 million in new state funding that will attract $75 million in federal funds for statewide wastewater treatment plant improvements.

Agriculture

In the last few months, I have engaged in a vigorous debate and candidly taken some heat from several quarters because of plain talk about the future of Kentucky's farmers. We must fight to maintain the viability of the family farm. It is a way of life and living for thousands of Kentuckians and unless we openly and honestly debate its future and find new solutions, it will only continue to decline and diminish. In addition to the debate I called for at the federal level regarding the plowback of a portion of the tobacco tax to help Kentucky farmers, this budget calls for an array of new programs that will help make Kentucky farmers a more viable economic force.

We will authorize the University of Kentucky to develop the Pin Oak Farm property you purchased as a replacement for Coldstream Farm. Progress has been slow to date, and while Coldstream has seen some significant economic activity, there has been no corresponding activity at the old Pin Oak Farm. This budget authorizes and encourages the University of Kentucky to move forward with the Agricultural Economic Development Initiative and the first phase of the development of the Animal Science Research Center to be located at the former Pin Oak #1 Farm. Although the University requested state General Fund support for these projects, the budget provides authority from University funds. It is intended that these funds be generated from the revenues realized by the University from the development of the Coldstream Research Park. It is important to recall that Coldstream Farm was provided to the University specifically for use in the development of the agriculture program. Therefore, it is only appropriate that the University use this impressive resource to replace the agriculture facilities that are being converted to other uses and to further the interests of agriculture. To allow time for a planned transition, it is not intended that the University use the revenues generated by the Coldstream Research Park solely for agricultural purposes.

The budget also includes authorization to create a major farmers market development to be located in Northern Kentucky, in partnership with the federal government, which will provide substantial matching funds. The total development could approach $8 million, including $3 million in state bond support.

Economic Development

In the 1992 Session, House Bill 89 created the Economic Development Partnership Board which for the first time required the creation of a comprehensive strategic plan for economic development for the entire state. This plan will be finished next month. It will only be as good as its execution and implementation. It will be up to all of us, together with Economic Development Secretary Strong, to demand and require accountability in this process as we begin the difficult task of implementing this plan. One of the primary catalysts in this plan will be the funding we propose to create flexible manufacturing and agriculture networks that will encourage Kentucky businesses to share information, technology, marketing strategies, and promote a cooperative environment as we restructure certain of our economic development programs.

We have continued the proven economic development bond program and the significant tax credit programs you authorized in the 1992 General Assembly. In the first two years of this administration we have announced nearly 30,000 new jobs, jobs like the Fidelity Investment in Northern Kentucky and Dana Corporation in Elizabethtown. These programs work. Instead of cash giveaway programs, these programs require a company to earn its way by creating the jobs first.

To create the strong economy we need, we must deal with the workers compensation problem. I support the concept of the compromise reached by labor, business, Secretary Palmore and others. This legislation is currently being drafted and I invite your comments.

Our present patchwork tax code is a deterrent to job creation in this Commonwealth. While we have more than enough on our plate for this session, I ask that you give serious thought to addressing comprehensive tax reform study as soon as this session is completed. With the proper commitment, we could be ready to deal with tax reform immediately after the November elections.

Environmental Protection

Complementing these economic development efforts, our Natural Resources and Environmental Protection Cabinet will continue its efforts to enforce environmental regulations, including full implementation of the Clean Air Act amendments.

Natural Resources forestry experts plan to begin a reorientation of the Division of Forestry so that the wood products industry, and modern forestry management practices supporting sustained growth, can be melded with sound environmental stewardship .

Modeled on the President's National Service Corps, Natural Resources Secretary Phillip Shepherd has requested, and I support in the proposed budget, the creation of a new Kentucky Environmental Service Corps for citizens of all ages beginning in fiscal year 1996. This Service Corps will enlist the time, talent, and energy of Kentuckians who want to be of service in the cause of environmental protection. Initially, 40 positions will be created and the Corps will respond to projects proposed by local governments, businesses, and environmental groups.

We will also expand the Nature Preserves Commission staff to oversee the Commonwealth's resources and unique assets for which they are stewards, and we provide funding to acquire unique areas, such as old growth forests.

Revenue Collection

We intend to support the Revenue Cabinet and Secretary Burse in her efforts to collect the taxes already on the books. In the interests of fairness, equity, and accountability, we must collect what is already due to the State Treasury under the current tax laws. Truthfully, we are not doing the best job of that now. Consequently, I am recommending approval of the budget request from the Revenue Cabinet to increase the collections staff, the audit staff, the field audit program, criminal enforcement activity, and administration of the delinquent tax fund. We will also provide funds for a new infusion of technology that will lead to long-term modernization of our revenue collection activity.

The effort will require an additional 118 workers above the levels you approved in the 1992 Session. Nonetheless, conservative estimates provided by the Revenue Cabinet are that we can reliably expect to collect over $33 million of new General Fund revenue over the biennium from existing tax levies simply with proper collection efforts

Bond Projects

During the 1992 legislative session, I proposed to you a limited capital project agenda to be financed with state revenue bonds. You authorized that proposal in the amount of $439 million in new bonded indebtedness to support the Parks bonds, and a previous installment of the Road bonds, as well as basic infrastructure and a few new projects .

While our economy has improved and our financial position also has improved, now is not a time for extensive borrowing. Therefore, I will again present a limited and carefully selected capital projects agenda. The new projects recommended total $474 million for the biennium, and this is the third lowest total new debt amount approved in any budget in the past 14 years. This level of new debt when coupled with the lowest interest rates in 30 years make this debt package a prudent and sound investment in Kentucky's future.

None of us should embark upon new debt lightly. Neither should we shrink from the responsibility we have to provide public facilities that meet standards of health, safety, and public access. We have sobering responsibilities with respect to criminal justice that must be met and we have a long-term commitment to the development of Kentucky's economy through jobs creation projects and education enhancements.

Among the projects we will be proposing are the following the Commonwealth Library at the University of Kentucky, the Muhlenberg County Prison, Phase ll, the Northern Kentucky Convention Center in Covington, the Commonwealth Convention Center in Louisville, the Kentucky History Center in Frankfort, Hazard Community College Student Performing Arts/Convention Center, Hopkinsville Regional Tech Training Center, Danville Kentucky Tech Facility, Morehead State University - Lappin Hall, Phase ll for a new science facility, Ashland Community College Classroom Building, Phase I of a New Office Building for state government in Frankfort, a $7 million share of the new University of Louisville Football Stadium.

Budget Summary

Let me conclude this budget outline with two observations about the budget process.

Budget Reserve

First, when we took office we inherited a budget that was dramatically out of balance, with a rainy-day account of approximately $23 million.

That problem was only compounded by the impossible task any new governor faces under the current constitutional requirement of an early January legislative session, only 3-4 weeks after inauguration.

Today I propose a truly balanced budget with $130 million in the rainy-day account, the largest budget reserve in history! This has been accomplished without any increase in taxes.

Revenue Forecast

Second, no budget can be built without a responsible revenue forecast. We have endured budget cuts 12 times in the last 14 years in this state. There's no way we can work under these conditions. We have this year for the first time joined forces -- Legislative and Executive Branch together -- to develop a consensus revenue forecast. It is my belief that this new partnership together with a responsible level of spending will allow us to end the cycle of budget cuts our state too often endures. Because of the court's findings in the ARMCO Steel and the Peabody Coal cases, we are proposing technical, corrective legislation to the tax code. It is our judgment that the rationale and interpretation of the courts in these two lawsuits does not comport with original legislative intent and, thus, this $69 million mistake must be corrected and I intend to take the lead on this issue.

As I said, we are proposing a Budget Reserve Trust Fund of $130 million, over five times the size of the rainy day fund we inherited when we took office. This rainy day fund is the biggest in the state's history and is approximately 2 1/2 percent of the annual General Fund.

Now, there are three additional initiatives that are critical to accomplish during the next two years: crime prevention, improvement of the personnel system, and improved utilization of communications technology.

Crime Prevention

All of our efforts to create jobs and economic opportunity for the people of Kentucky mean nothing if our families cannot live in homes and neighborhoods that are free from violence and the fear of violence. A few days ago, I announced my support for significant crime fighting measures that will be introduced in this legislative session. These measures limit the access of juveniles to unsupervised weapons, including depriving juveniles of their ability to obtain assault rifles. Crime control measures need not involve increased costs. Some, in fact, can decrease our costs. Currently, we are unnecessarily incarcerating people better dealt with in other settings, such as community settings. This practice must cease. Some measures do cost money and I am prepared to recommend additional funding. The budget includes over $6 million in construction funds to support the development of a secure juvenile detention facility in Eastern Kentucky and Northern Kentucky, and to design a similar facility for Western Kentucky should that need develop.

We will authorize the Kentucky State Police to attain a trooper strength of 1,000, equaling its highest authorized level ever, an addition of 30 sworn officers.

We will also strongly support Attorney General Chris Gorman's Task Force on Child Sexual Abuse. A full-time Victims Advocate will be authorized for each of the 56 Commonwealth Attorneys offices to assist people who are victims of crime.

Both the State Police Crime Lab and the Cabinet for Human Resources will also receive additional funding in support of the Child Sexual offense initiative.

The budget also contemplates strong support for an often neglected aspect of the criminal justice system. Ever since the Office of Public Advocacy was established in 1972, it has survived from "hand to mouth." In my judgment, this was attributable not only to their often unpopular job of defending poor people charged with crimes, but also from a lack of imagination with respect to seeking financial support.

Under the leadership of Public Protection Secretary Holmes, the Task Force on the Delivery and Funding of Public Defender Services recently concluded its work with a recommendation that the public advocate receive significant additional funding from non – traditional sources. These include an increase in the DUI service fee of $50 and a $40 user fee for those criminal defendants who have the money to help pay for the legal services they receive. These two non – General Fund fees will enable the public advocate substantially to expand services and properly discharge their responsibilities.

Personnel System Improvements

All of these programs are no better than the ability of our state employees to work in a state government that is accountable to the customer, the taxpayers of Kentucky. Recognizing this need, we established earlier last year the Governor's Commission on Quality and Efficiency to review state government operations and chart a new course for Kentucky. The fifty-five members of that Commission, drawn from merit employees and private sector citizens alike, delivered to me approximately six weeks ago the first report of this Commission, a Wake Up Call for Kentucky. The conclusion of the work of that Commission is that Kentucky has all of the resources we need to transform government services and meet peoples' needs. The only question is whether we have the political will to make the tough decisions necessary to prepare for the 21st century. If we do, Kentucky can be a leader in the nation. If we fail in this task, our ability to compete in the next century will be sorely diminished.

The one refrain that this Commission heard over and over again was the crying need to empower our state employees to do their jobs. Our state employees are demanding a career service system that secures their employment free from political whim; provides competitive wages, benefits, and incentives; creates meaningful training and development opportunities; gives them freedom to make decisions and flexibility to manage; and defines measures that recognize success and correct failures. State government is the largest employer in Kentucky. If we are to retain our best and brightest people, we absolutely must follow the model of American business and change our personnel management system to support productive employees. To that end, we have created the Career Service System Task Force that will propose during this General Assembly the creation of pilot programs across this government to begin the process of transforming our personnel system. We can no longer run a government with five different personnel systems and over 1,600 job classifications. That stifles efficiency and creativity.

Technology

No discussion of our vision for Kentucky in the next century would be complete without addressing the issue of technology, what Vice President Gore calls the information superhighway that is coming closer to reality every day. The applications of technology in today's world are only limited by our imagination. Our children will receive much of their education, health care, and the delivery of innumerable essential services on electronic networks of which we can barely conceive. Our proposed budget continues the implementation of this network. Some months ago, I instructed the Finance Cabinet to develop a plan to build and construct an information network to handle all of state government's information needs into the next century and to be accessible to private sector users across the state as well. I have directed that this process be competitively bid and involve as much private sector capital investment as possible. That process is on track and Kentucky will be one of the first states in the nation to begin this exciting and vital effort.

Conclusion

The hour is late and I thank you for your patience. I hope in some measure I have been able to share with you our dream, our vision for Kentucky -- a community where each and every Kentuckian has a chance to be educated, to work, to own a home, to raise a family, and to be secure and safe in their old age. It is a community built on a commitment to opportunity for every Kentuckian and the responsibility of every Kentuckian to carry their own weight. The problems are numerous, but the solutions are available. President Kennedy once said, "Our task is not to fix the blame for the past, but to fix the course for the future." You and I must fix the course. We asked for the job. .so let's get on with it!

Representative Stumbo moved that the Joint Session of the House and Senate be dissolved. Agreed.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 61.545 is amended to read as follows:

(1) The board shall determine by appropriate administrative regulations how much service in any year is the equivalent of a year of service credit and how much service in any calendar month is the equivalent of a month of service credit. It shall not allow credit for more than one (1) year of service for all service rendered in any period of twelve (12) consecutive months except as provided in KRS 61.546 and in subsection (2) of this section.

(2) Employees participating in one (1) of the state administered retirement systems who are or have been employed by a school board participating in the County Employees Retirement System to work less than twelve (12) months each year may purchase the additional months of service credit needed to total one (1) year of service credit. The employee or the school board may purchase the service credit by paying the retirement system the member and employer contributions calculated on the average monthly rate multiplied by the number of months to be purchased. The payment shall be received by the retirement system by December 31 immediately following the school year in which the fractional year's service occurred. Members who have service credit prior to July 1, ***1994***[~~1992~~], or their employers, may purchase service credit for previous years if payment is made by August 1, ***1995***[~~1993~~].

(3) An employee who is simultaneously eligible for membership in more than one (1) retirement system administered by the Kentucky Retirement Systems may, at his option, choose to participate in only one (1) of those systems. The choice, once made, shall remain in effect so long as the employee is eligible for membership in more than one (1) system.

Section 2. KRS 160.291 is amended to read as follows:

(1) All school employees working on a continuing, regular basis, shall be paid regularly, on dates determined by the employing board of education, during the school year or during the fiscal year for twelve (12) month employees, the provisions of KRS 337.020 notwithstanding. The gross salary received on each pay date will be an amount equal to the school employee's annual salary divided by the number of pay dates.

(2) Salary amounts shall be paid on the prescribed pay dates without deduction for days on which schools were closed; provided, however, any time not worked for which pay is received must be made up prior to the end of that current school year, or pay so received shall be withheld from the final salary payment of that school year.

(3) Gross salary payments under subsection (1) of this section need not, but may, include pay for extra duties or services. Payment for such extra duties or services must be paid pursuant to a payment plan adopted by the board of education prior to the beginning of the school year.

(4) Payments made by the board of education under the authority of this section are deemed to be for services rendered and for the benefit of the common schools; the payments do not affect the eligibility of any school system to participate in the public school fund as established in KRS Chapter 157. Nor shall any individual board member or administrator be held liable where additional payments for such service become necessary. Provided, however, that nothing in this section authorizes or requires the payment of salaries to personnel when schools are closed as a result of a strike or other work stoppage or when schools are open and personnel fail to render services. No part of this section shall be law if any part is declared unconstitutional.

(5) Subsection (2) of this section does not apply to those employed on a twelve (12) month basis.

(6) The board of education of each county or independent school district shall notify each of its classified employees who works less than twelve (12) months a year of the employee's eligibility to purchase additional months of retirement service credit pursuant to KRS 61.545(2). Notification shall be made in writing by July 1 of each year.

"Section 2. KRS 133.120 is amended to read as follows:

(1) Any taxpayer desiring to appeal an assessment on real property made by the property valuation administrator***, or on unmined minerals assessed by the Revenue Cabinet,*** shall first request a conference with the property valuation administrator or his designated deputy. The conference shall be held prior to or during the inspection period provided for in KRS 133.045***, or in the case of assessments of unmined minerals, during the time period established by the Revenue Cabinet by administrative regulation***. During this conference the property valuation administrator or his deputy shall provide an explanation to the taxpayer of the constitutional and statutory provisions governing property tax administration, including the appeal process, as well as an explanation of the procedures followed in deriving the assessed value for the taxpayer's property. The property valuation administrator or his deputy shall keep a record of each conference which shall include, but shall not be limited to, the initial assessed value, the value claimed by the taxpayer, an explanation of any changes offered or agreed to by each party, and a brief accounting of the outcome of the conference. At the request of the taxpayer, the conference may be held by telephone.

(2) Any taxpayer still aggrieved by an assessment on real property made by the property valuation administrator ***or unmined minerals made by the Revenue Cabinet*** after complying with the provisions of subsection (1) of this section may appeal to the board of assessment appeals. The taxpayer shall appeal his assessment by filing in person or sending a letter or other written petition stating the reasons for appeal, identifying the property for which the appeal is filed, and stating to the county clerk the taxpayer's opinion of the fair cash value of the property. The appeal shall be filed no later than one (1) workday following the conclusion of the inspection period provided for in KRS 133.045***, or in the case of unmined minerals, the appeal shall be filed as established by the Revenue Cabinet by administrative regulation***. The county clerk shall notify the Revenue Cabinet of all assessment appeals and of the date and times of the hearings. The board of assessment appeals may review and change any assessment made by the property valuation administrator ***or, in the case of unmined minerals, by the Revenue Cabinet*** upon recommendation of the Revenue Cabinet, county judge/executive, mayor of any city using the county assessment, or the superintendent of any school district in which the property is located, provided such recommendation is made to the board in writing specifying the individual properties recommended for review. If the board of assessment appeals determines that any such assessment should be increased, then it shall give the taxpayer notice in the manner required by subsection (4) of KRS 132.450, specifying a date when the board will hear the taxpayer, if he so desires, in protest of such increase. Any real property owner who has listed his property with the property valuation administrator at its fair cash value likewise may ask the county board of assessment appeals to review the assessments of real properties he believes to be assessed at less than fair cash value, providing he specifies in writing the individual properties for which the review is sought and factual information upon which his request is based, such as comparable sales or cost data. Nothing in this section shall be construed as granting any property owner the right to request a blanket review of properties or the board the power to conduct such a review.

(3) The board of assessment appeals shall hold a public hearing for each individual taxpayer appeal in protest of the assessment by the property valuation administrator filed in accordance with the provisions of subsection (2) of this section, and after hearing all the evidence, shall fix the assessment of the property at its fair cash value. The Revenue Cabinet may be present at the hearing and present any pertinent evidence as it pertains to the appeal. The taxpayer shall provide factual evidence to support his appeal. If the taxpayer fails to provide reasonable information pertaining to the value of the property requested by the property valuation administrator, the Revenue Cabinet, or any member of the board, his appeal shall be denied. This information shall include, but shall not be limited to, the physical characteristics of land and improvements, insurance policies, cost of construction, real estate sales listings and contracts, income and expense statements for commercial property, and loans or mortgages. ***In the case of unmined minerals, the information shall include, but not be limited to, the type of mineral, quality of the mineral, lease and royalty information.***

(4) Any person receiving compensation to represent a property owner in an appeal before the board shall be an attorney, a certified public accountant, a certified real estate appraiser, a Kentucky licensed real estate broker, or an employee of the taxpayer.

(5) The board shall provide a written opinion justifying its action for each assessment either decreased or increased in the record of its proceedings and orders required in KRS 133.125 on forms or in a format provided or approved by the Revenue Cabinet.

(6) The board shall report to the property valuation administrator any real property omitted from the tax roll. The property valuation administrator shall assess such property and immediately give notice to the taxpayer in the manner required by KRS 132.450(4), specifying a date when the board of assessment appeals will hear the taxpayer, if he so desires, in protest of the action of the property valuation administrator.

(7) The board of assessment appeals shall have power to issue subpoenas, compel the attendance of witnesses, and adopt rules and regulations concerning the conduct of its business. Any member of the board shall have power to administer oaths to any witness in proceedings before the board.

(8) The powers of the board of assessment appeals shall be limited to those specifically granted by this section.

(9) No appeal shall delay the collection or payment of any taxes based upon the assessment in controversy. The taxpayer shall pay all state, county, and district taxes due on the valuation which he claims as true value and stated in the petition of appeal filed in accordance with the provisions of subsection (1) of this section. When the valuation is finally determined upon appeal, the taxpayer shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6) from the date when the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to such tax bill.

(10) Any member of the county board of assessment appeals may be required to give evidence in support of the board's findings in any appeal from its actions to the Kentucky Board of Tax Appeals. Any persons aggrieved by a decision of the board, including the property valuation administrator, taxpayer, and Revenue Cabinet, may appeal the decision to the Kentucky Board of Tax Appeals. Any taxpayer failing to appeal to the county board of assessment appeals, or failing to appear before the board, either in person or by designated representative, shall not be eligible to appeal directly to the Kentucky Board of Tax Appeals.

(11) It shall be the duty of the county attorney to represent the interest of the state and county in all hearings before the board of assessment appeals and on all appeals prosecuted from its decision. In the event the county attorney is unable to

represent the state and county, he or the fiscal court shall arrange for substitute representation.

Section 3. KRS 133.125 is amended to read as follows:

(1) No later than three (3) working days after the expiration of the inspection period provided for in KRS 133.045 ***or, in the case of unmined minerals, within the time period determined by the Revenue Cabinet by administrative regulation,*** the county clerk shall provide a copy to the property valuation administrator of each appeal petition and a summary of the appeals filed with the county board of assessment appeals. The summary shall be in a format, or on a form, provided or approved by the Revenue Cabinet. The property valuation administrator shall, within three (3) working days of receipt of the summary, prepare and submit to the Revenue Cabinet a final recapitulation of the real property tax roll incorporating all changes made since the submission of the first recapitulation. Those properties under appeal shall be listed for recapitulation and certification purposes at the value claimed by the taxpayer. After submission of the final recapitulation to the Revenue Cabinet, assessments shall not be amended except for adjustments ordered by the board and for corrections made under the provisions of KRS 133.110 and KRS 133.130.

(2) The county clerk, or an authorized deputy, shall act as clerk of the board of assessment appeals; and where additional board panels are appointed, as provided by law, one (1) authorized deputy shall act as clerk for each panel. An accurate record of the proceedings and orders of the board and of each of its authorized panels shall be kept and shall show the name of the owner of the property, the description, the type of property, the amount of the assessment the property valuation administrator placed on the property, and the amount of change made in the assessment by the board. A copy certified by the chairman of the board and attested by the county clerk shall be filed by the clerk with the property valuation administrator and with the Revenue Cabinet within five (5) days after the adjournment of the board.

(3) The county clerk shall certify to the county judge/executive the number of days during which the board was in session, and the court shall enter this fact of record along with the amount due the board members for their services. On a presentation of a copy of the order, the Finance and Administration Cabinet shall draw a warrant on the State Treasurer in favor of the board members and clerk for the amount due for their services.

(4) The county clerk and any authorized deputies serving as clerk of the board or a panel thereof shall be allowed the same compensation per day for their services as is allowed to members of the board of their county, and they shall be paid in the same manner as members of the board are paid. The county clerk and his authorized deputies shall be allowed compensation for completing and filing the record of the board in the same manner as allowed for their services while acting as clerk of the board or clerk of a panel of the board.".

(1) No physician, dentist, nurse, pharmacist, or other medical professional or paraprofessional licensed or certified by the Commonwealth of Kentucky or an agency thereof shall be liable in civil damages for medical services rendered by the person voluntarily and without compensation, or the expectation of compensation, to a patient of any medical facility that is organized in whole or in part for the delivery of health care services without charge, unless the person rendering the services engages in any act or omission which constitutes willful and wanton misconduct. The medical services may be provided by the medical professional or paraprofessional at the medical facility, the office of the professional or paraprofessional, the patient's home, or any other location if the patient is referred from the facility.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF SUBTITLE 40 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) For purposes of this section, the term "charitable health care facility" means any clinic, licensed by the Commonwealth of Kentucky, engaged exclusively in rendering medical care without compensation or charge to the individual, without payment or reimbursement by any governmental agency or insurer and not owned by or controlled by a health care facility which charges for medical or health care services. "Charitable health care facility" includes employees, agents, staff, nurses, pharmacists, paraprofessionals, and physicians while working or practicing in conjunction with the charitable health care facility who are not otherwise covered by medical negligence insurance.

(2) Charitable health care facilities shall be entitled to receive medical negligence insurance coverage, without deductible, for acts or omissions alleged to be a deviation from the standard of care required of medical care providers. The insurance coverage shall be in a form approved by and acceptable to the commissioner and substantially similar in form and in substance to policies for medical negligence insurance coverage provided in the Commonwealth and shall extend to all damages for which a charitable health care facility may be found to be liable and for any costs of providing a defense against claims.

(3) If a claim for medical negligence is made against a charitable health care facility, the claim shall be assigned for defense and indemnity through the assigned claims plan established in this section.

(4) The insurance provided pursuant to this section shall be secondary to any other insurance which may be available to the party against which the claim is made.

(5) Insurers providing medical negligence insurance for health care providers, including physicians, hospitals, clinics, and other health care facilities and health care professionals, may organize and maintain, subject to approval and regulation by the commissioner, an assigned claims bureau and an assigned claims plan for charitable health care facilities and may adopt rules for their operation and for assessment of cost on a fair and equitable basis consistent with this section. If insurers do not organize and continuously maintain an assigned claims bureau and an assigned claims plan in a manner considered by the commissioner to be consistent with this section, the commissioner shall organize and maintain an assigned claims bureau and an assigned claims plan. Each insurer providing medical negligence insurance in the Commonwealth shall participate in the assigned claims bureau and the assigned claims plan as a condition of doing business in Kentucky. Costs incurred shall be allocated fairly and equitably among the insurers.

(6) The assigned claims bureau for charitable health care facilities shall promptly assign each claim against a charitable health care facility to a medical negligence insurer pursuant to subsection (5) and shall notify the facility of the identity and address of the assignee of the claim. The charitable health care facility shall have all rights and obligations to the assignee as if the charitable health care facility had been issued a policy of medical negligence insurance, without deductible, for any acts or omissions arising from any alleged deviation from the standard of care required of the charitable health care facility.

Counties choosing not to comply with the provisions of this subsection shall be granted a waiver by the commissioner of the Department of Corrections.

The commissioner of the Department of Corrections shall evaluate the request and transfer the inmate if he deems it necessary. (6) Class D felons serving their time in a local jail shall be considered state prisoners, and the Department of Corrections shall pay the jail in which the prisoner is incarcerated a per diem amount determined according to KRS 431.215(2). Section 2. KRS 21.370 is amended to read as follows:

(1) Except as provided in subsection (2) of KRS 21.410 and in subsection (2) of KRS 21.420, no benefits shall be payable under KRS 21.350 to 21.480 to any member or to his surviving spouse, unless he has completed at least eight (8) years of service, including service before becoming a member. No surviving spouse of a retired member shall be entitled to any benefits unless the person was the spouse of the member at the time he retired.

(2) A member who has qualified for benefits pursuant to this section may transfer to the Judicial Retirement Plan up to ten (10) years of service credit which he has earned in ***a retirement system administered by Kentucky Retirement Systems, and he may transfer to the Judicial Retirement Plan up to ten (10) years of service credit which he has earned in the Kentucky Legislators' Retirement Plan*** [~~the Kentucky Employees' Retirement System~~]. If the member elects to transfer his [~~Kentucky Employees' Retirement System~~] service credit, ***the*** [~~that~~] system ***or plan from which the transfer is made*** shall transfer to the judicial retirement fund an amount equal to the employee's and employer's contributions attributable to that credit, together with interest on the contributions from the date made to the date of transfer at the actuarially assumed interest rate of the ***system or plan from which the transfer is made*** [~~Kentucky Employees' Retirement System~~] in effect at the time the contributions were made, compounded annually at that same interest rate. The member shall be entitled to the transferred service credit, at the rate at which he qualifies pursuant to KRS 21.400, when he pays the total difference between the amount of the funds transferred [~~by the Kentucky Employees' Retirement System~~] and the cost of

the credit to the Judicial Retirement Plan, as determined by the actuary for the Judicial Retirement Plan. *The member may pay by lump sum or by increments as set forth in KRS 6.515(2)(b), but an installment contract shall not extend for more than sixty (60) months. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 21.360(6).*

(3) Any active member of the Judicial Retirement Plan who is vested in the Judicial Retirement Plan pursuant to subsection (1) of this section or KRS 21.375, shall receive service credit for a maximum of four (4) years for his period of service as a city police judge for a city within the Commonwealth of Kentucky, if the service was performed prior to the first Monday in January, 1978, and if the service has not been credited to the member's account with any other public defined benefit plan, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The period of service to be purchased shall be certified to the board of trustees by the custodian of the records of the city for which the service was performed. The service credit shall be awarded and the cost shall be determined in conformity with the rate which applies to the member in question pursuant to KRS 21.400. Service credit awarded pursuant to this subsection shall be equivalent, for all purposes of the Judicial Retirement Plan, to other service credit earned in the plan. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 21.360(6).

(4) (a) Any active member of the Judicial Retirement Plan who is vested in the Judicial Retirement Plan pursuant to subsection (1) of this section or KRS 21.375, or his beneficiary acting in his place if the member dies prior to retirement, shall receive service credit for a maximum of four (4) years for his period of service in the armed forces of the United States, if his discharge therefrom is honorable and he has not been credited with the service by any other retirement system administered by the Commonwealth of Kentucky, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The service credit shall be awarded and the cost shall be determined in conformity with the rate which applies to the legislator in question pursuant to KRS 21.400. Service credit awarded pursuant to this subsection shall be equivalent, for all purposes of the Judicial Retirement Plan, to other service credit earned in the plan.

(b) The beneficiary may purchase military service credit only at one (1) time by lump-sum payment for the amount of service he wishes to purchase, and the payment shall be made within thirty (30) days of the death of the active member. The member may purchase all of his military service credit at one (1) time, or in increments of no less than one (1) year, unless there is a fraction remaining after all full years have been paid for. Payment of the total or the increment may be made by lump sum or by monthly installments through payroll deduction. If the member chooses to pay by installment, the cost of the service credit shall be computed in the same manner as for a lump-sum payment, which shall be the principal. Interest, at the annual actuarial rate in effect at the time each payment is made, shall be added to each monthly payment at the rate of one-twelfth (1/12) of the annual interest rate applied to the declining principal amount. Installment purchases shall be for no less than twelve (12) nor more than sixty (60) months. If the member leaves office before completing his installment payments, he may satisfy his contract by a lump-sum payment of the remaining principal amount, but no further installment payments shall be accepted thereafter. In this case, the member shall be credited with the military service credit for which he has paid, in years or months but no fraction less than a full month, and any payment remaining after credit for full months has been awarded shall be returned to the member.

(c) The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 21.360(6).

(d) No veteran shall be eligible to purchase military service credit under this section if he is receiving a military pension or is eligible for a military pension in the future, unless the military pension is for service primarily on inactive duty in a reserve component of the armed forces, or is a disability pension which does not exceed five hundred dollars ($500) monthly.

Section 3. KRS 6.515 is amended to read as follows:

(1) Service credit in the Legislators' Retirement Plan shall be acquired only by service as a legislator after July 1, 1980, while a member of the plan, by transfer of credit as provided in KRS 6.505, or by purchase of military service credit pursuant to subsection (2) of this section, or by transfer of credit as provided in subsection (6) of this section.

(2) (a) Any active member of the Legislators' Retirement Plan who has at least five (5) years of service credit in the Legislators' Retirement Plan, or his beneficiary acting in his place if the member dies prior to retirement, shall receive service credit for a maximum of four (4) years for his period of service in the armed forces of the United States, if his discharge therefrom is honorable and he has not been credited with the service by any other retirement system administered by the Commonwealth of Kentucky, by paying the retirement system fifty percent (50%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The service credit shall be awarded and the cost shall be determined in conformity with the rate which applies to the legislator in question pursuant to KRS 6.520. Service credit

awarded pursuant to this subsection shall be equivalent, for all purposes of the Legislators' Retirement Plan, to other service credit earned in the plan.

(b) The beneficiary may purchase military service credit only at one (1) time by lump-sum payment for the amount of service he wishes to purchase, and the payment shall be made within thirty (30) days of the death of the active member. The member may purchase all of his military service credit at one (1) time, or in increments of no less than one (1) year, unless there is a fraction remaining after all full years have been paid for. Payment of the total or the increment may be made by lump-sum or by monthly installments through payroll deduction. If the member chooses to pay by installment, the cost of the service credit shall be computed in the same manner as for a lump-sum payment, which shall be the principal. Interest, at the annual actuarial rate in effect at the time each payment is made, shall be added to each monthly payment at the rate of one-twelfth (1/12) of the annual interest rate applied to the declining principal amount. Installment purchases shall be for no less than twelve (12) nor more than sixty (60) months. If the member leaves office before completing his installment payments, he may satisfy his contract by a lump-sum payment of the remaining principal amount, but no further installment payments shall be accepted thereafter. In this case, the member shall be credited with the military service credit for which he has paid, in years or months but no fraction less than a full month, and any payment remaining after credit for full months has been awarded shall be returned to the member.

(c) The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 6.505(2).

(d) No veteran shall be eligible to purchase military service credit under this section if he is receiving a military pension or is eligible for a military pension in the future, unless the military pension is for service primarily on inactive duty in a reserve component of the armed forces, or is a disability pension which does not exceed five hundred dollars ($500) monthly.

(3) If spouses both serve in the General Assembly, but not simultaneously, they may combine their service credit in the Legislators' Retirement Plan for all purposes of that plan into a single account, and may jointly designate to whom the service retirement allowance shall be paid. The designation shall not be changed once it is made. Assuming equal service credit, the benefits paid, pursuant to this section, to a legislator and his or her spouse who also served as a legislator shall not exceed the benefits that the same legislator and his or her spouse would receive if the spouse had not served as a legislator.

(4) In the event of divorce, rights to benefits shall be considered marital property subject to the provisions of KRS 403.190.

(5) A former legislator whose spouse currently serves in the General Assembly and who received a refund of contributions pursuant to KRS 21.460 may repurchase service credit which he or she previously had by repaying the amount refunded with interest at six percent (6%) per annum, and the service credit shall become part of the single account authorized by subsection (2) of this section.

(6) A member who has qualified for benefits pursuant to KRS 6.525(1) may[~~, until July 1, 1991,~~] transfer to the Legislators' Retirement Plan up to ten (10) years of service credit which he has earned in ***a retirement system administered by Kentucky Retirement Systems*** [~~the County Employees' Retirement System~~]. If the member elects to transfer his [~~County Employees' Retirement System~~] service credit, ***the*** [~~that~~] system ***from which the transfer is made*** shall transfer to the legislators' retirement fund an amount equal to the employee's and employer's contributions attributable to that credit, together with interest on the contributions from the date made to date of transfer at the actuarially assumed interest rate of the ***system from which the transfer is made*** [~~County Employees' Retirement System~~] in effect at the time the contributions were made, compounded annually at that same interest rate. The member shall be entitled to the transferred service credit, at the rate at which he qualifies pursuant to KRS 6.520, when he pays the total difference between the amount of the funds transferred [~~by the County Employees' Retirement System~~] and the cost of the credit to the Legislators' Retirement Plan, as determined by the actuary for the Legislators' Retirement Plan. ***The member may pay by lump sum or by increments, as provided for in subsection (2)(b) of this section, but an installment contract shall not extend for more than sixty (60) months. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 6.505(2).***

Section 4. KRS 21.420 is amended to read as follows:

(1) After the death of a member who at the time of his death was receiving a service retirement allowance (other than an actuarially reduced allowance under subsection (3) of KRS 21.400), or was receiving a disability retirement allowance, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of that he was receiving.

(2) (a) If a member dies before retirement and before reaching normal retirement age, without regard to length of service, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of the monthly allowance the member would have received commencing at his normal retirement date if he had continued in service until that date and had then retired, computed however on the basis of his final compensation at time of death.

(b) If a member dies before retirement and after reaching normal retirement age, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of the monthly allowance the member would have been entitled to, on the basis of his years of service, had he retired on the date of his death.

(3) If a member dies after retirement and was at the time of his death receiving an actuarially reduced allowance under subsection (3) of KRS 21.400, or was not at the time of his death receiving a retirement allowance but had acquired the vested right under subsection (2) of KRS 21.400 to have received an allowance upon reaching normal retirement age, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of the monthly allowance the member would have received when he reached normal retirement age.

(4) A member, or a retiree who has not commenced drawing retirement benefits pursuant to KRS 21.400, who dies without a spouse or eligible children entitled to survivor's benefits, may designate a beneficiary who shall receive the accumulated contributions of the member. Absent a designation by the member or retiree, the accumulated contributions shall be paid to the member's estate.

(5) A member who commences drawing retirement benefits pursuant to KRS 21.400 or 21.410, who dies without a spouse or eligible children entitled to survivor's benefits and before the benefits received by the member equal the personal contributions of the member, may designate a beneficiary who shall receive the balance of the accumulated contributions of the member. Any offset of contributions by reason of benefits received shall be deducted from the contributions first made to the system. Absent a designation by the member, the accumulated contributions shall be paid to the member's estate.

(6) A member may designate a beneficiary who shall receive the balance of the accumulated contributions of the member, in the event survivor's benefits are being paid pursuant to subsection (1), (2), or (3) of this section, and the survivor dies prior to receiving benefits equal to the member's contributions. In this event, the provisions of subsection (5) of this section shall apply as to offset and payment.

Section 2. KRS 199.470 is amended to read as follows:

(1) Any person who is eighteen (18) years of age and who is a resident of this state or who has resided in this state for twelve (12) months next before filing may file a petition for leave to adopt a child in the Circuit Court of the county in which the petitioner resides.

(2) If the petitioner is married, the husband or wife ***shall*** ~~[must]~~ join in a petition for leave to adopt a child unless the petitioner is married to a biological parent of the child to be adopted, except that if the court finds the requirement of a joint petition would serve to deny the child a suitable home, ***the*** ~~[such]~~ requirement may be waived.

(3) ***If*** ~~[No petition for the adoption of any child under the age of sixteen (16) shall be filed until after the child has lived continuously in the home of the petitioner for at least three (3) months immediately prior to the filing of the petition unless the child has been placed for adoption by the cabinet or an agency licensed to place children for adoption by the cabinet. (a) A child sought to be adopted by a stepparent, grandparent, sister, brother, aunt***,*** or uncle; or

(b) A child received by the proposed adopting parent or parents from an agency without this state with the written consent of the secretary.

(5) Subsection (4) of this section shall not apply to ~~[those]~~ children placed for adoption prior to June 14, 1962.

Section 3. KRS 199.473 is amended to read as follows:

(1) All persons other than a ~~[licensed]~~ child-placing agency or institution, the department, or persons excepted by KRS 199.470(4) or (5) who wish to place or receive a child shall make written application to the secretary for permission to place or receive a child. ***Prior to the approval*** ~~[Upon receipt]~~ of an application to place or receive a child, together with the fee required pursuant to subsection ***(6)*** ~~[(5)]~~ of this section, the secretary shall cause ***the*** ~~[an]~~ investigation to be made ***by a Cabinet for Human Resources social worker unless the applicant specifies in the application that the investigation shall be done by an adoption worker*** of the home and the background of the person or persons wishing to receive the child. ***The portion of the investigation pertaining to the home and family background shall be valid for one (1) year following the date of its completion by an adoption worker.*** The purpose of the investigation shall be to determine the suitability of the applicants to receive a child, taking into account at all times the best interest of the child for whom application to receive has been made. The ***adoption*** ~~[child welfare]~~ worker making the investigation shall make a finding in writing recommending either that the application be granted or that the application be denied. In either case, reasons for the ***adoption*** ~~[child welfare]~~ worker's recommendation shall be given in writing. The recommendation of the ***adoption*** ~~[child welfare]~~ worker shall then be reviewed by the secretary. Based on the report and recommendation of the ***adoption*** ~~[child welfare]~~ worker making the investigation, the secretary shall grant or refuse permission for the applicant to place or receive a child as early as practicable, but, in any case, the decision shall be made within sixty (60) days after the receipt of the application. In reaching his decision, the secretary shall be guided by the ability of the persons wishing to receive the child to give the child a suitable home, and shall at all times consider the best interest of the child from a financial, medical, psychological, and psychiatric standpoint. If the application is refused, the secretary shall in general terms furnish in writing the reasons for his refusal.

(2) ***Upon a finding by the Circuit Court that the child should be placed prior to the secretary's ruling on the application, the Circuit Court may grant the applicant temporary custody of the child pending the decision of the secretary. If the application is denied, the temporary custody order shall be set aside and, upon motion of the cabinet or of the child's parent or parents, the Circuit Court may order the child returned to the biological parent or parents or the child's custody may be awarded to the cabinet, another licensed child-placing agency, or such other individuals deemed appropriate by the court. This section shall not be deemed to permit the completion of any adoption proceeding without the approval of the secretary and compliance with KRS 615.030, if required.***

(3) In any case where the cabinet refuses to approve the placement of a child for adoption when requested by the parent or parents of the child, or refuses the request of any person or persons that a child be placed with him or them for adoption, the decision of the secretary in so refusing shall be final unless within ten (10) days after notice of refusal, the biological or proposed adopting parent or parents shall appeal to the Circuit Court of the county in which the adoption is proposed. No placement shall be disapproved on the basis of the religious, ethnic, racial, or interfaith background of the adoptive applicant, if the placement is made with the consent of the parent. ***The cabinet may refuse to approve the placement of a child for adoption if the child's custodial parent is unwilling for the child to be placed for adoption with the proposed adoptive family. The cabinet may approve or deny the placement, in spite of the fact that the custodial***

parent or parents are unwilling to be interviewed by the cabinet or other approving entity, or if, after diligent efforts have been made, the adoption worker is unable to locate or interview the custodial parent or parents. The cabinet shall be made a party defendant to the appeal. In the hearing of an appeal, the court shall review the findings of the secretary and shall determine if the secretary has acted arbitrarily, unlawfully, or in such a manner as to constitute an abuse of discretion.

[~~(3) No person, association, or organization, other than the cabinet or a licensed child placing institution or agency shall place a child or act as intermediary in the placement of a child for adoption or otherwise, except in the home of a stepparent, grandparent, sister, brother, aunt, or uncle, or upon written approval of the secretary. Nothing in this subsection shall be construed to limit the Cabinet for Human Resources in carrying out its Aid to Dependent Children Program in accordance with KRS Chapter 205.~~]

(4) If a child who does not fall within the exception provided for in KRS 199.470(4) or (5) is placed or received in a home without the permission of the secretary for human resources, or if permission to receive a child has been denied, a representative of the cabinet may petition the juvenile session of District Court of the county in which the child is found setting out the facts concerning the child. When the petition has been filed, the court shall take jurisdiction of the child and shall provide for it as it would provide for a dependent, neglected, or abused child under KRS Chapter 620, except that the child may not be placed in the home of the applicants to receive him unless permission to do so is granted by the secretary or the action is ordered by a [~~Circuit Court, the~~] Kentucky court of ***competent jurisdiction*** [~~Appeals or Supreme Court of Kentucky~~].

(5) ***When either the custodial parent or parents of the child to be placed or the persons wishing to receive the child reside out-of-state, the requirement of KRS 615.030, Interstate Compact on the Placement of Children, shall be met before the cabinet gives approval for the child's placement.***

(6) The secretary of the Cabinet for Human Resources shall be paid a nonrefundable fee of one hundred fifty dollars ($150) upon the filing of the written application for permission to place or receive a child. Payment shall be made by certified or cashier's check only. All funds collected under this section shall be deposited in a restricted account, which is hereby created, for the purpose of subsidizing an adoptive parent for suitable care of a special needs child as authorized in KRS 199.555.

(7)[~~(6)~~] Nothing in this statute shall be construed to limit the authority of the cabinet or a [~~licensed~~] child-placing institution or agency to determine the proper disposition of a child committed to it by the juvenile session of District Court or the Circuit Court, prior to the filing of an application to place or receive.

Section 4. KRS 199.480 is amended to read as follows:

(b) That the parent had inflicted or allowed to be inflicted upon the child, by other than accidental means, serious physical injury;

(c) That the parent has continuously or repeatedly inflicted or allowed to be inflicted upon the child, by other than accidental means, physical injury or emotional harm;

(d) That the parent, for a period of not less than six (6) months, has continuously or repeatedly failed or refused to provide or has been substantially incapable of providing essential parental care and protection for the child, and that there is no reasonable expectation of improvement in parental care and protection, considering the age of the child;

(e) That the parent has caused or allowed the child to be sexually abused or exploited; or

(f) That the parent, for reasons other than poverty alone, has continuously or repeatedly failed to provide or is incapable of providing essential food, clothing, shelter, medical care, or education reasonably necessary and available for the child's wellbeing and that there is no reasonable expectation of significant improvement in the parent's conduct in the immediately foreseeable future, considering the age of the child.

(2) Upon the conclusion of proof and argument of counsel, the Circuit Court shall enter findings of fact, conclusions of law, and a decision either:

(a) Granting the adoption without the biological parent's consent; or

(b) Dismissing the adoption petition, and stating whether the child shall be returned to the biological parent or the child's custody granted to the state, another agency, or the petitioner.

Section 11. KRS 199.570 is amended to read as follows:

Upon the entry of the final order in the case, the clerk shall place all papers and records in the case in a suitable envelope which shall be sealed and shall not be open for inspection by any person except on written order of the court, except that upon the written consent of the biological parents and upon written order of the Circuit Court all papers and records including all files and records of the Circuit Court during proceedings for termination of parental rights provided in KRS 625.108 shall be open for inspection to any adult adopted person who applies in person or in writing to the Circuit Court as provided in KRS 199.572. This information should be given only by an order of the court in which the child was adopted. The new birth certificate shall recite the residence of the adoptive parents as the birthplace of the child and this shall be deemed for all legal purposes to be the birthplace of the child. If no birth certificate is on file for a child born in Kentucky, the Cabinet for Human Resources shall prepare a certificate of birth in accordance with the information furnished the cabinet by the clerk of the Circuit Court which issued the adoption order. The Cabinet for Human Resources shall furnish to the clerks of the Circuit Courts the necessary forms to carry out the provisions of this section. ***If*** [~~In the event~~] the child was born in another state, the order of adoption shall be forwarded to the division of vital statistics of the state concerned to be changed in accordance with the laws of such state. ***If*** [~~In the event~~] the child was born in a foreign country, the report of adoption shall be returned to the attorney or agency handling the adoption for submission to the appropriate federal agency.

Contracts or agreements entered into in violation of this subsection shall be void.

(5) A person, organization, group, agency, or any legal entity, except a child-placing agency, shall not accept any fee for bringing the adoptive parents together with the child to be adopted or the biological parents of the child to be adopted. (3) No petition may be filed under this chapter prior to ***three (3)*** [~~five (5)~~] days after the birth of the child.

Section 15. KRS 625.042 is amended to read as follows:

(1) Within three (3) days after a petition for the voluntary termination of parental rights is filed, the Circuit Court shall set a date for a hearing.

(2) The Circuit Court shall require notice to be served upon the local representative of the cabinet in any case in which a statement from the cabinet of willingness to accept custody of the child has not been filed with the petition, or custody of the child is to be placed with an individual ***unless the placement has been approved by the cabinet*** [~~and not the cabinet or a licensed agency unless the cabinet has approved the placement~~]. ***It shall not be necessary to serve notice upon the cabinet if custody of the child is to be placed with the cabinet or with a child-placing agency.***

Section 16. KRS 625.043 is amended to read as follows:

(1) If the Circuit Court determines that parental rights are to be voluntarily terminated in accordance with the provisions of this chapter, it shall make an order terminating all parental rights and obligations of ***the*** [~~such~~] parent and releasing the child from all legal obligations to ***the*** [~~such~~] parent and vesting care and custody of the child in ***the*** [~~such~~] person, agency***,*** or cabinet [~~as~~] the court believes is best qualified to receive custody.

(2) Upon consent by the Cabinet for Human Resources, the child may be declared a ward of the state and custody vested in the cabinet or in any child-placing agency[~~,~~] or child-caring facility licensed by the cabinet or in another person ***if*** [~~provided~~] all persons with parental rights to the child under the law have had their rights terminated voluntarily or involuntarily. ***If the other person is not excepted by KRS 199.470(4) or (5), a grant of permanent custody shall be made only if the proposed custodian has received the written approval of the secretary or the secretary's designee for the child's placement.***

Section 17. KRS 625.090 is amended to read as follows:

(1) The Circuit Court may involuntarily terminate all parental rights of a parent of a named child, if the Circuit Court finds from the pleadings and by clear and convincing evidence that the child has been adjudged to be an abused or neglected child by a court of competent jurisdiction or is found to be an abused or neglected child by the Circuit Court in this proceeding and that termination would be in the best interest of the child. No termination of parental rights shall be ordered unless the circuit court also finds by clear and convincing evidence the existence of one (1) or more of the following grounds:

(a) That the parent has abandoned the child for a period of not less than ***ninety (90) days*** [~~six (6) months~~];

(b) That the parent has inflicted or allowed to be inflicted upon the child, by other than accidental means, serious physical injury;

(c) That the parent has continuously or repeatedly inflicted or allowed to be inflicted upon the child, by other than accidental means, physical injury or emotional harm;

(d) That the parent, for a period of not less than six (6) months, has continuously or repeatedly failed or refused to provide or has been substantially incapable of providing essential parental care and protection for the child and that there is no reasonable expectation of improvement in parental care and protection, considering the age of the child;

(e) That the parent has caused or allowed the child to be sexually abused or exploited; or

(f) That the parent, for reasons other than poverty alone, has continuously or repeatedly failed to provide or is incapable of providing essential food, clothing, shelter, medical care, or education reasonably necessary and available for the child's well-being and that there is no reasonable expectation of significant improvement in the parent's conduct in the immediately foreseeable future, considering the age of the child.

(2) In determining the best interest of the child and the existence of a ground for termination, the Circuit Court shall consider the following factors:

(a) Emotional illness, mental illness, or mental deficiency of the parent as certified by a qualified mental health professional, which renders the parent consistently unable to care for the immediate and ongoing physical or psychological needs of the child for extended periods of time;

(b) Acts of abuse or neglect toward any child in the family;

(c) If the child has been placed with the cabinet or a child-placing agency or child-caring facility, whether the cabinet has rendered or attempted to render all reasonable services to the parent which reasonably might be expected to bring about a reunion of the family, including the parent's testimony concerning ***the*** [~~such~~] services and whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within a reasonable period of time, considering the age of the child;

(d) The efforts and adjustments the parent has made in his circumstances, conduct, or conditions to make it in the child's best interest to return him to his home within a reasonable period of time, considering the age of the child;

(e) The physical, emotional, and mental health of the child and the prospects for the improvement of the child's welfare if termination is ordered; and

(f) The payment or the failure to pay a reasonable portion of substitute physical care and maintenance if financially able to do so.

(3) If the parent proves the following to the satisfaction of the court, the court in its discretion may determine not to terminate parental rights:

(a) That serious physical injury to the child will not occur in the future;

(b) That continuous or repeated physical injury or emotional harm to the child will not occur in the future; or

(c) That sexual abuse or exploitation will not occur in the future.

(4) Upon the conclusion of proof and argument of counsel, the Circuit Court shall enter findings of fact, conclusions of law and a decision as to each parent-respondent either:

(a) Terminating the right of ***the*** [~~such~~] parent; or

(b) Dismissing the petition and [~~in such event~~] stating whether the child shall be returned to the parent or shall remain in the custody of the state.

The Committee on Transportation reported **HB 155** and **HB 208** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 155, AN ACT relating to motor vehicles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 189.390 is amended to read as follows:

(1) As used in this section, unless the context requires otherwise:

(a) "Business district" means the territory contiguous to and including a highway if, within six hundred (600) feet along the highway, there are buildings in use for business or industrial purposes that occupy three hundred (300) feet of frontage on one (1) side or three hundred (300) feet collectively on both sides of the highway;

(b) "Residential district" means the territory contiguous to and including a highway not comprising a business district if the property on the highway for a distance of three hundred (300) feet or more is improved with residences or residences and buildings in use for business;

(c) "State highway" means a highway or street maintained by the Kentucky Department of Highways; and

(d) "Non-urbanized area" means an area located outside of the federal-aid urban boundary designated for urbanized areas of fifty thousand (50,000) population or more as defined by the United States Bureau of Census.

(2) An operator of a vehicle upon a highway shall not drive at a greater speed than is reasonable and prudent, having regard for the traffic and for the condition and use of the highway.

(3) If conditions exist that require lower speed for compliance with subsection (2) of this section, the speed of any vehicle in

excess of the limits specified in this section shall be unlawful:

(a) For vehicles other than motor vehicles of five (5) horsepower or less, thirty-five (35) miles per hour in any business or residential district, except as provided in subsection (5) of this section, and fifty-five (55) miles per hour in other locations, except where the speed limit has been posted at sixty-five (65) miles per hour;

(b) For motor vehicles of five (5) horsepower or less, thirty-five (35) miles per hour in any location except as provided in subsection (5) of this section;

(c) Vehicles using off-street parking facilities offered for public use whether publicly or privately owned, fifteen (15) miles per hour.

(4) If the secretary of transportation determines, upon the basis of an engineering and traffic investigation, that any speed limit is greater or less than is reasonable or safe under the conditions found to exist at any intersection, or upon any part of a state highway within or without the corporate limits of a city, the secretary of transportation may establish by official order a reasonable and safe speed limit at the location. The secretary shall not increase any speed limit established by subsection (3) of this section in excess of fifty-five (55) miles per hour.

(5) (a) A city or a county may by ordinance establish speed limits within its own jurisdiction, except as provided in paragraph (b) of this subsection.

(b) The alteration of speed limits on state highways within a city or a county shall not be effective until the alteration has been approved by the secretary of transportation. The secretary shall not approve any alteration that could increase any speed limit established by subsection (3) of this section in excess of fifty-five (55) miles per hour.

(c) If a county determines, upon the basis of an engineering and traffic investigation and study, that it is unsafe to park motor vehicles on or along any highway, other than a state highway, within the unincorporated areas of the county, or that in any business district the congestion of traffic justifies a reasonable limitation on the length of time any one (1) motor vehicle is permitted to park in such district so as to reduce the congestion, the fiscal court may by ordinance establish "no parking" areas on the highway, or limit the length of time any motor vehicle may be parked in any business district. ***Parking a vehicle so as to partially or fully obstruct the driveway or entrance of a business or residence shall be prohibited unless the driver of the vehicle obtains permission from the owner of the business or residence to do so.***

(d) Notwithstanding the other limitations in this subsection, the secretary of transportation may establish, by official order, reasonable and safe speed limits on interstate highways and divided highways with four (4) or more lanes and fully controlled access and located in a non-urbanized area, a speed limit not to exceed sixty-five (65) miles per hour.

(6) A person shall not drive a motor vehicle at a speed that will impede or block the normal and reasonable movement of traffic, except when reduced speed is necessary for safe operation or in compliance with law.

(7) In every charge for a violation of any speed limit specified in this section, the warrant or citation shall specify the speed at which the defendant is alleged to have driven, and the lawful speed limit applicable at the location where the violation is charged to have occurred.

No police officer shall issue a uniform traffic citation during the first six (6) month period, but owners of vehicles in violation shall be issued a warning citation during said six (6) months]~~.

(9) ***A*** ~~[Any]~~ person who applies sunscreening materials in violation of this section shall be guilty upon conviction of a Class B misdemeanor.

HR 16, A RESOLUTION concerning the sponsorship of a statewide spelling bee.

WHEREAS, the Louisville Courier-Journal is the largest circulating newspaper in the Commonwealth and the great purveyor of words, truth, and justice; and

WHEREAS, the Kentucky Education Association constitutes a monolithic union of instructors and educators, representing all geographic areas of this great Commonwealth;

WHEREAS, the Courier-Journal and the Kentucky Education Association have withdrawn their sponsorship of spelling competitions, justifying this action on their concerns that standup spelling bees emphasize spelling taught in isolation from writing and are nothing more than rote memorization;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That this body strongly urges the Courier-Journal and the Kentucky Education Association to engage in a public spelling bee, competing one against the other, so that they can conduct and benefit from empirical research, through actual experience, on the heightened stress levels and pressure attributed to this type of competition and on whether the art of spelling is based solely on rote memory or is a higher level skill enhanced by competition.

Section 2. That upon the reestablishment of a statewide spelling bee, the word "potato" be listed among the challenge words so never again will a United States Vice President, whose family owns a newspaper, be embarrassed by the level of his spelling skills.

Section 3. That in view of the fact that the Courier-Journal is so opposed to competition, the Lexington Herald-Leader consider purchasing the Louisville newspaper to eliminate competition, eradicate diversity of opinion in the media, and spare the Courier-Journal from suffering from the suggested anguish and other ill effects of competition.

Section 4. That WHAS-Radio, Business First, and The Kentucky Derby Festival, as new sponsors of this spelling bee, be and hereby are commended by this House for viewing a statewide spelling bee competition to be an event worthy of preservation and celebration during the Kentucky Derby Festival activities.

Section 5. That at least until that happy day when all schools in the Commonwealth are sufficiently equipped with computers accessible to every student and having word-processing programs that contain a "spell-check" function, these new sponsors are urged to continue this spelling bee.

SB 10, AN ACT relating to the General Assembly and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 6.211 is amended to read as follows:

Effective January 1, ***1994*** [~~1978~~], in addition to any and all sums, compensation, or expenses now paid the members of the General Assembly [~~and the President of the Senate~~], each shall receive an expense allowance of ***one hundred ten percent (110%) of the expense allowance paid federal employees traveling in the Frankfort, Kentucky area*** [~~seventy-five dollars ($75)~~] for each calendar day. This sum shall be paid whether the General Assembly is in regular or extraordinary session and shall be in full recompense of any additional expenses incurred in excess of that now received by them.

Section 2. Whereas the Commonwealth is in a financial crisis and immediate action is required, an emergency is declared to exist, and this Act shall become effective immediately, retroactive to January 1, 1994, upon its passage and approval by the Governor.

SECTION 2. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

It shall be the policy of the Commonwealth to maximize the use of energy efficiency measures in the construction, renovation, and maintenance of buildings owned or leased by the Commonwealth. In furtherance of these policies, the cabinet shall administer an energy efficiency program, to be known as the Energy Efficiency Program for State Government Buildings.

SECTION 3. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

(1) The Energy Efficiency Program for State Government Buildings shall provide for implementation of low cost/no cost energy efficiency measures, engineering analyses, energy efficiency measures, building improvements, and monitoring of results for state-owned buildings.

(2) An engineering analysis shall be performed for state-owned buildings. The analysis shall assess the energy efficiency of each state-owned building and make recommendations for improving the efficient use of energy within the building. The analyses shall be performed by qualified engineers, architects, or other persons trained in energy

efficiency who shall be employed pursuant to KRS Chapter 45A.

(3) Except as provided in subsection (5) of this section, measures to improve the energy efficiency of a state-owned building which have an aggregate simple payback period of five (5) years or less shall be implemented as funding becomes available. No more than five percent (5%) of the cost of energy efficiency measures for a building may be utilized for monitoring the results.

(4) The cabinet shall prioritize the projects among the various state-owned buildings to determine which projects shall be implemented to best utilize the available funding.

(5) If general fund appropriations are unavailable, energy efficiency measures for a state-owned building may be financed by other means. These other means include, but are not limited to, energy performance contracts and shared savings contracts. These energy efficiency measures shall not be limited to those which have an aggregate simple payback period of five (5) years or less, but shall result in reasonable economic benefit to the Commonwealth. Ownership of the energy efficiency measures shall remain with the Commonwealth. Energy cost savings may be used to repay the cost of the other means used to finance energy efficiency measures, with any remaining savings to be deposited in the state agency account. All energy cost savings estimated under an energy performance contract or shared savings contract shall be guaranteed to the Commonwealth.

(6) To provide an incentive for state agencies with state-owned buildings to adopt low cost/no cost energy efficiency measures, any savings realized in the energy costs of a state-owned building after implementation of low cost/no cost energy efficiency measures shall be divided, with half of the estimated ten percent (10%) savings allocated to the general fund if the general fund is used to pay energy costs, and any additional actual savings allocated to the agency account. The savings shall be calculated by comparing the energy costs of the building, adjusted for weather and other appropriate factors, on an annual basis before and after implementation of the measures. The division of shared savings shall continue for a period of no more than five (5) years after the measures have been implemented, after which the savings shall be allocated to the agency account.

SECTION 4. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

There is established an advisory committee on energy efficiency whose purpose shall be to advise the cabinet on the priority of various energy efficiency proposals, program operations, and any other matters related to energy efficiency. The secretary of the Natural Resources and Environmental Protection Cabinet or his designee shall chair the advisory committee. The other members of the committee shall be the agency head or his designee of those six (6) noncollege and nonuniversity state agencies which have the most total square feet of state-owned building space, a representative of the Council on Higher Education to represent the state colleges and universities, and the commissioner of the Department for Facilities Management.

SECTION 5. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

The cabinet shall institute an energy audit training program to identify energy saving techniques for state-owned building maintenance staff. Additional programs shall be developed to educate state employees and other building occupants on energy awareness and practices to reduce energy use in state-owned buildings.

SECTION 6. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

The cabinet shall require persons submitting bids or plans for state-owned buildings to be constructed or substantially renovated after the effective date of this Act to include within those bids or plans life-cycle energy cost analyses. The cabinet shall consider those life-cycle cost analyses when evaluating competing bids or plans.

SECTION 7. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

(1) Any building which the cabinet considers for leasing or purchase shall be evaluated for cost-effective energy use and energy efficiency. This evaluation shall be considered in choosing between competing leases or building purchases. The cabinet shall consider the energy costs of operating a building to ensure the selection of a cost-effective lease, and the cabinet shall compare life-cycle energy cost analyses for competing leases.

(2) A lease may be structured so that both the lessor and the state agency as lessee may share energy cost savings that can be accomplished by energy-efficient lease arrangements. The lease may incorporate financial incentives to make energy efficiency improvements that are cost effective in reducing the operating cost of the building. The lease may provide for the state agency to make lease payments which may be used to help fund the costs of energy efficiency measures in the building, if the costs are amortized and returned to the state agency over a period of years not to exceed the useful life of the energy efficiency measures. Thereafter, the state agency shall be entitled to a reduction in the lease amount based on any continued savings resulting from the energy efficiency measures. The amount of reduction shall be negotiated between the lessor and the state agency.

SECTION 8. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

Any state agency is authorized to participate as a state partner with the U.S. Environmental Protection Agency in its "Green Lights Program" or other similar programs.

SECTION 9. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

As used in KRS 138.455 to 138.470, unless the context requires otherwise:

(1) "Dealer" means any person engaged in the sale of motor vehicles at retail;

(2) "Motor vehicle" means any vehicle that is propelled by other than muscular power and that is used for transportation of persons or property over the public highways of the state, except road rollers, mopeds, vehicles that travel exclusively on rails, and vehicles propelled by electric power obtained from overhead wires;

(3) "Moped" means either a motorized bicycle whose frame design may include one (1) or more horizontal crossbars supporting a fuel tank so long as it also has pedals, or a motorized bicycle with a step through type frame which may or may not have pedals rated no more than two (2) brake horsepower, a cylinder capacity not exceeding fifty (50) cubic centimeters, an automatic transmission not requiring clutching or shifting by the operator after the drive system is engaged, and capable of a maximum speed of not more than thirty (30) miles per hour;

(4) Except as provided in subsection (5) of this section, "retail price" shall be determined as follows:

"Retail price" shall not include that portion of the price of the vehicle attributable to equipment or adaptive devices necessary to facilitate or accommodate a physically handicapped operator or passenger;

(b) For used motor vehicles whose values appear in the automotive reference manual prescribed by the Revenue Cabinet, "retail price" shall be the value given in such reference manual;

(2) The federal government or any federal agency thereof which pays or delivers abandoned property to the ***department*** [~~cabinet~~] under this section is relieved of all liability to the extent of the value of the property so paid or delivered for any claim which then exists or which thereafter may arise or be made in respect to the property.

(3) The federal government or any federal agency thereof may deduct from the amounts to be paid or delivered to the ***department*** [~~cabinet~~] the proportionate share of the actual and necessary costs of examining records and reporting such information.

(1) Every person holding funds or other property, tangible or intangible, presumed abandoned under this chapter shall report to the ***department*** [~~cabinet~~] with respect to the property annually as of July 1. The report shall be filed in the office of the ***department*** [~~cabinet~~] on or before September 1 of each year for the preceding July 1. The report shall include:

  (a) Except with respect to travelers' checks and money orders, the name, if known, and last known address, if any, of each person appearing from the records of the holder to be the owner of any property of value of twenty-five dollars ($25) or more presumed abandoned under this chapter and in the case of unclaimed funds of life insurance corporations the full name of the insured or annuitant and his last known address according to the records of the life insurance corporation;

(c) The date when the property became payable, demandable, or returnable, and the date of the last known transaction with the owner with respect to the property if readily available; and

The report shall be made in duplicate; the original shall be retained by the ***department*** ~~[cabinet]~~, and the copy shall be mailed to the sheriff of the county where the property is located or held. It shall be the duty of the sheriff to post for not less than twenty (20) consecutive days said copy on the courthouse door or the courthouse bulletin board, and also to publish said copy pursuant to KRS Chapter 424; except the sheriff shall not be required to publish any item with a fair cash value of twenty-five dollars ($25) or less. The list shall be published within thirty (30) days of its receipt by the sheriff and this publication shall constitute compliance with the requirements of KRS Chapter 424. The cost of the publication shall be paid by the state. The sheriff shall immediately certify in writing to the ***department*** ~~[cabinet]~~ the dates when the list was posted and published. The list shall be posted and published as required on or before October 1 of the year when it is made, and such posting and publishing shall be constructive notice to all interested parties.

(2) Within sixty (60) days after the receipt of the report required by subsection (1) of this section, the ***department*** ~~[cabinet]~~ shall mail notice to each person having an address listed therein who appears to be entitled to property presumed abandoned under this chapter; except the ***department*** ~~[cabinet]~~ shall not be required to mail a notice to any person whose name appears on the abandoned property list where the fair cash value of the property is twenty-five dollars ($25) or less. The notice shall contain:

If a person files an action in court claiming any property which has been reported under the provisions of this chapter, the person reporting or holding such property shall be under no duty while any such action is pending to turn the property over to the ***department*** ~~[cabinet]~~, but shall have the duty of notifying the ***department*** ~~[cabinet]~~ of the pendency of such action.

(4) The person reporting or holding the property or any claimant thereof shall always have the right to a judicial determination of his rights under this chapter and nothing therein shall be construed otherwise; and the Commonwealth may institute an action to recover such property as is presumed abandoned whether it has been reported or not and may include in one (1) petition all such property within the jurisdiction of the court in which the action is brought provided the property of different persons is set out in separate paragraphs.

In the event that the intangible property is of a nature such that there is not a readily available market, the ***department*** ~~[cabinet]~~ may offer the property to the highest bidder at public sale at Frankfort, or in whatever city in the state affords, in its judgment, the most favorable market for the particular property involved. If a sale is required to permit payment to the ***department*** ~~[cabinet]~~, the ***department*** ~~[cabinet]~~ may decline the highest bid and reoffer the property for sale if it

considers the price offered insufficient. The sale shall be advertised by publication pursuant to KRS Chapter 424 in the county where the property was found or abandoned, and in the county where the sale is to be made. The sale shall be held at the courthouse door.

Notwithstanding the provisions of KRS 393.140 posting or advertising is not required in the event payment is made to persons entitled thereto by holders of deposits of life insurance companies in compliance with this section. (2) Any person claiming an interest in any estate or property paid or surrendered to the state in accordance with KRS 393.060 to 393.120, that was not subsequently adjudged under the procedure set out in KRS 393.230 to have been actually abandoned, or owned by a decedent who had no heir, distributee, devisee or other person entitled under the laws of this state relating to wills, descent and distribution to take the legal or equitable title, may file his claim to it at any time after it was paid to this state.

(3) The claimant shall, within fifteen (15) days after filing any claim permitted under this section in excess of twenty-five dollars ($25), publish notice of the claim pursuant to KRS Chapter 424 in the county in which the property was held before being transferred to the state. If the claim is for twenty-five dollars ($25) or less, the claimant shall post at the courthouse door and three (3) other conspicuous places in that county, and shall file proof of publication or posted notice with the ***department*** [~~cabinet~~]. The ***Treasurer*** [~~commissioner~~] shall consider any claim or defense permitted to be filed before the ***department*** [~~cabinet~~] and hear evidence concerning it. If the claimant establishes his claim, the ***Treasurer*** [~~commissioner~~] shall, when the time for appeal or further legal procedure has expired, authorize payment to him of a sum equal to the amount paid into the State Treasury in compliance with this chapter. The decision shall be in writing and shall state the substance of the evidence heard by the ***Treasurer*** [~~commissioner~~], if a transcript is not kept. The decision shall be a matter of public record.

Section 1. KRS 136.180 is amended to read as follows:

(1) The Revenue Cabinet shall, immediately after fixing the assessed value of the operating property and other property of a public service corporation for taxation, notify the corporation of the valuation[~~,~~] and the amount of assessment for state and local purposes. When the valuation has been finally determined, the cabinet shall immediately certify***, unless otherwise specified,*** to the county clerk of each county in which any of the operating property or nonoperating tangible property assessment of the corporation is liable to local taxation, the amount ***of property*** [~~thereof~~] liable for county, city, or district tax.

"Section 2. KRS 132.010 is amended to read as follows:

As used in this chapter, unless the context otherwise requires:

(1) "Cabinet" means the Revenue Cabinet.

(2) "Taxpayer" means any person made liable by law to file a return or pay a tax.

(3) "Real property" includes all lands within this state and improvements thereon.

(4) "Personal property" includes every species and character of property, tangible and intangible, other than real property.

(5) "Resident" means any person who has taken up a place of abode within this state with the intention of continuing to abide in this state; any person who has had his actual or habitual place of abode in this state for the larger portion of the twelve (12) months next preceding the date as of which an assessment is due to be made shall be deemed to have intended to become a resident of this state.

(6) "Compensating tax rate" means that rate which, rounded to the next higher one-tenth of one cent per one hundred dollars of assessed value and applied to the current year's assessment of the property subject to taxation by a taxing district, excluding new property and personal property, produces an amount of revenue approximately equal to that produced in the preceding year from real property. However, in no event shall the compensating tax rate be a rate which, when applied to the total current year assessment of all classes of taxable property, produces an amount of revenue less than was produced in the preceding year from all classes of taxable property. For purposes of this subsection, "property subject to taxation" means the total fair cash value of all property subject to full local rates, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution and the difference between the fair cash value and agricultural or horticultural value of agricultural or horticultural land.

(7) "Net assessment growth" means the difference between:

  (a) The total valuation of property subject to taxation by the county, city, school district, or special district in the preceding year, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution in the current year over that exempted in the preceding year, and

  (b) The total valuation of property subject to taxation by the county, city, school district, or special district for the current year.

(8) "New property" means the net difference in taxable value between real property additions and deletions to the property tax roll for the current year. "Real property additions" shall mean:

  (a) Property annexed or incorporated by a municipal corporation, or any other taxing jurisdiction; however, this definition shall not apply to property acquired through the merger or consolidation of school districts, or the transfer of property from one school district to another;

  (b) Property, the ownership of which has been transferred from a tax-exempt entity to a nontax-exempt entity;

  (c) The value of improvements to existing nonresidential property;

  (d) The value of new residential improvements to property;

  (e) The value of improvements to existing residential property when the improvement increases the assessed value of the property by fifty percent (50%) or more;

  (f) Property created by the subdivision of unimproved property, provided, that when such property is reclassified from farm to subdivision by the property valuation administrator, the value of such property as a farm shall be a deletion from that category;

  (g) Property exempt from taxation, as an inducement for industrial or business use, at the expiration of its tax exempt status;

  (h) Property, the tax rate of which will change, according to the provisions of KRS 82.085, to reflect additional urban services to be provided by the taxing jurisdiction, provided, however, that such property shall be considered "real property additions" only in proportion to the additional urban services to be provided to the property over the urban services previously provided; and

(i) The value of improvements to real property previously under assessment moratorium.

"Real property deletions" shall be limited to the value of real property removed from, or reduced over the preceding year on, the property tax roll for the current year.

(9) "Agricultural land" means any tract of land, including all income-producing improvements, of at least ten (10) contiguous acres in area used for the production of livestock, livestock products, poultry, poultry products and/or the growing of tobacco and/or other crops including timber, or where devoted to and meeting the requirements and qualifications for payments pursuant to agriculture programs under an agreement with the state or federal government.

(10) "Horticultural land" means any tract of land, including all income-producing improvements, of at least five (5) contiguous acres in area commercially used for the cultivation of a garden, orchard, or the raising of fruits or nuts, vegetables, flowers, or ornamental plants.

(11) "Agricultural or horticultural value" means the use value of "agricultural or horticultural land" based upon income-producing capability and comparable sales of farmland purchased for farm purposes where the price is indicative of farm use value, excluding sales representing purchases for farm expansion, better accessibility, and other factors which inflate the purchase price beyond farm use value, if any, considering the following factors as they affect a taxable unit:

(a) Relative percentages of tillable land, pasture land, and woodland;

(b) Degree of productivity of the soil;

(c) Risk of flooding;

(d) Improvements to and on the land that relate to the production of income;

(e) Row crop capability including allotted crops ***other than tobacco***;

(f) Accessibility to all-weather roads and markets; and

(g) Factors which affect the general agricultural or horticultural economy, such as: interest, price of farm products, cost of farm materials and supplies, labor, or any economic factor which would affect net farm income.

(12) "Deferred tax" means the difference in the tax based on agricultural or horticultural value and the tax based on fair cash value.

(13) "Homestead" means real property maintained as the permanent residence of the owner with all land and improvements adjoining and contiguous thereto including, but not limited to, lawns, drives, flower or vegetable gardens, outbuildings, and all other land connected thereto.

(14) "Residential unit" means all or that part of real property occupied as the permanent residence of the owner.

It may be used as a place of residence, business, profession, or trade by the owner, lessee, or their assigns and may consist of one (1) or more units that can be attached or joined together to comprise an integral unit or condominium structure.

(17) "Recreational vehicle" means a vehicular type unit primarily designed as temporary living quarters for recreational, camping, or travel use, which either has its own motive power or is mounted on or drawn by another vehicle. The basic entities are: travel trailer, camping trailer, truck camper, and motor home.

(9) Effective on or after January 1, 1990, an ad valorem tax for state purposes of five cents ($0.05) upon each one hundred dollars ($100) of value shall be paid upon goods held for sale in the regular course of business and raw materials, which includes distilled spirits and distilled spirits inventory, and in-process materials, which includes distilled spirits and distilled spirits inventory, held for incorporation in finished goods held for sale in the regular course of business.

Report of Committees

HB 283, AN ACT relating to a groundwater monitoring network and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 151 IS CREATED TO READ AS FOLLOWS:

It is a finding of the General Assembly that groundwater makes up over ninety-five percent (95%) of the freshwater resources in Kentucky. Groundwater accounts for over thirty percent (30%) of the public and domestic water supplies in the Commonwealth, and up to ninety percent (90%) of all rural domestic supplies, and is the major source of water to streams during drought conditions. Groundwater is essential for the present and future economic and physical well being of our citizens, and it is critical that Kentucky maintain this resource for its highest and best use, and minimize or prevent waste and degradation. It is imperative that a system for characterizing and monitoring groundwater be developed, so that information acquired through existing programs will allow Kentucky to build an adequate and reliable data base through identifying and characterizing the groundwater resource. Groundwater systems can be modeled, and plans formulated, for recognizing and dealing with degradation if it occurs. The information from the monitoring network can be used to identify new contamination problems, properly assess potential or suspected problems, set realistic regulatory standards, address resource allocation concerns, set boundaries on well-head protection areas, evaluate and improve the quality and quantity of data collected through all programs, and support a groundwater data management system.

SECTION 2. A NEW SECTION OF KRS CHAPTER 151 IS CREATED TO READ AS FOLLOWS:

As used in Sections 1 to 4 of this Act, unless the context clearly requires otherwise:

(1) "Committee" means the Interagency Technical Advisory Committee on Groundwater as created in Section 4 of this Act.

(2) "KGS" means the Kentucky Geological Survey.

(3) "Groundwater system" means a body of groundwater that is separated from other bodies of groundwater by flow direction or water chemistry.

(4) "Monitoring network" means a series of wells that will be tested on a periodic basis for water level and water chemistry.

(5) "Groundwater resource" means groundwater that is currently being used or is capable of being used.

SECTION 3. A NEW SECTION OF KRS CHAPTER 151 IS CREATED TO READ AS FOLLOWS:

(1) The KGS shall establish a long-term groundwater monitoring network for the purpose of characterizing the quality, quantity, and distribution of Kentucky's groundwater resources.

(2) The monitoring network shall include:

(a) The development of protocols needed for standardization of the data being collected by regulatory programs;

(b) The utilization of newly drilled domestic water wells as part of the network; and

(c) The statewide installation of monitoring wells in areas of demonstrated need.

This information shall be collected on a statewide basis and provide long-term data collection to determine the quality, quantity, and occurrence of groundwater throughout the Commonwealth, in order to assist in the protection of those resources by the proper regulatory agencies. The KGS shall utilize collected data to support research efforts that develop models for groundwater systems, and to determine and monitor trends of groundwater movement, water quality, and quantity.

(3) The KGS shall enter data from the network into a groundwater data base which is readily available to the public, government agencies, industry, and other entities that request access. Analyzed data shall be made available in the form of maps, charts, bulletins, and reports.

(4) The KGS shall solicit input from state and local agencies, industry, agriculture, universities, and the public, to determine priority areas to be covered by the network as it is developed.

(5) Within forty-five (45) days of the end of the state fiscal year, the KGS shall annually provide to the Governor and the General Assembly a summary of the groundwater monitoring network data collection and analysis activities.

SECTION 4. A NEW SECTION OF KRS CHAPTER 151 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby established an Interagency Technical Advisory Committee on Groundwater, to assist the KGS in the development, coordination, and implementation of a groundwater monitoring network for the Commonwealth. The committee shall consist of one (1) representative from each of the following agencies, to be appointed by that agency:

(a) Kentucky Department for Environmental Protection, one (1) member each from the Division of Water, and the Division of Waste Management;

(b) Cabinet for Human Resources, Division of Environmental Sanitation and Community Safety;

(g) Department for Natural Resources;

(h) University of Kentucky Water Resources Research Institute;

(i) Department of Agriculture;

(j) University of Kentucky College of Agriculture; and

(k) Kentucky Water Well Association.

(2) The committee shall have one (1) nonvoting legislative liaison, to be appointed by the Legislative Research Commission. The chair of the committee shall be the director of the University of Kentucky Water Resources Research Institute. The duties and responsibilities of the committee shall include:

(a) Developing a plan for the overall characterization of the state's groundwater, including distribution, water quantity, and water quality;

(b) Reviewing the data entry process to ensure that all data collected is placed into the Kentucky groundwater repository;

(c) Establishing a long-term groundwater monitoring plan for the Commonwealth;

(d) Making recommendations for prioritization of the state's groundwater research needs;

(e) Reviewing and evaluating annually ground water data collection and analysis; and

(f) Making recommendations regarding the Commonwealth's needs for groundwater research.

Section 5. To carry out the purposes of this Act, there is appropriated to the Kentucky Geological Survey out of the general fund in the State Treasury the sum of $446,000 for the 1994-95 fiscal year, and $406,000 for the 1995-96 fiscal year.

(7) Transition from Section 168 of the Internal Revenue Code, Accelerated Cost Recovery System (ACRS) depreciation, to the depreciation allowed or allowable under this section shall be reported in the first taxable year beginning on or after August 1, 1985. A taxpayer may elect to treat the cost of property placed in service on or after August 1, 1985, as an expense as provided in Section 179 of the Internal Revenue Code in effect on December 31, 1980. Computations, limitations, definitions, exceptions, and other provisions of Section 179 of the Internal Revenue Code and related regulations shall be construed to govern the computation of the allowable deduction.

(9) Upon the sale, exchange, or disposition of any depreciable property placed in service on or after January 1, 1981, capital gains or losses and the amount of ordinary income determined under the provisions of the Internal Revenue Code shall be computed for Kentucky income tax purposes as follows:

(a) Compute the Kentucky unadjusted basis which is the cost of the asset reduced by any basis adjustment made by the taxpayer under Section 48(q)(1) of the Internal Revenue Code and any expense allowed and utilized under Section 179 of the Internal Revenue Code (First Year Expense) in determining Kentucky net income in prior years, and

(b) Compute the adjusted basis by subtracting the depreciation allowed or allowable for Kentucky income tax purposes from the unadjusted basis, except corporations will not be permitted to adjust the basis of assets by the ACRS depreciation not allowed for Kentucky income tax purposes in the tax years beginning on or before June 30, 1984, and

(c) Compute the gain or loss by subtracting the adjusted basis from the value received from the disposition of the depreciable property, and

(d) Compute the recapture of depreciation required under Sections 1245 through 1256 of the Internal Revenue Code and related regulations, and

(e) Unless otherwise provided in this subsection the provisions of the Internal Revenue Code and related regulations governing the determination of capital gains or losses shall apply for Kentucky income tax purposes.

(10) Unless otherwise provided by this chapter, the basis of property placed in service prior to January 1, 1990, for purposes of Kentucky income tax shall be the basis, adjusted or unadjusted, required to be used under Section 167 of the Internal Revenue Code in effect on December 31, 1980.

(1) For property placed in service prior to January 1, 1990, in lieu of the depreciation and expense deductions allowed under Internal Revenue Code Sections 168 and 179, a deduction for a reasonable allowance for depreciation, exhaustion, wear and tear, and obsolescence of property used in a trade or business shall be allowed and computed as set out in subsections (2) to (10) of this section. For property placed in service after December 31, 1989, the depreciation and expense deductions allowed under Sections 168 and 179 of the Internal Revenue Code ~~[in effect on December 31, 1989,]~~ shall be allowed.

(2) Effective August 1, 1985, "reasonable allowance" as used in subsection (1) of this section shall mean depreciation computed in accordance with Section 167 of the Internal Revenue Code and related regulations in effect on December 31, 1980, for all property placed in service on or after January 1, 1981, except as provided in subsections (5) to (7) of this section.

(3) Depreciation of property placed in service prior to January 1, 1981, shall be computed under Section 167 of the Internal Revenue Code, and the method elected thereunder at the time the property was first placed in service or as changed with the approval of the Commissioner of Internal Revenue Service or as required by changes in federal regulations.

(4) Taxpayers other than corporations shall be allowed to deduct as depreciation on recovery property placed in service before August 1, 1985, an amount calculated under Section 168 of the Internal Revenue Code subject to the provisions of subsections (5) and (7) of this section. Corporations with a taxable year beginning on or after July 1, 1984, and before August 1, 1985, shall calculate a deduction for depreciation on recovery property placed in service prior to August 1, 1985, using either of the following alternative methods:

(a) Dividing the total of the deductions allowed under Internal Revenue Code Section 168 by one and four tenths (1.4); and

(b) Calculating the deduction that would be allowed or allowable under the provisions of Section 167 of the Internal Revenue Code.

(5) Recovery property placed in service on or after January 1, 1981, and before August 1, 1985, and subject to transition under subsection (7) of this section, shall be subject to depreciation under Section 167 of the Internal Revenue Code, restricted to the straight line method therein provided over the remaining useful life of such assets.

(7) Transition from Section 168 of the Internal Revenue Code, Accelerated Cost Recovery System (ACRS) depreciation, to the depreciation allowed or allowable under this section shall be reported in the first taxable year beginning on or after August 1, 1985. (b) Corporations shall adjust the federal unadjusted basis by increasing such basis by the ACRS depreciation not allowed as a deduction in determining Kentucky net income for tax years beginning after June 30, 1984, less allowed or allowable ACRS depreciation for federal income tax purposes. Corporations will not be permitted to adjust the basis by the ACRS depreciation not allowed for Kentucky income tax purposes in tax years beginning on or before June 30, 1984.

(8) A taxpayer may elect to treat the cost of property placed in service on or before July 31, 1985, as an expense as provided in Section 179 of the Internal Revenue Code in effect on December 31, 1981, except that the aggregate cost which may be expensed for corporations shall not exceed five thousand dollars ($5,000). A taxpayer may elect to treat the cost of property placed in service on or after August 1, 1985, as an expense as provided in Section 179 of the Internal Revenue Code in effect on December 31, 1980. Computations, limitations, definitions, exceptions, and other provisions of Section 179 of the Internal Revenue Code and related regulations shall be construed to govern the computation of the allowable deduction.

(9) Upon the sale, exchange, or disposition of any depreciable property placed in service on or after January 1, 1981, capital gains or losses and the amount of ordinary income determined under the provisions of the Internal Revenue Code shall be computed for Kentucky income tax purposes as follows:

(a) Compute the Kentucky unadjusted basis which is the cost of the asset reduced by any basis adjustment made by the taxpayer under Section 48(q)(1) of the Internal Revenue Code and any expense allowed and utilized under Section 179 of the Internal Revenue Code (First Year Expense) in determining Kentucky net income in prior years, and

(b) Compute the adjusted basis by subtracting the depreciation allowed or allowable for Kentucky income tax purposes from the unadjusted basis, except corporations will not be permitted to adjust the basis of assets by the ACRS depreciation not allowed for Kentucky income tax purposes in the tax years beginning on or before June 30, 1984, and

(c) Compute the gain or loss by subtracting the adjusted basis from the value received from the disposition of the depreciable property, and

(d) Compute the recapture of depreciation required under Sections 1245 through 1256 of the Internal Revenue Code and related regulations, and

(e) Unless otherwise provided in this subsection the provisions of the Internal Revenue Code and related regulations governing the determination of capital gains or losses shall apply for Kentucky income tax purposes.

(10) Unless otherwise provided by this chapter, the basis of property placed in service prior to January 1, 1990, for purposes of Kentucky income tax shall be the basis, adjusted or unadjusted, required to be used under Section 167 of the Internal Revenue Code in effect on December 31, 1980.

(14) For taxable years beginning after December 31, 1993, the transition amount computed in accordance with the provisions of paragraph (d) of subsection (12) of this section shall be reported by the taxpayer as follows:

(a) In the first taxable year beginning after December 31, 1993 and the three (3) succeeding taxable years, if the transition amount exceeds one hundred thousand dollars ($100,000), or if the transition amount does not exceed one hundred thousand dollars ($100,000) and the taxpayer elects the provision of this paragraph with the filing of the income tax return for the first taxable year beginning after December 31, 1993, the taxpayer shall:

1. Deduct from gross income twenty-five percent (25%) of the transition amount if the adjusted Kentucky

basis of transition property exceeds the adjusted federal basis of transition property; or

2. Add to gross income twenty-five percent (25%) of the transition amount if the adjusted federal basis of transition property exceeds the adjusted Kentucky basis of transition property.

1. Deduct from gross income the total transition amount if the adjusted Kentucky basis of transition property exceeds the adjusted federal basis of transition property; or

2. Add to gross income the total transition amount if the adjusted federal basis of transition property exceeds the adjusted Kentucky basis of transition property.

(15) Notwithstanding the provisions of subsections (13) and (14), in no case shall the accumulated depreciation and election to expense deductions and the transition amount exceed the original cost of the property.

(4) After a motor vehicle has been initially placed in the system of year-round registration, the owner shall renew the registration annually during the owner's birth month, by making application to the county clerk and paying the fee required for twelve (12) consecutive months of registration, which shall take effect on the first day of the month succeeding the owner's birth month and shall expire on the last day of the owner's next birth month. Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 439.265 is amended to read as follows:

(1) Subject to the provisions of KRS Chapter 439 and Chapters 500 to 534, any Circuit Court may, upon motion of the defendant made not earlier than thirty (30) days nor later than one hundred eighty (180) days after the defendant has been incarcerated in a county jail following his conviction and sentencing pending delivery to the institution to which he has been sentenced, or delivered to the keeper of the institution to which he has been sentenced, suspend the further execution of the sentence and place the defendant on probation upon terms the court determines. Time spent on any form of release following conviction shall not count toward time required under this section.

(2) The court shall consider any motion filed in accordance with subsection (1) of this section within sixty (60) days of the filing date of that motion, and shall enter its ruling within ten (10) days after considering the motion. The defendant may, in the discretion of the trial court, have the right to a hearing on any motion he may file, or have filed for him, that would suspend further execution of sentence. Any court order granting or denying a motion to suspend further execution of sentence is not reviewable.

(3) (a) During the period in which the defendant may file a motion pursuant to this statute, the sentencing judge, within his or her discretion, may order that the defendant be held in a local detention facility that is not at or above

maximum capacity until such time as the court rules on said motion. During this period of detention, and prior to the court's ruling on said motion, the court may require the defendant to participate in any approved community work program or other forms of work release. Persons held in the county jail pursuant to this subsection shall not be subject to transfer to a state correctional facility until the decision is made not to place the petitioner on shock probation.

(b) The provisions concerning community work programs or other forms of work release shall apply only to persons convicted of Class C or Class D felonies, and may be granted only after a hearing at which the Commonwealth's attorney has the opportunity to present arguments in favor or opposition thereto.

The evaluation shall provide to the court a recommendation related to the risk of a repeat offense by the defendant and the defendant's amenability to treatment, and shall be considered by the court in determining whether to suspend the sentence. If the court suspends the sentence and places the defendant on probation, the provisions of subsections (3) to (7) of Section 3 of this Act shall apply.

(6) The authority granted in this section shall be exercised by the judge who imposed sentence on the defendant, unless he is unable to act and it appears that his inability to act should continue beyond the expiration of the term of the court. In such case, the judge who imposed sentence shall assign a judge to dispose of a motion filed under this section, or as prescribed by the rules and practices concerning the responsibility for disposition of criminal matters.

Section 1. KRS 439.265 is amended to read as follows:

(1) Subject to the provisions of KRS Chapter 439 and Chapters 500 to 534, any Circuit Court may, upon motion of the defendant made not earlier than thirty (30) days nor later than one hundred eighty (180) days after the defendant has been incarcerated in a county jail following his conviction and sentencing pending delivery to the institution to which he has been sentenced, or delivered to the keeper of the institution to which he has been sentenced, suspend the further execution of the sentence and place the defendant on probation upon terms the court determines. Time spent on any form of release following conviction shall not count toward time required under this section.

(2) The court shall consider any motion filed in accordance with subsection (1) of this section within sixty (60) days of the filing date of that motion, and shall enter its ruling within ten (10) days after considering the motion. The defendant may, in the discretion of the trial court, have the right to a hearing on any motion he may file, or have filed for him, that would suspend further execution of sentence. Any court order granting or denying a motion to suspend further execution of sentence is not reviewable.

(3) (a) During the period in which the defendant may file a motion pursuant to this statute, the sentencing judge, within his or her discretion, may order that the defendant be held in a local detention facility that is not at or above maximum capacity until such time as the court rules on said motion. During this period of detention, and prior to the court's ruling on said motion, the court may require the defendant to participate in any approved community work program or other forms of work release. Persons held in the county jail pursuant to this subsection shall not be subject to transfer to a state correctional facility until the decision is made not to place the petitioner on shock probation.

(b) The provisions concerning community work programs or other forms of work release shall apply only to persons convicted of Class C or Class D felonies, and may be granted only after a hearing at which the Commonwealth's attorney has the opportunity to present arguments in favor or opposition thereto.

(4) ***If the defendant has been convicted of an offense under KRS 510.040, KRS 510.050, KRS 510.070, KRS 510.080, KRS 530.020, KRS 530.064, or KRS 531.310, or criminal attempt to commit any of these offenses under KRS***

506.010, the sentence shall not be suspended, in accordance with KRS 532.045.

(5) If the defendant has been convicted of an offense under KRS 510.060, KRS 510.090, or KRS 510.110, prior to considering the motion to suspend a sentence, the court shall order an evaluation of the defendant to be conducted by the sex offender treatment program operated or approved by the Department of Corrections or the Department for Mental Health and Mental Retardation Services. The evaluation shall provide to the court a recommendation related to the risk of a repeat offense by the defendant and the defendant's amenability to treatment, and shall be considered by the court in determining whether to suspend the sentence. If the court suspends the sentence and places the defendant on probation, the provisions of subsections (3) to (7) of Section 3 of this Act shall apply.

Any court order granting or denying a motion to suspend further execution of sentence is not reviewable.

(3) The authority granted in this section shall be exercised by the judge who imposed sentence on the defendant, unless he is unable to act and it appears that his inability to act should continue beyond the expiration of the term of the court. In ***this*** [~~such~~] case, the judge who imposed sentence shall assign a judge to dispose of a motion filed under this section, or as prescribed by the rules and practices concerning the responsibility for disposition of criminal matters.

(4) If the defendant has been convicted of a misdemeanor offense under KRS Chapter 510, or criminal attempt to commit any of these offenses under KRS 506.010, prior to considering the motion to suspend the sentence, the court shall order an evaluation of the defendant to be conducted by the sex offender treatment program operated or approved by the Department of Corrections or the Department for Mental Health and Mental Retardation Services.
